The plan is a defined contribution plan covering all employees of Deep Sea Power & Light, Inc. and Seektech, Inc. who have one year of service and are eighteen years of age or older. Employees can contribute to the Plan after 90 days and can receive employer contributions after one year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. *Contributions and Forfeited Accounts*

Each year, participants can contribute up to $16,500 respectively for 2010 and 2009 of their pretax annual compensation, as defined in the Plan. Individuals over age 50 can make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds (through John Hancock Life Insurance Company (USA)) to its participants.

The Companies (sponsors) contribute at their discretion. There was no contribution for the year 2010.

Forfeitures of nonelective employer contributions are allocated back to remaining employees in a ratio of I.R.C. Section 415 wages (less bonuses, Section 125 deductions and deferred compensation to a maximum of $220,000 per participant) to the participant divided by the total of all such wages (same formula used for employer contribution). Forfeitures of matching contributions shall be used to reduce matching contributions or can be used to pay plan administrative expenses. Forfeitures which were unused at December 31, 2010 and 2009 totaled $10,049 and $5,022, respectively.

NOTE 1: DESCRIPTION OF PLAN (CONT'D)

c. *Participant Accounts*

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies contributions and (b) Plan earnings. Allocations are based on participant's earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based upon years of continuous service. Following the second year, participants are vested at 20%. Thereafter, participants continue to vest an additional 20% for each year of service until the participant is 100% vested.

e. *Payments of Benefits*

Benefits are recorded when paid.

Participants can receive their vested benefit amount at the occurrence of any of these events:

a) Normal retirement at age 65
b) age 59 1/2
c) disability
d) death (beneficiary or spouse will be entitled to 100% of the participant's account balance)
e) severance of employment
f) hardship withdrawal (per I.R.S. regulations)

f. Notes receivable from participants

Participants may borrow from their fund accounts the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1: DESCRIPTION OF PLAN (CONT'D)

g. Date of Management's Review

Subsequent events were evaluated through October 7, 2011, which is the date the financial statements were available to be issued.

h. Plan costs

The plan sponsors, Seektech, Inc. and Deep Sea Power & Light, Inc. pay substantially all administrative costs incurred. Participants pay fees for loans and withdrawals.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis.

b. *Investments*

Quoted market prices (mutual funds) are used to value investments. Participant loans are valued at outstanding balances, which included unpaid principal and unpaid interest. Also, the Plan has $59,729 and $44,271 in guaranteed interest accounts for 2010 and 2009. The Plan earned $802 and $627 in interest income on these accounts for 2010 and 2009 respectively. These guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3, 5 or 10 year term provided all contributions remain in the account until the end of guarantee period. At the end of each reporting year, a "composite" rate of interest is determined for each participant account, depending on the amounts contributed and the rate in effect on the day it is allocated under the principal account. The composite rate is the effective annual rate earned by all contributions to the guaranteed account during the reporting year for that participant. Contributions continue to earn at the calculated composite rate for the duration of the guaranteed term.

Average Annual "New Money" Rates

	2009	2010
3 Year Account	1.03%	0.44%
5 Year Account	1.66%	1.01%
10 Year Account	2.22%	1.63%

This investment device is not a fully benefit responsive contract and is subjected to market conditions if withdrawn or transferred. This investment is stated at fair value within the Plan's underlying financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

c. *Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 4: INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

NOTE 6: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

NOTE 6: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONT')

	2010	2009
Investments, at fair value		
Mutual funds	4,225,604	3,613,944
Guaranteed interest accounts	59,729	44,271
Cash and equivalents	10,049	5,022
Investment income (loss)	411,720	633,129

NOTE 7: RELATED PARTY

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (USA). They are the custodians and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 11, 2004 and for amendment(s) executed on June 17, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

On April 30, 2010 the Plan was amended and restated. Two significant changes were made to the plan: 1) The Plan now allows for participants to withdraw (in service distribution) nonelective employer contributions in which they are vested and have aged at least two years, and 2) the Plan now also allows in-service withdrawals of employee contributions at age 59 1/2. (reduced from age 65 originally).

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of stocks, bonds, and securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The guaranteed interest account with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest account is determined by crediting to the account composite interest.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009.
