Note 1 - Description of Plan

The following brief description of the CO Architects Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

A) General

The Plan is a defined contribution plan, established January 1, 1997, covering all employees of CO Architects (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

The Plan allows for predecessor service credit of former Anshen & Allen Savings Plan employees for eligibility, vesting and plan allocations pursuant to the plan document.

Effective January 1, 2010, the Plan was amended and restated to conform to changes in law and regulations. The amendment also made safe harbor contributions discretionary.

B) Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed $16,500 for calendar year 2010. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to an additional $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to non-discrimination rules as set forth in IRS code section 401(k).

The Company may elect to make discretionary safe harbor, matching, or profit sharing contributions. A participant must be employed with the Company on the last day of the Plan year to be eligible for that year's profit sharing contributions. During 2010, the Company made employer matching contributions of up to 5% of employee contributions. The Company also made a profit sharing contribution of up to 3% of participant plan compensation for non-key employees, less any matching contributions already made. During 2010, employer matching contributions totaled $17,378 and employer profit sharing contributions totaled $138,222. During 2009, the Plan Sponsor approved a safe harbor contribution of 3% of participant plan compensation totaling $240,887 and was allocated to all eligible participants. Employer matching contributions of $18,431 were also made in 2009. There were no profit sharing contributions for 2009.

C) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's nonelective safe harbor and profit sharing contributions and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Administrative expenses are allocated based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (Continued)

D) Vesting

Participants are vested immediately in their contributions and the 3% nonelective safe harbor employer contribution plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service.

E) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates that range from 5.25% to 10.5%.

F) Withdrawals and Payment of Benefits

The Plan includes several sets of provisions for withdrawal or payment of benefits relative to a participant's age and circumstances, in compliance with provisions of the Internal Revenue Code. There are provisions for disability, death, hardship withdrawal, direct rollovers, lump sum benefit payments.

G) Forfeited Accounts

For the years ended December 31, 2010 and 2009, forfeited non-vested accounts totaled $17,980 and 12,162, respectively. No forfeitures were used during 2010. Forfeitures may be used to pay administrative expenses or used to offset employer contributions.

Note 2 - Summary of Significant Accounting Policies

A) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

B) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires that management make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

C) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

D) Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

E) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

F) Effects of New Accounting Pronouncements

In September 2010, Financial Accounting Standards Board (FASB) issued an amendment, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments. This amendment requires retrospective application to all periods presented. This amendment was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $154,434 and $103,272 from investments to notes receivable as of December 31, 2010 and 2009, respectively. There was no impact to the net assets as of December 31, 2010 or 2009 as a result of the adoption.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 4 - Information Certified by the Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wystar Global Retirement Solutions, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the investments in this Plan that were certified by Wystar Global Retirement Solutions. Single investments representing more than 5% of the Plan's net assets as of December 31, 2010 or 2009 are separately identified.

Note 4 - Information Certified by the Custodian (Continued)

Total noninterest-bearing cash	8,549,346	
Total Certified Assets	$ 8,898,504	$ 7,835,345

Wystar Global Retirement Solutions also certified to the completeness and accuracy of $714,465 of net appreciation in fair value of investments and $77,218 of interest and dividends related to the aforementioned assets for the year ended December 31, 2010.

During 2010 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in fair value by $714,465, all related to investments in registered investment companies.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 5 - Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value ('NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

	December 31, 2010			
	Total Fair Value	Level 1	Level 2	Level 3

Note 6 - Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 25, 2005 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2007.

Note 8 – Reclassification

Certain reclassifications have been made to prior year balances in order to conform to current year presentation.

Note 9- Reportable Transaction

On December 31, 2010, investments held by Wystar Global Retirement Soluations were liquidated in order to transfer total assets to Putnam Investments (See Note 10). Assets totaling over 5% of net asset were sold resulting in a reportable transaction at year end.

Note 10 - Subsequent Events

Subsequent events have been evaluated through October 7, 2011, the date that the financial statements were available to be issued**.**

On January 3, 2011, plan investments in the amount of $8,734,201 and notes receivable from participants in the amount of $154,434 were transferred from Wystar Global Retirement Solutions to Putnam Investments, the new Plan Trustee. A subsequent transfer in the amount of $9,869 was received by Putnum Investments for investments that were unallocated at year end. Participant fund balances were mapped from investment fund options offered by Wystar Global Retirement Solutions to the new investment options offered by Putnam Investments. From January 3, 2011 forward, Plan participants are required to select only investment options offered by Putnam Investments.
