INDEPENDENT AUDITORS' REPORT

To the Administrator of
Canteen Services, Inc. Retirement Savings Plan
Grand Rapids, Michigan

We were engaged to audit the financial statements and supplemental schedule of the Canteen Services, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by The Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee that the information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The accompanying financial statements and supplemental schedule for the year ended December 31, 2010, have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 1 to the financial statements, certain conditions indicate that Canteen Services, Inc. (the "Plan sponsor") may be unable to continue as a going concern. The uncertainty regarding the Plan Sponsor's ability to continue as a going concern raises substantial doubt about the Plan's continuation. Management's plans concerning these matters are also discussed in Note 1 to the financial statements. The financial statements and supplemental schedule do not include any adjustments that might result from the outcome of this uncertainty.

CANTEEN SERVICES, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. THE PLAN

The following description of the Canteen Services, Inc. Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for complete information.

General — The Plan was established January 1, 1989. The Plan is a defined contribution retirement plan established for all eligible nonunion employees and certain union employees as provided for in the collective bargaining agreement of Canteen Services, Inc. (the “Company” and “Plan Sponsor”). The Charles Schwab Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Employees are eligible to participate in the Plan as of the earlier of the next January 1, April 1, July 1, or October 1 after: (1) attaining age 21 and (2) completion of 1,000 hours of employment in the first 12 months of employment with the Company or in any Plan year beginning after the first day of employment.

Plan Sponsor — The Company is engaged in the business of operating correctional facility food and commissary services. Prior to 2009, the Company was also engaged in selling, distributing, and merchandising food, beverages, and related consumer items directly and by the use of vending machines. During the year ended December 31, 2009, the Company sold a substantial portion of its business operations and associated property and equipment used in running the business unrelated to correctional facility food services and commissary services.

Going Concern — These financial statements have been prepared on a going concern basis under the presumption that the Company and the Plan will each operate as a going concern; however, the Company’s recurring losses from operations, debt covenant violation, and shareholders’ deficiency raise substantial doubt about its’ ability to continue as a going concern, and accordingly, the Company may be unable to realize its assets and discharge its liabilities in the normal course of business. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. The Company’s management team has executed a business plan, which includes specializing its business to consist solely of correctional facility food and commissary services. The Company’s continued existence is dependent on achieving a successful business plan and ensuring its financial viability. Management believes that its bank will continue to finance the Company by extending its line of credit.

Contributions — Participants are eligible to contribute up to 90% of compensation as tax-deferred contributions, subject to certain Internal Revenue Code (IRC) limitations. The Company may contribute to the Plan on a matching basis as determined annually by the Company for certain union participants. For the year ended December 31, 2009, the Company made certain matching contributions. For the Plan year ended December 31, 2010, no matching contributions were made.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions and Company matching contributions into various mutual fund investment options offered by the Plan. The Plan currently offers six equity funds, two bond funds, a balanced fund, and a money market fund as investment options for participants.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting schedules for Company matching contributions are as follows:

Teamsters 414		Teamsters 364 and Others	
Years of Service	Vested Percentage	Years of Service	Vested Percentage
Less than 1	- %	Less than 1	- %
1 but less than 3	50	1 but less than 2	20
3 or more	100	2 but less than 3	40
		3 but less than 4	60
		4 but less than 5	80
		5 or more	100

Payment of Benefits — A participant is eligible to receive a distribution from the Plan of their total retirement savings account balance when one of the following events occurs: (1) termination of employment, (2) retirement, (3) attainment of age 59-1/2, (4) total and permanent disability, (5) death, (6) approved financial hardship, or (7) distribution pursuant to a qualified domestic relations order.

Forfeited Accounts — At December 31, 2010 and 2009, there were no forfeited nonvested employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The money market fund is stated at amortized cost which approximates fair value. Unrealized appreciation or depreciation in the current value of investments held at year-end and gain or loss on sales of investments during the year are determined using the beginning of year market value or purchase price if acquired since that date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses — Administrative expenses of the Plan are paid by the Company at the Company's option.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. Distributions are paid in a lump-sum, or alternatively can be rolled over into another qualified retirement savings plan. The participant must apply for payment from the Plan and the trustee may begin paying benefits shortly after the trust accounting has been completed for the Plan year in which employment terminates. The vested portion of a terminated or retired participant's account is distributed after the end of the Plan year in which they terminate or retire, assuming they have applied for payment from the Plan. As of December 31, 2010 and 2009, the combined account balances of participants who had elected to withdraw from the plan prior to year end, but had not yet been paid, amounted to \$103,060 and \$857,419, respectively.

New Accounting Standards Adopted — The accounting standards initially adopted in the 2010 financial statements described below affected certain note disclosures but did not impact the statements of net assets available for benefits or the statement of changes of net assets available for benefits.

ASU No. 2010-06, *Fair Value Measurements and Disclosures* — In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends ASC 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* — In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as notes receivable rather than a Plan investment and measured at unpaid principal balance plus accrued but unpaid interest rather than fair value. The adoption did not have a material effect on the Plan's financial statements.

ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS* — In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. The ASU amends ASC 820 and provides consistency between U.S. GAAP and International Financial Reporting Standards regarding the definition of fair value and results in common fair value measurements and disclosure requirements. Certain of the amendments clarify the intent about the application of existing fair value measurement requirements while other provisions change a particular principle or requirement for measuring fair value or for disclosing information about fair value

measurements. ASU 2011-04 is effective for reporting periods beginning after December 15, 2011, and the guidance must be applied prospectively. The adoption is not expected to have a material affect on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period.

A summary of the Plan's investments set forth by level within the fair value hierarchy measured at fair value on a recurring basis at December 31, 2010 and 2009, is as follows

	Fair Value Measurements at December 31, 2010, Using

For the year ended December 31, 2010, there were no significant transfers in or out of Levels 1, 2 or 3.

4. PRIORITIES UPON TERMINATION OF THE PLAN

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan. Upon complete or partial termination of the Plan, including complete discontinuance of contributions, the trust will continue to be administered as provided in the Plan's trust agreement, except that the rights of each participant affected by the termination will thereupon become fully vested.

5. INVESTMENTS AND INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)
