Sam Leman I, LLC. Salary Deferral 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2010 and 2009

NOTE A – DESCRIPTION OF PLAN

The following description of the Sam Leman I, LLC NADART Salary Deferral 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Sam Leman I, LLC NADART Salary Deferral 401(k) Plan was established to provide retirement benefits for employees of Sam Leman I, LLC (the Company). Employees become eligible to participate in the Plan following 12 months of service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions consist of pre-tax elective deferrals. Participants may contribute pre-tax elective deferrals up to the dollar limitation contained in section 402(g) of the Internal Revenue Code in effect at the beginning of the year. Employer contributions include matching contributions, discretionary contributions and discretionary matching contributions. Contributions are subject to certain limitations.

Effective July 1, 2010, the Company reinstated the matching company contributions equal to 50% of the first 4% of compensation that a participant contributes.

Employer discretionary contributions are allocated to participants employed on the last day of the Plan year. The allocation is based on a ratio of each participant's compensation to all participants' compensation as described in the Plan Agreement. Employer discretionary matching contributions made to the Plan are allocated as of the last day of the Plan year to the account of each participant who elects to have deferred cash contributions made under the Plan, and who is employed with the employer on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions and an allocation of the Plan's earnings, and charged with an allocation of investment expenses. The Plan's earnings and investment expenses are allocated according to participants' relative account balances in the investment options. Certain participant fees, if applicable, are also charged to participant accounts.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments, or elected to defer receipt of their benefit to a later date (Installment/Deferred). These participants share in the earnings of the investments.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. That portion of the participant's account attributable to employer matching contributions and employer discretionary contributions is fully vested after completion of six years of service. Vesting is accrued as outlined in the Plan Agreement. Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement, or in the event of death or total disability.

Participant Loans

Participant loans are not permitted by the Plan at this time.

Payment of Benefits

Benefits are recorded when paid. Amounts credited to an individual participant's account are distributed at termination of employment as a lump-sum, in installments, or, if qualified, as an annuity. Distributions may be deferred until the participant reaches the age of 70 ½ if the value of the distribution is not less than $5,000. However, the Plan Agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to pre-tax elective deferrals and may not include any earnings thereon.

Forfeited Accounts

At December 31, 2010 and 2009 forfeited nonvested accounts totaled $464 and $3,348, respectively. Effective July 1, 2010, the plan was amended to have forfeitures used to off-set matching contributions. Prior to July 1, 2010, the Plan's forfeitures were used to off-set administrative expenses. In 2010, $3,923 was used to pay administrative expenses and no monies were used to reduce employer contributions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Plan Expenses and Administration

Investment management fees are charged to participants based on their investment elections. All bank common/collective trusts return to NADART approximately 45 basis points, (35 basis points prior to June 1, 2009), for recordkeeping services, which accumulated to $11,297,093 for all NADART plans in 2010. Participants that use the Vanguard Growth Index Fund and/or the Longleaf Partners Fund are charged 45 basis points through September 30, 2010, against their account for that fund. These charges are credited to NADART for recordkeeping services, which accumulated to $156,423 in 2010 for the holdings in these funds for all NADART plans.

Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Companies.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Certain 2009 balances have been reclassified to conform with the 2010 presentation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimate and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Participants may invest their contributions and any Company contributions in any of 27 mutual funds and bank common/collective trusts, (CCT). On October 1, 2010, the assets of the Longleaf Partners Fund and the Vanguard Growth Index Fund were transferred to institutional share accounts. The fund names remain the same but the accounts are managed as common/collective trusts. The Plan's investments in mutual funds are stated at fair market value, based upon quoted market prices

The common/collective trusts are valued using the net asset value (NAV) provided by Cardinal Bank, the Trustee of the Plan. The NAV for most CCTs is quoted on a private market that is not active; however, the unit price is based on quoted market prices of the underlying investments which are traded on an active market.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The Income fund is the only CCT that contains synthetic guaranteed investment contracts (GIC). The fair value of a synthetic GIC is calculated by valuing each component of the structure separately. The fixed income securities component in the underlying account are valued at quoted market prices. The value of the wrapper contract component is determined by the issuer using a standard discounted replacement cost methodology, using the duration and period end yields of the issuer's comparable sector credit curve as valuation inputs.

In 2009, the Plan received a rebate of Plan fee's previously charged against investment income. The Trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009, all of the investment activity reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010, and all investment information in the supplemental schedule which is summarized as follows:

	2010	2009
Investments, at fair value	$ 6,162,163	$ 5,620,364
Adjustments to contract value for Income Fund	(143,054)	(73,343)
Interest and dividends	362	324
Net appreciation/depreciation in fair value of investments	493,708	572,026

Net Appreciation

For the year ended December 31, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Fair value as determined by quoted market prices, or by the Trustee:	
Common/collective trusts	$ 489,627
Mutual funds	4,081
Net appreciation in fair value of investments	$ 493,708

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Significant Investments

The following investments represented more than 5% of the Plan's net assets as of December 31, 2010 and 2009:

	2010	2009
Income Fund at contract value	$ 2,119,607	$ 2,965,727
NADART Fund	1,373,280	1,187,768
PIMCO Total Return Fund	593,980	-
PIMCO All Asset Fund	358,753	-

Adjustment to Contract Value for Income Fund

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Income Fund investment held by the Plan contains underlying investment contracts that are subject to the requirements of FSP. As required by the FSP, the Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009 present the fair value of the Income Fund as well as the adjustment of the Income Fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards No. 157 (SFAS 157), (currently known as ASC 820), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under SFAS 157, (ASC 820), are described below:

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The fair value of assets as of December 31, 2010 is as follows:

	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total
Common/collective trusts

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Total	$ 108,415	$ 5,511,949	$ 5,620,364

NOTE D – PLAN AMENDMENTS

Effective July 1, 2010 the Plan was amended to implement the Company's matching contributions equal to 50% of the first 4% of compensation that a participant contributes. In addition, the Plan was amended to provide that forfeitures will be used to offset employer matching contributions. Effective July 1, 2010, the plan was amended to have forfeitures used to off-set matching contributions.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the respective participant's interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the Plan Agreement.

NOTE F – TAX STATUS

The NADART master prototype documents were amended to comply with the statutory requirements of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) of 2001 and received favorable opinion letters from the Internal Revenue Service on March 31, 2008. The Plan Agreement has been restated to reflect the EGTRRA plan changes. The Plan's restated adoption agreement is effective December 31, 2008. In accordance with Revenue Procedure 2002-6, the Plan Administrator has chosen to rely on the current opinion letter that has been issued to the prototype. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE G – EXCESS CONTRIBUTIONS

NADART distributes excess contributions in accordance with IRS Code 401(m) and 401(k).

NOTE H – INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the trustee, Cardinal Bank, has certified that the following data included in the accompanying statements and supplemental schedules is complete and accurate.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated the subsequent events for disclosure in these financial statements through October 11, 2011, which is the date the financial statements are available to be issued. Effective April 1, 2011, the Plan implemented Roth Contributions.

The Sam Leman I, LLC NADART Salary Deferral 401(k) Plan was established to provide retirement benefits for employees of Sam Leman I, LLC (the Company). Employees become eligible to participate in the Plan following 12 months of service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions consist of pre-tax elective deferrals. Participants may contribute pre-tax elective deferrals up to the dollar limitation contained in section 402(g) of the Internal Revenue Code in effect at the beginning of the year. Employer contributions include matching contributions, discretionary contributions and discretionary matching contributions. Contributions are subject to certain limitations.

Effective July 1, 2010, the Company reinstated the matching company contributions equal to 50% of the first 4% of compensation that a participant contributes.

Employer discretionary contributions are allocated to participants employed on the last day of the Plan year. The allocation is based on a ratio of each participant's compensation to all participants' compensation as described in the Plan Agreement. Employer discretionary matching contributions made to the Plan are allocated as of the last day of the Plan year to the account of each participant who elects to have deferred cash contributions made under the Plan, and who is employed with the employer on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions and an allocation of the Plan's earnings, and charged with an allocation of investment expenses. The Plan's earnings and investment expenses are allocated according to participants' relative account balances in the investment options. Certain participant fees, if applicable, are also charged to participant accounts.

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments, or elected to defer receipt of their benefit to a later date (Installment/Deferred). These participants share in the earnings of the investments.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. That portion of the participant's account attributable to employer matching contributions and employer discretionary contributions is fully vested after completion of six years of service. Vesting is accrued as outlined in the Plan Agreement. Participants' accounts become fully vested upon attainment of the normal retirement age of 65, early retirement as defined in the Plan Agreement, or in the event of death or total disability.

Participant Loans

Participant loans are not permitted by the Plan at this time.

Payment of Benefits

Benefits are recorded when paid. Amounts credited to an individual participant's account are distributed at termination of employment as a lump-sum, in installments, or, if qualified, as an annuity. Distributions may be deferred until the participant reaches the age of 70 ½ if the value of the distribution is not less than $5,000. However, the Plan Agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½.

In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to pre-tax elective deferrals and may not include any earnings thereon.

Forfeited Accounts

At December 31, 2010 and 2009 forfeited nonvested accounts totaled $464 and $3,348, respectively. Effective July 1, 2010, the plan was amended to have forfeitures used to off-set matching contributions. Prior to July 1, 2010, the Plan's forfeitures were used to off-set administrative expenses. In 2010, $3,923 was used to pay administrative expenses and no monies were used to reduce employer contributions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Plan Expenses and Administration

Investment management fees are charged to participants based on their investment elections. All bank common/collective trusts return to NADART approximately 45 basis points, (35 basis points prior to June 1, 2009), for recordkeeping services, which accumulated to $11,297,093 for all NADART plans in 2010. Participants that use the Vanguard Growth Index Fund and/or the Longleaf Partners Fund are charged 45 basis points through September 30, 2010, against their account for that fund. These charges are credited to NADART for recordkeeping services, which accumulated to $156,423 in 2010 for the holdings in these funds for all NADART plans.

Certain administrative fees including a base rate per plan, a charge per participant, service fees, and audit fees are paid by the Companies.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Certain 2009 balances have been reclassified to conform with the 2010 presentation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimate and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Participants may invest their contributions and any Company contributions in any of 27 mutual funds and bank common/collective trusts, (CCT). On October 1, 2010, the assets of the Longleaf Partners Fund and the Vanguard Growth Index Fund were transferred to institutional share accounts. The fund names remain the same but the accounts are managed as common/collective trusts. The Plan's investments in mutual funds are stated at fair market value, based upon quoted market prices

The common/collective trusts are valued using the net asset value (NAV) provided by Cardinal Bank, the Trustee of the Plan. The NAV for most CCTs is quoted on a private market that is not active; however, the unit price is based on quoted market prices of the underlying investments which are traded on an active market.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The Income fund is the only CCT that contains synthetic guaranteed investment contracts (GIC). The fair value of a synthetic GIC is calculated by valuing each component of the structure separately. The fixed income securities component in the underlying account are valued at quoted market prices. The value of the wrapper contract component is determined by the issuer using a standard discounted replacement cost methodology, using the duration and period end yields of the issuer's comparable sector credit curve as valuation inputs.

In 2009, the Plan received a rebate of Plan fee's previously charged against investment income. The Trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009, all of the investment activity reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010, and all investment information in the supplemental schedule which is summarized as follows:

	2010	2009
Investments, at fair value	$ 6,162,163	$ 5,620,364
Adjustments to contract value for Income Fund	(143,054)	(73,343)
Interest and dividends	362	324
Net appreciation/depreciation in fair value of investments	493,708	572,026

Net Appreciation

For the year ended December 31, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Fair value as determined by quoted market prices, or by the Trustee:	
Common/collective trusts	$ 489,627
Mutual funds	4,081
Net appreciation in fair value of investments	$ 493,708

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Significant Investments

The following investments represented more than 5% of the Plan's net assets as of December 31, 2010 and 2009:

	2010	2009
Income Fund at contract value	$ 2,119,607	$ 2,965,727
NADART Fund	1,373,280	1,187,768
PIMCO Total Return Fund	593,980	-
PIMCO All Asset Fund	358,753	-

Adjustment to Contract Value for Income Fund

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Income Fund investment held by the Plan contains underlying investment contracts that are subject to the requirements of FSP. As required by the FSP, the Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009 present the fair value of the Income Fund as well as the adjustment of the Income Fund from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE C – FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards No. 157 (SFAS 157), (currently known as ASC 820), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under SFAS 157, (ASC 820), are described below:

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The fair value of assets as of December 31, 2010 is as follows:

	Fair Value Measurements Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Total

NOTE D – PLAN AMENDMENTS

Effective July 1, 2010 the Plan was amended to implement the Company's matching contributions equal to 50% of the first 4% of compensation that a participant contributes. In addition, the Plan was amended to provide that forfeitures will be used to offset employer matching contributions. Effective July 1, 2010, the plan was amended to have forfeitures used to off-set matching contributions.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the respective participant's interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the Plan Agreement.

NOTE F – TAX STATUS

The NADART master prototype documents were amended to comply with the statutory requirements of the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) of 2001 and received favorable opinion letters from the Internal Revenue Service on March 31, 2008. The Plan Agreement has been restated to reflect the EGTRRA plan changes. The Plan's restated adoption agreement is effective December 31, 2008. In accordance with Revenue Procedure 2002-6, the Plan Administrator has chosen to rely on the current opinion letter that has been issued to the prototype. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE G – EXCESS CONTRIBUTIONS

NADART distributes excess contributions in accordance with IRS Code 401(m) and 401(k).

NOTE H – INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the trustee, Cardinal Bank, has certified that the following data included in the accompanying statements and supplemental schedules is complete and accurate.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated the subsequent events for disclosure in these financial statements through October 11, 2011, which is the date the financial statements are available to be issued. Effective April 1, 2011, the Plan implemented Roth Contributions.
