**The Board of Trustees
DeKalb Community and Stones River Hospitals Retirement Savings Plan:**

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the DeKalb Community and Stones River Hospitals Retirement Savings Plan (the "Plan") as of and for the year ended December 31, 2010 and have issued our report thereon dated October 4, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated October 27, 2010. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan adopted Financial Accounting Standards Board Accounting Standards Update No. 2010-06, *Improving Disclosures about Fair Value Measurements*, which requires additional disclosure related to fair value hierarchy. This change had no material effect on the Plan's financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements related to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value or contract value as determined on the last day of the Plan year. Mutual funds are valued at fair value based on the net asset value of shares held by the Plan at year end based on the quoted prices in an active market. The investment contract is valued at contract value, which approximates fair value, based on the amount the Plan Sponsor would receive if it terminated the contract at the reporting date. We evaluated the key factors and assumptions used to develop the estimate of the fair value of the Plan's investments in determining that they are reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 4, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Independence

We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence which have occurred during the period from January 1, 2010 through the date of this letter.

Internal Control and Operating Efficiency

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2010, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control. However, we became aware of a matter that is an opportunity for strengthening internal control and enhancing compliance with Internal Revenue Service and DOL regulations. The item that follows summarizes our comment and suggestion regarding that matter.

Enrollment Forms

We noted that certain personnel files did not contain enrollment forms waiving the employee's right to participate in the Plan. Current enrollment forms, including declination forms, should be maintained in all employee personnel files to document whether the employee wishes to participate in the Plan or chooses to waive the right to participate.

DeKalb Community and Stones River Hospitals Retirement Savings Plan:

We were engaged to audit the accompanying financial statements of the DeKalb Community and Stones River Hospitals Retirement Savings Plan (the "Plan") as of and for the years ended December 31, 2010 and 2009, and the supplemental schedule as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Orchard Trust Company, LLC, a subsidiary of Great-West Life and Annuity Insurance Company, the trustee of the Plan, as of and for the year ended December 31, 2010 and by Great-West Life and Annuity Insurance Company as of and for the year ended December 31, 2009, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investments and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 12, effective July 1, 2011, Capella Healthcare, Inc. acquired 60% ownership interest in Cannon County Hospital, LLC, the Plan Sponsor. The Plan was merged with, and all Plan assets were transferred to, the Capella Healthcare, Inc. 401(k) Retirement Plan effective September 1, 2011.

**DEKALB COMMUNITY AND STONES RIVER HOSPITALS
RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 31, 2010 and 2009

(1) Description of plan

The following description of the DeKalb Community and Stones River Hospitals Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 2000 to provide retirement benefits for employees of Cannon County Hospital, LLC (the "Plan Sponsor"). The Plan covers substantially all full-time employees who are age twenty-one or older and have completed one month of service ("participants"). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are permitted up to any amount of compensation, not to exceed limitations prescribed by the IRC.

The Plan Sponsor may make discretionary matching contributions as determined annually by the Plan Sponsor's Board of Trustees. During 2010 and 2009, the Plan Sponsor contributed an amount equal to 50% of the first 6% of participant contributions.

The Plan also provides that the Plan Sponsor may contribute a discretionary profit sharing contribution as determined annually by the Plan Sponsor's Board of Trustees; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contributions were made in 2010 or 2009.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor matching contributions, and allocations of Plan Sponsor discretionary contributions, investment earnings (losses) and administrative expenses. Allocations are based on a participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**DEKALB COMMUNITY AND STONES RIVER HOSPITALS
RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 31, 2010 and 2009

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings or losses thereon. Vesting in the Plan Sponsor's matching and discretionary contributions is based on years of service. Participants vest prorata over three years of service at which time they are fully vested.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. At December 31, 2010 there were no forfeited nonvested accounts. At December 31, 2009, forfeited nonvested accounts totaled \$9,395. Forfeitures of \$11,429 were used to reduce Plan Sponsor contributions during 2010. No forfeitures were used to reduce Plan Sponsor contributions during 2009.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Any participant receiving a hardship withdrawal is precluded from making any qualified contributions for six months after receiving the hardship withdrawal.

(h) Administrative expenses

Certain Plan administrative expenses are paid by the Plan Sponsor.

(i) Plan termination

The Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts (see Note 12).

(2) Summary of significant accounting policies

(a) Recently adopted accounting standard

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"). ASU 2010-06 clarified that disclosures should be presented separately for each class of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted ASU 2010-06 for the plan year ending December 31, 2010, and the adoption did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

(b) Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(c) Cash equivalents

Cash equivalents represent the ending forfeiture balance.

(d) Investment valuation and income recognition

Investments are stated at fair value, or contract value, as reported by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 31, 2010 and 2009

(g) Events occurring after the reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2010 and October 4, 2011, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by trustee

The following information was certified as complete and accurate by Orchard Trust Company, LLC, a subsidiary of Great-West Life and Annuity Insurance Company, as of and for the year ended December 31, 2010 and by Great-West Life and Annuity Insurance Company, as of and for the year ended December 31, 2009:

	<u>2010</u>	<u>2009</u>
Cash equivalents	\$ <u>-</u>	\$ <u>10,491</u>
Mutual funds, at fair value	\$ <u>2,321,224</u>	\$ <u>1,979,392</u>
Insurance contract, at contract value which approximates fair value	\$ <u>360,479</u>	\$ <u>398,461</u>
Net change resulting from investment activity	\$ <u>218,915</u>	\$ <u>421,069</u>

(4) Fair value measurements

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**DEKALB COMMUNITY AND STONES RIVER HOSPITALS
RETIREMENT SAVINGS PLAN**

Notes to the Financial Statements

December 31, 2010 and 2009

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- (i) *Mutual funds:* Valued at the net asset value of shares held by the Plan at year end based on the quoted prices in an active market.
- (ii) *Investment contract:* Valued at contract value, which approximates fair value, based on the amount the Plan Sponsor would receive if it terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note 6).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

<u>Fair Value Measurements as of December 31, 2010 using the following inputs</u>

(5) Investments and investment income

The fair value of investments that represent 5% or more of the Plan's net assets as of December 31, 2010 and 2009 are as follows:

	<u>2010</u>	<u>2009</u>
Thornburg International Value Fund R3	\$ <u>260,119</u>	\$ <u>204,314</u>

Oakmark Equity & Income II	\$ <u>948,804</u>	\$ <u>886,541</u>

During 2010 and 2009, the Plan's net appreciation in the fair value of investments was attributable to mutual funds.

(6) Investment contract with insurance company

The Plan is party to an investment contract with Great-West Life and Annuity Insurance Company. This investment contract is not considered fully-benefit responsive. Great-West Life and Annuity Insurance Company maintains the Plan's contributions in a pooled account which is credited with earnings on the underlying investments and charged for Plan withdrawals and investment expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contract was \$360,479 and \$398,461 as of December 31, 2010 and 2009, respectively. The average yield and crediting interest rates were approximately 2.49% and 3.16% for 2010 and 2009, respectively.

Notes to the Financial Statements

December 31, 2010 and 2009

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does believe that events which would limit the Plan's ability to transact at contract value with participants are probable of occurring (See Note 12).

(7) Excess contributions

Contributions received from participants and the Plan Sponsor during 2009 are net of refunds of \$12,622 that were made in 2010 to certain active participants to return to them excess deferral contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(8) Income tax status

The Plan Sponsor adopted a prototype contribution plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(9) Related party transactions

The Plan's investment contract is managed by Great West Life and Annuity Insurance Company, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses also qualify as party-in-interest transactions.

(11) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(12) Subsequent event

Effective July 1, 2011, Capella Healthcare, Inc. acquired 60% ownership interest in Cannon County Hospital, LLC. All participant and Plan Sponsor contributions were discontinued as of July 1, 2011. The Plan was merged with, and all Plan assets were transferred to, the Capella Healthcare, Inc. 401(k) Retirement Plan effective September 1, 2011.
