As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WOOD GROUP HIT SERVICES CRAFT 401(K) PLAN

Notes to Financial Statements

December 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wood Group HIT Services Craft 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Wood Group HIT Services Craft 401(k) Plan is a single employer defined contribution plan established December 1, 2008, to provide retirement and other related profit sharing benefits to the employees of HIT Services, L.P (the "Employer").

The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and related rules and regulations.

Contributions

Participants may make pretax contributions ranging from 1 percent to 60 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service ("IRS"), \$16,500 for 2010 and 2009. The Plan also allows for participants who are 50 years old or older to make catch up contributions in the amount of \$5,500 for the Plan year ended December 31, 2010 and 2009. Participants can change their contribution percentage at any time and those changes will be effective as soon as administratively feasible.

The Plan provides for discretionary employer matching contribution. For the year ended December 31, 2010, the Employer matched 25 percent of salary deferrals.

Eligibility

Employees who have 1,000 hours or more of service and are age eighteen or older are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Withdrawals

Withdrawals prior to the age of 59½ are allowed only at termination of employment and/or on a hardship basis subject to Internal Revenue Service regulations.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum distribution, installment payments or partial payments.

NOTE 1 - DESCRIPTION OF THE PLAN - (CONTINUED)

Vesting

Participants are vested immediately in their contributions, employer matching contributions, and actual earnings thereon.

Forfeited Accounts

At December 31, 2010 and 2009, there were no forfeited accounts.

Investment Options

Participants in the Plan elect how their individual contributions and employer contributions are to be invested in 1 percent multiples in any of 29 investment options.

Notes Receivable from Participants

Notes receivable from participants are not allowed.

Allocation of Investment Income

The net earnings or loss of each fund, including capital gains or losses whether or not realized, are allocated to individual participant accounts in that fund based on the ratio that the value of each participant's account bears to the value of all accounts in that fund as of the valuation date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of assets (held at end of year) of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is sponsored by the Employer. Personnel within the Employer perform various administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses, but are paid by the Employer. Expenses paid by the Plan consist of transaction-based fees, which are charged to the participant's account, Plan administration fees, and Plan investment fees.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 - INVESTMENTS

Individual investments at December 31, 2010 and 2009 that represent 5% or more of the net assets available for benefits are as follows:

	2010	2009
Fidelity Advisor Freedom 2035 I	\$ 34,326	\$ 11,490
Fidelity Advisor Stable Value	22,624	8,500
Fidelity Retirement Money Market	21,704	18,008
Fidelity Advisor Government Income Inst	18,242	9,159
Fidelity Advisor Lev Co Stock I	6,525	*
First American Equity Index Y	*	13,938

* Balance represents less than 5% of the total Plan assets as of December 31, 2010 and 2009, therefore the balance is not shown.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 6,136
Stable value investments	202
	<hr/>
	\$ 6,338
	<hr/>

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Mutual Funds/Money Market Investments: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Benefit-Responsive Investment Contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS – (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a stable value investment, which carries a benefit-responsiveness feature that allows Plan participants to make exchanges or request benefit payments at contract value. Fidelity Management Trust Company ("Fidelity") maintains the contributions in a pooled fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Fidelity credited the account with 1.48% and 1.35%, annualized during the year ended December 31, 2010 and 2009, respectively.

As described in Note 2, because the stable value fund has a benefit-responsiveness feature, contract value is the relevant measurement attributable for that portion of the net assets available for benefits. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT – (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including partial or complete Plan termination or merger with another Plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Plan is a Fidelity Management & Research Company proto-type plan. The Internal Revenue Service has determined and informed Fidelity Management & Research Company, by a letter dated October 9, 2003, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan is designed to constitute a qualified tax-exempt plan under section 401(a) of the Internal Revenue Code. As such, the Plan is exempt from federal income tax, and amounts contributed by the Employer will not be taxed to the participant until the participant receives a qualifying distribution from the Plan. The Plan has been amended since receiving the determination letter but the employer believes that the Plan is operating in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007. Years currently open for inspection are 2007 through 2009, with the 2010 return to be filed during 2011.

NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS

Certain investments are managed by Fidelity. Fidelity is the trustee of the Plan assets therefore these transactions qualify as party-in-interest.

NOTE 9 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's trustee, Fidelity has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

1. Page 2 – Statements of Net Assets Available for Benefits – Total investments, at fair value
2. Page 3 – Statement of Changes in Net Assets Available for Benefits – Net investment income
3. Page 11 – Schedule of Assets (Held at End of Year)
4. All purchase and sales activity

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options, in any combination, of specified registered investment companies. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan ("Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of Form 5500 differ from those included in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for December 31:

	2010	2009
Net assets available for benefits per the financial statements	\$ 126,236	\$ 72,354
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	423	(11)
Net assets available for benefits per Form 5500	<u>\$ 126,659</u>	<u>\$ 72,343</u>

NOTE 11 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500 – (CONTINUED)

The following is a reconciliation of net increase in assets per the financial statements to the Form 5500 for the year ended December 31:

	<u>2010</u>	<u>2009</u>
Net increase per the financial statements	\$ 53,882	\$ 76,991

Net increase per Form 5500	<u>\$ 54,316</u>	<u>\$ 76,980</u>

NOTE 12 – SUBSEQUENT EVENTS

The Plan has monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2010 through July 22, 2011, the date on which financial statements were available to be issued.

At December 31, 2010 and 2009, there were no forfeited accounts.

Investment Options

Participants in the Plan elect how their individual contributions and employer contributions are to be invested in 1 percent multiples in any of 29 investment options.

Notes Receivable from Participants

Notes receivable from participants are not allowed.

Allocation of Investment Income

The net earnings or loss of each fund, including capital gains or losses whether or not realized, are allocated to individual participant accounts in that fund based on the ratio that the value of each participant's account bears to the value of all accounts in that fund as of the valuation date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements and supplemental schedule of assets (held at end of year) of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan is sponsored by the Employer. Personnel within the Employer perform various administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses, but are paid by the Employer. Expenses paid by the Plan consist of transaction-based fees, which are charged to the participant's account, Plan administration fees, and Plan investment fees.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 - INVESTMENTS

Individual investments at December 31, 2010 and 2009 that represent 5% or more of the net assets available for benefits are as follows:

	2010	2009
Fidelity Advisor Freedom 2035 I	\$ 34,326	\$ 11,490
Fidelity Advisor Stable Value	22,624	8,500
Fidelity Retirement Money Market	21,704	18,008
Fidelity Advisor Government Income Inst	18,242	9,159
Fidelity Advisor Lev Co Stock I	6,525	*
First American Equity Index Y	*	13,938

* Balance represents less than 5% of the total Plan assets as of December 31, 2010 and 2009, therefore the balance is not shown.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 6,136
Stable value investments	202
	<hr/>
	\$ 6,338
	<hr/>

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Mutual Funds/Money Market Investments: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Benefit-Responsive Investment Contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a stable value investment, which carries a benefit-responsiveness feature that allows Plan participants to make exchanges or request benefit payments at contract value. Fidelity Management Trust Company ("Fidelity") maintains the contributions in a pooled fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Fidelity credited the account with 1.48% and 1.35%, annualized during the year ended December 31, 2010 and 2009, respectively.

As described in Note 2, because the stable value fund has a benefit-responsiveness feature, contract value is the relevant measurement attributable for that portion of the net assets available for benefits. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 5 - BENEFIT-RESPONSIVE INVESTMENT CONTRACT – (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including partial or complete Plan termination or merger with another Plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Plan is a Fidelity Management & Research Company proto-type plan. The Internal Revenue Service has determined and informed Fidelity Management & Research Company, by a letter dated October 9, 2003, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan is designed to constitute a qualified tax-exempt plan under section 401(a) of the Internal Revenue Code. As such, the Plan is exempt from federal income tax, and amounts contributed by the Employer will not be taxed to the participant until the participant receives a qualifying distribution from the Plan. The Plan has been amended since receiving the determination letter but the employer believes that the Plan is operating in accordance with the applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007. Years currently open for inspection are 2007 through 2009, with the 2010 return to be filed during 2011.

NOTE 8 - PARTIES-IN-INTEREST TRANSACTIONS

Certain investments are managed by Fidelity. Fidelity is the trustee of the Plan assets therefore these transactions qualify as party-in-interest.

NOTE 9 - INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's trustee, Fidelity has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate:

1. Page 2 – Statements of Net Assets Available for Benefits – Total investments, at fair value
2. Page 3 – Statement of Changes in Net Assets Available for Benefits – Net investment income
3. Page 11 – Schedule of Assets (Held at End of Year)
4. All purchase and sales activity

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options, in any combination, of specified registered investment companies. The underlying investments held by the registered investment companies may include stocks, bonds, fixed income securities and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan ("Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of Form 5500 differ from those included in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for December 31:

	2010	2009
Net assets available for benefits per the financial statements	\$ 126,236	\$ 72,354
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	423	(11)
Net assets available for benefits per Form 5500	<u>\$ 126,659</u>	<u>\$ 72,343</u>

NOTE 11 - RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500 – (CONTINUED)

The following is a reconciliation of net increase in assets per the financial statements to the Form 5500 for the year ended December 31:

	<u>2010</u>	<u>2009</u>
Net increase per the financial statements	\$ 53,882	\$ 76,991
Add: Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	11	-
Less: Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>423</u>	<u>(11)</u>
Net increase per Form 5500	<u>\$ 54,316</u>	<u>\$ 76,980</u>

NOTE 12 – SUBSEQUENT EVENTS

The Plan has monitored and evaluated any subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended December 31, 2010 through July 22, 2011, the date on which financial statements were available to be issued.
