NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the E. Turman & Co., Inc. Profit Sharing/401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a participant directed defined contribution plan established effective January 1, 1990, for eligible employees of Turman Commercial Painters and Washington Commercial Painters (collectively, the "Company"). This Plan is available to all eligible employees of the Company who are not included in a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are eligible to participate on the enrollment date, which is defined as the earlier of the first day of the Plan year or the first day of the seventh month after the eligibility requirements are met. Employees must be 21 years of age and have at least one year of service to participate in the Plan.

Contributions

The Plan provides that participants may contribute up to 100% of their eligible compensation, subject to Internal Revenue Code ("IRC") limitations, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a matching contribution at the discretion of the Plan trustee. A participant receives a matching contribution for each pay period in which the participant makes an elective contribution, subject to Plan limits.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's contributions, net earnings from investments and changes in investment values, and administrative expenses. Allocations are based on participant earnings and account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Contributions by the Company that are forfeited by participants due to termination are used by the Company to fund future Company matching contributions.

Vesting

Participants are always fully vested in their own contributions and vest in Company contributions as follows: 20 percent after two years of credited service increasing by 20 percent for each year of service thereafter. After six years of service, participants are fully vested in Company contributions.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants may make withdrawals from the Plan upon reaching age 59½ or in certain cases of financial hardship. Additionally, participant balances are normally distributed to the participant or his or her beneficiary at the time of retirement, disability, or death. Participants may elect to receive such distributions in either a lump sum, equal installments in the form of a nontransferable annuity, or some combination of the foregoing.

Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow up to one half of the present value of the vested balance of their Plan account, up to a maximum of $50,000. Loans must be repaid over a five-year period with the exception of a loan for the participants' principal residence that may have a repayment period beyond five years. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Administrative Expenses

The Company, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing, and are charged for expenses incurred by the custodian in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Investments

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (Continued)

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments are stated at fair value, based on quoted market prices, or at contract value, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses.

As of December 31, 2010, all assets in the plan were considered to be Level 2 inputs as defined by ASC Topic 820.

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing the accompanying financial statements, management has performed an evaluation of significant events from January 1, 2011 through October 11, 2011, the date these financial statements were available for issuance.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodian as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2010 and 2009;
- Summaries of investment income and transactions for the year ended December 31, 2010.

NOTE 4: INVESTMENTS (UNAUDITED)

Investments exceeding 5% of the Plan's net assets as of December 31 include the following:

	2010	2009
Investments, at fair value		
Vanguard Moderate Growth Life Strategy II Fund	$ 551,074	$ 508,117
Advantus Money Market Fund	317,751	277,294
T. Rowe Price Small Equity Fund	219,434	138,772
S&P 500 Large Growth Equity Index Fund	156,620	127,152
S&P 500 Large Equity Index Fund	153,039	130,056
DFA International Value Fund	143,620	117,907

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participants shall become fully vested and non-forfeitable, and the plan administrator will distribute to the participants all assets remaining in the Plan as of the date of such termination, less any expenses chargeable to the Plan.

NOTE 6: TAX STATUS

Although the Company has not applied for a determination letter from the Internal Revenue Service ("IRS") as to the qualified status of the Plan, the Company has received a favorable opinion letter from the IRS dated March 31, 2008, as to the qualified status of the prototype plan from which the Plan's terms were drawn. The Company believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
