SUTTA COMPANY INCORPORATED
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE A – DESCRIPTION OF PLAN

The Sutta Company Incorporated 401(k) Profit Sharing Plan (the "Plan") is a defined contribution, multi-employer plan established on January 1, 1994 by the Sutta Company, Inc. (the "Company"), based on the prototype defined contribution retirement plan of ADP Retirement Services, and Paychex Retirement Services.

On October 1, 2010, the Plan's administrator changed the record keeper from Paychex Retirement Services ("Paychex") to ADP Retirement Services ("ADP"). The plan also changed the Trustee from Mid Atlantic Trust Company ("Mid Atlantic") to State Street Corporation ("State Street"). Mid Atlantic held the Plan's investment assets and executed investment transactions from January 1, 2009 through September 30, 2010, at which time the investments at Mid Atlantic were liquidated and reinvested in investments held by State Street.

Employees of the following companies are eligible to participate in the plan:

The Sutta Company, Inc.	Cencal Recycling, LLC
Rincon Recycling, Inc.	American Shredding, Inc.
High Desert Recycling, Inc.	

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of termination, disability, financial hardship, or death. The Plan covers all employees of the Company and its affiliates who meet certain eligibility requirements. Employees who have completed three consecutive months of service and are age twenty-one or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan.

NOTE A – DESCRIPTION OF PLAN, (continued)

Contributions

Participants may contribute a minimum of 1% and a maximum of 75% of their annual pretax compensation, as defined in the Plan, not to exceed the maximum allowable amounts under the Internal Revenue Code. Participants who are at least age 50 may make additional "catch-up" contributions as defined under the Internal Revenue Code. The Plan does not provide employer matching contributions. However, the Company may make a discretionary profit sharing contribution at the option of the Officer.

For the years ended December 31, 2010 and 2009, there were no profit sharing contributions to the Plan.

Rollover Contributions

The Plan accepts rollover contributions from retirement funds held by participants outside of this Plan, subject to Plan provisions.

Investment Options

The Plan provides for participant-directed investment programs whereby the Plan determines which investment options are available and the participants may choose among the available options. Participants may have their accounts invested in any or a combination of registered investment companies accounts. Participants may change their investment options at any time by reallocating contributions among different investment alternatives. Participants may also transfer contributions into and out of investments provided under the Plan, subject to possible restrictions.

Participant Accounts

Each participant's account is self-directed and is credited with the participant's contributions (including elective deferrals, catch up contributions, after-tax contributions and/or rollover contributions), the Company's contributions, share of any investment earnings, and increases in the value of investments. Participant accounts are also debited with any withdrawals or distributions, investment losses, decreases in values of investments, and share of fees and expenses, as applicable. Allocations are based on participant earnings or account balances, as defined pursuant to the Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN, (continued)

Administrative Expenses

Administrative costs, except for certain investment fees and loans fees that are paid out of the related participant accounts, are paid by the Company and have not been included in the accompanying financial statements.

Payment of Benefits

Benefits may be paid from participant accounts at age 59 1/2, or upon disability, termination of employment, death, or upon the Plan's termination. Participants age 70 1/2 and over are required by the IRS to make certain required minimum distributions. If a participant's account is valued at $5,000 or less upon termination of employment, the Company may liquidate the value of the account and distribute the funds to the former participant. The taxable portion of a withdrawal is subject to federal and state income taxes and an additional tax if the participant has not reached retirement age, unless the amount is rolled over into another eligible plan or an Individual Retirement Account.

Eligible participants may request an in-service hardship distribution of elective deferrals and vested employer contributions, subject to the Plan's provisions.

Notes Receivable From Participants

The Plan allows active participants to borrow from their vested account balances. As of December 31, 2010, the minimum loan amount is $500, and prior to October 1, 2010, the minimum loan amount was $1,000. Participant loans are limited to the lesser of 50% of their vested account balance or $50,000 less the highest outstanding loan balance in the prior twelve-month period. Participants are permitted to have only one outstanding loan at any time and the loan must be repaid within a five-year period, unless the loan is for the acquisition of a primary residence. All loans shall be considered investments of the trust and shall be evidenced by a promissory note signed by the participant. Loans are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest payments are made through payroll deductions.

NOTE A – DESCRIPTION OF PLAN, (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings on elective deferral contributions. All contributions are 100% vested upon attaining normal retirement age, death or disability. Employer contributions not already fully vested when made (i.e., Safe Harbor matching) are subject to the following vesting schedule:

Years of Service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeitures attributable to profit sharing contributions not used to pay administrative expenses will be reallocated to participants in the current or next succeeding Plan year. As of December 31, 2010 and 2009, forfeited non-vested accounts totaled $485 and $0, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and in the disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Money market funds, and interest-bearing cash are reported at fair value, which equals cost. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Quoted market prices are used to value investments when available. Investments in the common/collective trust are stated at fair value as determined periodically by the trustee, based on the current market values of the underlying assets of the fund. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of investments are recorded on a trade date basis. Interest and dividend income is recorded when earned. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Employee contributions are recorded in the period that the Company makes payroll deductions from the participant's earnings. The Plan does not provide employer matching contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan documents.

NOTE C – INVESTMENTS

All of the investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at year-end, net appreciation and depreciation in fair value of investments, interest, and dividend income for the year then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees.

	2010	2009
Mutual funds	$ 123,881	$ 183,415
Common/collective trust	3,047	-
Net appreciation	$ 126,928	$ 183,415

NOTE D – FAIR VALUE MEASUREMENTS

Fair Value Measurements, as stated by the Financial Accounting Standards Board, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE D – FAIR VALUE MEASUREMENTS, (continued)

Level 2 Inputs to the valuation methodology include a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/collective trusts: Valued at fair value based upon the current market value of the underlying investments.

Money market account: Valued at the estimated fair value, which equals cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS, (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,106,574	$ -	$ -	$ 1,106,574
Common/collective trust	-	539,946	-	539,946
Total assets at fair value	$ 1,106,547	$ 539,946	$	$ 1,646,520

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 859,653	$ -	$ -	$ 859,653
Money market account	531,161	-	-	531,161
Total assets at fair value	$ 1,390,814	$ -	$ -	$ 1,390,814

NOTE E – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined as of March 31, 2008, the ADP Retirement Services Proto-type Standardized Profit Sharing Plan with CODA was designed in accordance with applicable sections of the Internal Revenue Code (IRC). As of November 26, 2001, the Paychex Retirement Services Proto-type Defined Contribution Retirement Plan, was designed in accordance with applicable sections of the IRC. The ADP Proto-type Plan was adopted by the Company on September 27, 2010. The Paychex Proto-type Plan was adopted on November 20, 2005. The Plan Administrator is not aware of any course of action or series of events that have occurred that might affect the Plan's tax exempt status, and therefore, believes that the Plan and the related trust are tax-exempt.

NOTE F – PRIORITIES UPON PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to amend the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances as of the date of termination.

NOTE G – RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities that are exposed to various risks such as interest rate, credit risks, and overall market volatility. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

That amount is also included in the Plan's statement of net assets available as excess contributions payable as of December 31, 2009.

NOTE J – SUBSEQUENT EVENTS
