INDEPENDENT AUDITORS' REPORT

To the Trustee
GDI 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of GDI 401(k) Plan as of December 31, 2010 and 2009, and for the years then ended. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by The Hartford Life Insurance Company (Hartford), except for comparing the information with the related information included in the 2010 and 2009 financial statements and supplemental schedules. The plan administrator has informed us that Hartford holds the Plan's investment assets as of December 31, 2010 and 2009 and executed investment transactions from January 1, 2009 to December 31, 2010. The plan administrator has obtained a certification from Hartford as of and for the periods noted above that the information provided to the plan administrator by Hartford is complete and accurate.

Because of the significance of the information in the Plan's 2010 and 2009 financial statements and schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by Hartford, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GDI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A - Description of the Plan:

The following description of the GDI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all full-time employees of Glass and Door International Inc. and its subsidiaries (the Company) that have one year of service. It is subject to the provisions of the Employment Retirement Income Security Act of 1974. (ERISA)

Contributions –

Each year participants may contribute up to 15% of the annual compensation as defined by the Plan. The amount of this deferral is limited to the amount allowed by law. In 2010 and 2009, the amount was $15,500, exclusive of "catch-up" contributions for certain employees. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, the Company contributes up to 4% of each participant's salary as a matching contribution. Effective in 2008, the Plan was amended to include safe harbor matching provisions.

Participant Accounts –

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the Company's discretionary portion of their accounts (if any) plus actual earnings thereon is based on years of continuous service. The following schedule describes the participant's level of vesting after each year of service.

Number of Years of Completed Service	Percentage of Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – Description of Plan (Continued):

Investment Options –

Upon enrollment in the Plan, participants may direct the investment of their accounts among alternative investment funds provided under the Plan.

Payment of Benefits –

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or an annuity contract to provide payments over the participant's life (or with payments to the beneficiaries continuing after the participant's life). For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures –

Forfeitures arise when participants terminate employment before being fully vested in matching and discretionary Company contributions. Forfeitures are maintained in a separate account and are allocated to participants based upon eligible compensation. Forfeitures in 2010 and 2009 were $59 and $6,029, respectively.

Administrative Expenses –

The costs of administering the Plan are paid for by the Company.

NOTE B – Summary of Significant Accounting Policies:

Basis of Accounting –

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation–

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value

NOTE B – Summary of Significant Accounting Policies (Continued):

Payment of Benefits –

Benefits are recorded when paid.

NOTE C – Terminated Participants:

Account balances attributed to participants who have separated from service from the Company, but have not yet received a complete distribution, totaled $191,211 and $61,580 at December 31, 2010 and 2009, respectively. None of these participants had requested a distribution as of the balance sheet date.

NOTE D – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E – Tax Status:

The Plan is a prototype non-standardized profit sharing/401(k) plan of July Business Services. The Internal Revenue Service has determined and informed July Business Services that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F – Fidelity Bonding Requirements:

The Department of Labor (DOL Reg. 2580.412-11) requires the Plan Administrator to obtain fidelity bond coverage totaling at least $1,000 or 10% of plan assets at the beginning of the plan year not to exceed $500,000. This coverage provides protection to the Plan against loss by reason of acts of fraud or dishonesty on the part of such administrator, officer, or employee, directly or through connivance with others. The Company was in compliance with this regulation in 2010 and 2009.

NOTE G – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

The fair value of the investments which consists of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. These are Level 1 fair value measurements totaling $989,080 and $777,921 at December 31, 2010 and 2009.

The fair value of participant loans (notes receivable from participants) is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. These are Level 3 fair value measurements using significant unobservable inputs:

Beginning balance of participant loans January 1, 2010	$37,002
Purchases, sales, issuances and settlements (net)	(5,464)
Ending balance of participant loans December 31, 2010	$31,538

NOTE H – Subsequent Events:

Subsequent events were evaluated through September 29, 2011, which is the date the financial statements were available to be issued.
