Hudson Products Corporation Retirement Savings Plan
Notes to the Financial Statements
December 31, 2010 and 2009

NOTE 1—DESCRIPTION OF THE PLAN

The following description of Hudson Products Corporation Retirement Savings Plan (“the Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on July 11, 2002 by the Board of Directors of Hudson Products Corporation as a defined contribution plan covering qualified employees of Hudson Products Corporation and Cofimco, USA, a wholly-owned subsidiary. Effective July 1, 2009, the Plan was amended and restated by the adoption of a Wells Fargo Bank prototype plan and Wells Fargo Bank became the new custodian of the Plan’s assets. Also, effective July 1, 2009, the assets of Smithco Engineering, Inc. 401(k) Profit Sharing Plan were merged into the Plan and the employees of Smithco Engineering, Inc. and Metal Services, Inc., affiliated companies of Hudson (collectively “the Company”), became participants in the Plan.

The assets of the Plan were managed by ING Financial Advisors, Inc. until the transfer to Wells Fargo Bank during 2009. The Company is the sponsor and administrator of the Plan.

All non-union employees who are at least eighteen years of age and who are not non-resident aliens are eligible to participate in the Plan. The Plan was both a salary deferral plan under IRS Code section 401(k) and a post tax savings plan under Section 401(m). The amended Plan discontinued the post tax contribution option. All other terms remained essentially the same in the amended Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Eligible employees may make salary deferral contributions to the Plan after reaching eighteen years of age upon being employed by the Company. Participants may elect salary deferrals up to the maximum percentage allowable, not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415. The Company may make discretionary matching or profit sharing contributions to eligible participants based on his or her compensation and elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution of pre-tax payroll deductions and allocations of (a) the Company's contributions, if any, and (b) investment income or loss, and charged with an allocation of administrative expenses. Investment income or loss allocations are based on individual participant account balances as of the end of the day in which the income or loss was earned.

Vesting

Participants are immediately 100% vested in their contributions and earnings thereon. Vesting in the participant's portion of the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. Participants are fully vested in the plan following three years of credited service, without any incremental steps in vesting. Balances transferred to the Plan by Smithco participants remain on their previous five year vesting schedule as follows: 25% after 2 years, 50% after 3 years, 75% after 4 years and fully vested after 5 years of service.

Forfeitures

Forfeited balances of terminated participants' unvested accounts are first used to reduce administrative expenses of the Plan. Any remaining forfeited balances are used to reduce future employer matching contributions.

Payment of Benefits

The Plan is intended for long-term savings but provides for early withdrawals and loan arrangements under certain conditions. Upon termination of service, a participant may elect to receive any of the optional forms of benefits available under the Plan equal to the amount of vested benefits in his or her account.

Notes Receivable from Participants

Loans may be granted to Plan participants upon approval by the administrator. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Interest on loans is allocated to the borrower's participant account.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 12, 2011, the date which the financial statements were available to be issued.

Accounting Basis

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Administrative Expenses

Administrative expenses of the Plan are allocated to participants' accounts. Loan setup fees, loan carrying fees and termination handling fees are paid by the participant from the Plan assets. The Company pays the annual audit fee and provides certain services at no cost to the Plan.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Liabilities

The Plan had excess contributions payable of \$76,066 as of December 31, 2010 to certain active participants, from contributions made in excess of the amounts allowed, to satisfy the relevant nondiscrimination provisions of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3—FEDERAL INCOME TAX STATUS

The Plan obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the form of the Wells Fargo Prototype Plan, as then designed, was acceptable under Section 401 of the IRC. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

NOTE 4—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5—RISK AND UNCERTAINTIES

The Plan provides for various investments in equity funds and other funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

NOTE 6—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Hudson Products Corporation Retirement Savings Plan
Notes to the Financial Statements
December 31, 2010 and 2009

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Investments in the Wells Fargo collective investment fund are valued at fair value based on quoted prices for similar securities.

Level 3 Fair Value Measurements

The Plan has no Level 3 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010
