INDEPENDENT AUDITORS' REPORT

To Mavis Tire Supply Corp. 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Mavis Tire Supply Corp. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of assets held as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust Company, the trustee/custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee/custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Mavis Tire Supply Corp. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents, the summary plan description and other publications previously distributed to them for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and covers all employees of Mavis Tire Supply Corp., including its wholly owned subsidiary Mavis Tire NY, Inc. (the “Sponsor”), who are age twenty-one or older and who have completed at least 1,000 hours of service during the first twelve months of employment or within any one calendar year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective January 1, 1995.

Contributions

Participant Contributions:

If participants elect, they can contribute into their account on a pretax basis no less than 1% nor more than 15% of their annual compensation subject to Internal Revenue Code (“IRC”) limitations.

Employer Contributions:

Each year, the Sponsor contributes to the Plan an amount equal to 25% of the first 4% of each participant’s pretax contributions. Additional amounts may be contributed at the discretion of the Sponsor.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant’s employer matching account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. A participant that reaches the early retirement date, as defined, becomes fully vested. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's matching contribution, and (b) the participant's share of realized and unrealized earnings (loss) on both Sponsor and employee contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contribution as well as employer contributions in investment accounts with common/collective trust funds, maintained by State Street Bank & Trust Company, and registered investment companies as identified in Note 3 to the financial statements.

Participants may change their investment options at any time.

Notes Receivable from Participants

Pursuant to the Plan document, the Plan makes loans to participants of amounts no less than \$500 that do not exceed the lesser of \$50,000 or 50% of the participant's vested individual account balance. Loan repayment terms range from one to five years, although a longer repayment period is allowed if loan proceeds are used for the purchase of a primary residence. Principal and interest are paid back to the Plan through weekly payroll deductions. At December 31, 2010 interest rates range from 5.25% to 10.25%.

Payment of Benefits

Participants must receive their benefit in the form of a lump sum payment unless elected with their spouses' consent to receive installments over a certain period of time, not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and the named beneficiary.

Active participants who have attained age 59-1/2 may withdraw any portion of their vested account from the Plan. Participants who have not attained age 59-1/2 may only withdraw a portion of their employee contributions in the case of financial hardship as defined under the Plan.

MAVIS TIRE SUPPLY CORP.
401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits (Continued)

In general, the payment of Plan benefits will be made as soon as practicable after the last day of the Plan year coinciding with the later of the date on which an employee attains retirement age or actually retires. Participants may however request the payment of benefits at any time after their termination of employment in which case payment will be made as soon as administratively feasible, provided the applicable consents are obtained.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation

Investment contracts held by a defined-contribution plan are required to be reported at fair value (Note 4). However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. The statement of net assets available for benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

During 2010 the Plan retrospectively adopted Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). This Accounting Standard Update requires that loans to the participants in an entity's defined contribution pension plan be classified as notes receivable rather than as investments. These loans are reported separately from plan investments. Net assets available for benefits of the plan were not affected by the adoption of the new guidance.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Management of Trust Fund

State Street Bank & Trust Company has agreed to maintain custody of the Plan assets in various investment accounts.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions. For the year ended December 31, 2010, employer contributions were reduced by \$7,335 from forfeited non-vested accounts. There were no forfeited non-vested accounts at December 31, 2010.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Sponsor without charge to the Plan.

MAVIS TIRE SUPPLY CORP.
401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Taxes

No provision for income taxes has been made as the Plan is qualified as a nontaxable entity under applicable sections of the Internal Revenue Code (IRC), pursuant to a determination letter from the Internal Revenue Service (IRS).

The Plan has determined that there are no uncertain tax positions which would require adjustments to or disclosure in the financial statements. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

NOTE 3 - INVESTMENTS (UNAUDITED)

State Street Bank and Trust Company, the trustee/custodian of the Plan, holds the Plan's participant notes receivable and investment assets and executes transactions thereon. Financial information relating to those assets (exclusive of adjustments to contract value relating to fully benefit responsive investment contracts) is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee/custodian. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2010 and 2009 and investment income for the year ended December 31, 2010. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS (UNAUDITED) (CONTINUED)

Investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

SSGA Stable Value Fund	1,158,587 *	1,026,539 *

* This represents contract value for this investment.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

MAVIS TIRE SUPPLY CORP.
401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual funds and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trusts: Valued based on the net asset value of the collective trust's underlying investments as based on information reported by the trustee. One of the common collective trust investments, which is a stable value fund, has an investment objective to maintain a constant net asset value. The other common collective trust investments have investment objectives which are to approximate or exceed the investment returns of the indexes for which they are named. Generally, there are no restrictions on a participant's ability to redeem their investment in a common collective trust. However, withdrawal prompted by certain events (e.g., exposure to additional credit risk, insolvency, bankruptcy, or other reorganization) may restrict a participant's ability to redeem the investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(k) PLAN**

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the plan administrator by a letter dated March 31, 2008, that the form of the prototype plan adopted by the Company is acceptable under the applicable sections of the Internal Revenue Code (IRC). The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of common/collective trusts managed by State Street Bank & Trust Company, the trustee of the Plan. Accordingly, these transactions qualify as party in interest transactions.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
