Report of Independent Auditors

To the Participants and Administrator of the
Pacific Southwest Container, LLC
Pre-tax Savings & Protection Plan

We were engaged to audit the financial statements and supplemental schedule of Pacific Southwest Container, LLC Pre-tax Savings & Protection Plan (the "Plan") at December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of Texas, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Plan Description

The following description of the Pacific Southwest Container, LLC Pre-tax Savings & Protection Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Pacific Southwest Container, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Bank of Texas N.A. ("Bank of Texas" or the "Trustee") is the trustee, custodian and recordkeeper of the Plan's assets.

Plan Administrator

The Company is the administrator of the Plan. Among the responsibilities of the Company as administrator are to calculate employer contributions, to determine financial hardship for participant withdrawals and to make such rules and regulations as it may deem necessary to carry out the provisions of the Plan.

Eligibility

All employees, other than leased and reclassified employees not designated as eligible per the Plan, who have completed three months of service and have attained the age of 18, are eligible to contribute and receive Company matching contributions immediately following the date they meet the specified criteria.

Contributions

Each year, participants may elect to contribute from their eligible pretax annual compensation, as defined by the Plan, subject to annual individual deferral limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company matches participant contributions based on a discretionary formula. For the year ended December 31, 2010, the Company matched 100% of the first 1% of each participant's contribution and matched 20% of each participant's remaining contribution. The Company also has the discretion to contribute additional funds to the Plan at the Company's sole discretion. No such discretionary contributions were made in the year ended December 31, 2010. Each participant is excluded from making any contributions for six months if a hardship withdrawal is taken.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 23 mutual funds as investment options for the participants. Participants may also elect to invest in self-directed accounts which may be invested in any investment of their choosing. Participants may change their investment allocation at any time.

Effective August 1, 2008, the Plan was modified to provide for automatic enrollment of new eligible employees with a salary deferral of 3%, which may be modified by the participant at any time. Effective May 28, 2010, the Plan was modified to provide for automatic enrollment of all eligible employees with a salary deferral of 3%, which may be modified by the participant at any time. If the participant does not direct the investment direction of their accounts, there are default investment options specified by the Plan.

Participant Accounts
Each participant's account is credited with the participant's contributions, rollover contributions, the Company's matching contributions, an allocation of Plan earnings and an allocation of certain Plan expenses, as defined by the Plan. The yield (interest, dividends and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions and in the Company's matching contribution, plus actual earnings thereon; therefore, the Plan does not have any forfeitures related to vesting.

Notes receivable from participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their account balance, with interest charged at the prevailing prime rate plus 1%, determined at the time the loan is made to the participant. Principal and interest is paid in equal biweekly installments and loan periods range from one to five years, except for loans for the purchase of a primary residence, which may extend up to fifteen years.

Payment of Benefits
Participants may begin receiving benefits in the year following attainment of age 59½. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants qualifying under "hardship" rules may elect to receive all or a portion of their vested account balance prior to termination or retirement. Refunds of excess contributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules (Note 8).

2. Significant Accounting Policies Summary

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments in mutual funds are stated at fair value, based on quoted market prices. The self-directed accounts allow participants to invest in investment holdings of their choice. Investments held in self-directed accounts include investments in common stock, which are stated at fair value based on quoted market prices; an investment in 1020 Tenth, LLC (a real estate "Limited Partnership"), which is stated at estimated fair value based on an annual valuation performed by a

third party; and a life insurance policy, which is stated at the cash surrender value of the policy; a money market mutual fund, which is valued at the net asset value of shares held by the Plan at year end, based on quoted market prices.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets the net appreciation in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Payments of Benefits
Benefits to participants are recorded when paid.

Notes Receivable From Participants
Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest as of December 31, 2010. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses
The Company pays all administrative expenses for participants employed by the Company. Terminated participants will continue to pay a portion of the expenses equal to the pro-rata asset-based fee and the per-participant fees charged by the Trustee.

Income Taxes
Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Reclassifications
Certain prior year balances have been reclassified to conform to current year presentations. Such reclassification had no impact on the Plan's net asset available for benefits.

Recent Accounting Pronouncements
In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which is retrospectively effective for plan years ending after December 15, 2010. The standard requires that participant loans be classified as notes receivable and measured at unpaid principal balance plus accrued but unpaid interest in the statement of net assets available for benefits. The prior year balances have been reclassified to conform with current year presentations. The adoption of this standard did not have an impact on the Plan's net assets available for benefits or changes thereon.

In January 2010, the FASB issued Accounting Standards Update, *Improving Disclosures about Fair Value Measurements,* effective for reporting periods beginning after December 15, 2009. The

standard requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 and provides a clarification regarding the level of disaggregation of fair value disclosures by investment class. Further, additional disclosures are required regarding the reconciliation of Level 3 fair value measurements, where information about purchases, sales, issuances and settlements should be presented separately for reporting periods beginning after December 15, 2010. The adoption of this standard had no impact on the Plan's net assets available for benefits or changes thereon.

In May 2011, the FASB issued *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS.* The standard revises guidance for fair value measurement and expands the disclosure requirements. It is effective for fiscal years beginning after December 15, 2011. The adoption of this standard and its impact on the Plan's net assets available for benefits or changes thereon is currently being evaluated.

3. Financial Data Certified by Trustee (Unaudited)

The financial statements and supplemental schedule were prepared from financial data certified by the Bank of Texas, N.A. (the "Trustee") as of December 31, 2010 and 2009, and for the year ended December 31, 2010. The Trustee held all investments and notes receivable from participants and executed all investment and notes receivable transactions on behalf of the Plan. Information regarding all investments, notes receivable from participants, net appreciation (depreciation) in fair value of investments, interest, dividends and information in the supplemental schedule has been certified by the Trustee as being complete and accurate within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified by the Trustee did not include the fair value of the limited partnership at December 31, 2010 and 2009 ($185,000 and $213,000, respectively) related net depreciation in fair value during the year ended December 31, 2010 ($24,867).

4. Fair Value Measurements

Fair value is defined by the U.S. GAAP standard, *Fair Value Measurements*, as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The hierarchy for this standard requires an entity to maximize the use of the observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of the hierarchy are as follows:

Level 1 Quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 Quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's investments are classified within Level 1, Level 2 or Level 3. There were no transfers out of level 2 or 3 during the year ended December 31, 2010 The fair values of these financial instruments were determined using the following inputs at December 31, 2010:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market mutual fund	$ 761,131	$ 761,131	$ -	$ -

The table below sets forth a summary of changes in the fair value of the Plan's level 3 asset (limited partnership investment) for the year ended December 31, 2010:

Balance, beginning of year	$ 213,000
Purchases, sales, issuances and settlements, net	(3,133)
Unrealized loss on investments held	(24,867)
Balance, end of year	$ 185,000

5. Investments

The following presents investments that represent five percent or more of the net assets available for benefits at December 31:

	2010	2009
Investment in mutual funds		
Dodge & Cox International Stock Fund	$ 1,811,395	*
Vanguard Target Retirement 2020 Fund	1,339,824	*
Vanguard Target Retirement 2025 Fund	1,216,562	*

MFS Value Fund	938,557	905,929
AllianceBernstein Balanced Shares Fund-Advisor Class	*	2,622,449
AllianceBernstein Global Value Fund	*	1,820,621

* This investment did not represent 5% or more of net assets available for benefits in the respective year

For the year ended December 31, 2010, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $1,636,190 as follows:

Mutual funds	$ 1,673,703
Self-directed accounts	
Common stock and other	(12,646)
1020 Tenth, LLC (limited partnership)	(24,867)
	$ 1,636,190

6. Tax Status

The Plan has adopted the Bank of Oklahoma, N.A. (a related party to the Trustee) prototype plan agreement, which received a favorable determination dated March 31, 2008, from the Internal Revenue Service ("IRS") as to the qualification of the prototype plan agreement and exemption from tax under the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's counsel believe the Plan is currently designed and operated in compliance with applicable requirements of the IRC. Accordingly, no provision has been made for federal or state income taxes.

7. Risks and Uncertainties

The Plan provides for investment options in self-directed accounts and in various mutual funds, which hold any combination of stocks, bonds, fixed income, and other investment securities. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. In addition, nonmarketable investments like the Plan's investment in a private real estate limited partnership also have risk related to lack of liquidity. Due to the uncertainty related to changes in these factors, it is at least reasonably possible that changes in the value of investments in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Excess Contributions Refundable

The Plan failed the discrimination test under ERISA for the years ended December 31, 2010 and 2009. Excess contributions amounting to $34,798 and $33,861 are recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2010 and 2009, respectively, and as a reduction of participant-directed contributions for the year ended December 31, 2010. In March 2011 and 2010, the Plan refunded those designated highly compensated employees for their excess 2010 and 2009 contributions, respectively. Any excess Company contributions that are forfeited are used by the Company to offset the employer contributions. For the year ended December 31, 2010, forfeitures of $10,942 were used to offset employer contributions.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants would remain 100% vested in their accounts.

10. Party-in-Interest Transactions

Fees paid by the Plan to the Trustee for trust and recordkeeping services amounted to $9,316 for the year ended December 31, 2010. Such transactions are permitted under the provisions of the Plan and are exempt from prohibition of party-in-interest transactions under ERISA.

11. Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 7, 2011, the date the financial statements were available to be issued. There are no other significant events subsequent to December 31, 2010, that require disclosure.
