WENTE FAMILY ESTATES
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 – Description of Plan

The following description of the WENTE FAMILY ESTATES 401(K) PROFIT SHARING PLAN (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan which provides benefits to all employees of Wente Bros. and its affiliates (the Companies) who have completed one year of service and are age twenty-one or older. An administrative committee appointed by the Boards of Directors of the Companies administers the Plan. Certain officers of the Companies act as trustees of the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator

The Plan is administered by an administrative committee (the Plan Administrator), which maintains separate accounting records for the Plan. The Companies pay certain administrative expenses of the Plan and other administrative expenses are paid by the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (limited to $16,500 for the year ended December 31, 2010), as defined in the Plan. Certain eligible participants may defer an additional amount of annual compensation based on catch-up provisions as defined in the Plan (limited to $5,500 for the year ended December 31, 2010). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies may make discretionary profit sharing contributions as determined annually by the Boards of Directors of the Companies, and the Companies have also made non-elective contributions in prior years.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, if any, and an allocation of (1) contributions by the Companies (reduced by forfeitures of the Companies’ contributions) and (2) Plan earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are principally based on participant earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, actual earnings thereon and the Companies' non-elective contributions. Vesting of matching and discretionary contributions by the Companies, earnings thereon and forfeitures begins after two full years of service at the rate of 20% per year until fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. Loan terms are up to a maximum of five years unless the loan is for the purchase of a primary residence, in which case a longer term may be permitted. The loans are collateralized by the participants' vested interest in the Plan and bear interest at 2.00% above the prime rate (not to exceed 10.25%). Interest rates on outstanding loans ranged from 5.25% to 10.25% at December 31, 2010. Principal and interest are paid ratably through bi-weekly payroll deductions through 2028.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, the Plan provides for a single lump sum distribution. Participants may elect to postpone payment to a later date.

Forfeitures

At December 31, 2010 and 2009, forfeited nonvested accounts amounted to $6,501 and $10,776. These forfeitures will be used to reduce future employer contributions or to pay Plan expenses.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

Subsequent Events

Management has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2011, the date the financial statements were available to be issued.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2010, delinquent participant loans of $45,690 were reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – Investments

A participant may direct the investment of their account through investment options offered by John Hancock Life Insurance Company (U.S.A.). Plan investments include units of pooled separate accounts which invest solely in shares of mutual funds and guaranteed investment contracts (non fully benefit-responsive). The following presents participant directed investments that represent 5.0% or more of the Plan's net assets at December 31:

	2010	2009
Lifestyle Balanced	$ 2,878,066	$ 3,011,035

Total participant directed investments	$ 13,419,621	$ 11,988,383

NOTE 3 – Investments (Continued)

During the year ended December 31, 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $1,498,982 as follows:

Net Change in Fair Value

	Amount
Pooled Separate Accounts	$ 1,497,025
Guaranteed Investment Contracts	1,957
Total net appreciation in fair value of participant directed investments	$ 1,498,982

NOTE 4 – Fair Value Measurements

The Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts

Valued at the net asset value based on the mutual funds' ending price as of the end of the year.

Guaranteed Investment Contracts

Valued based on the underlying investments and contracts within the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

NOTE 5 – Excess Participant Contributions

The Plan failed to pass the Average Deferral Percentage (ADP) test for the year ended December 31, 2010. In order to correct the December 31, 2010 failure, excess contributions to two highly-compensated participants amounting to $3,457 were reimbursed by the Plan during 2011 and such amounts will be included in 2011 benefits paid to participants.

NOTE 6 – Related Party Transactions

Certain Plan investments are units of pooled separate accounts which invest solely in shares of mutual funds and guaranteed investment contracts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

NOTE 7 – Tax Status

The Plan is operated under a defined contribution volume submitter plan and trust administered by Hayashi and Wayland Retirement Plan Services. The Plan obtained its latest opinion letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt for the year ended December 31, 2010, and, accordingly, no provision for income taxes has been recorded.

NOTE 7 – Tax Status (Continued)

As required by the Income Taxes topic of the FASB ASC, an entity must determine the level of uncertainty associated with tax positions taken and must calculate the amount of exposure to additional income taxes for uncertain tax positions. The Plan Administrator does not believe the Plan had any material uncertain tax positions as of December 31, 2010 and 2009.

The Plan is no longer subject to federal income tax examinations by tax authorities for years before 2008.

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – Information Certified by the Plan Custodian

The statement of net assets available for benefits at December 31, 2010 and 2009, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2010, the accompanying notes to the financial statements and the supplemental schedules were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total participant directed investments of $13,419,621 and $11,988,383 at December 31, 2010 and 2009, and related net appreciation in fair value of participant directed investments of $1,498,982 for the year ended December 31, 2010.

NOTE 10 – Prohibited Transactions

During the year ended December 31, 2010, the Company failed to remit to the Plan's custodian certain employee contributions totaling approximately $240 within the period prescribed by Department of Labor regulations. The delay in remitting contributions to the custodian was due to an administrative error. During the year ended December 31, 2011, the Company has made a contribution to the affected participants' accounts to compensate the participants an aggregate of approximately $2 for potential lost income due to the delay.

NOTE 11 – Plan Termination

Although they have not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.
