Tax Advantaged Capital Accumulation Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Houghton International Inc. Tax Advantaged Capital Accumulation Plan (the "Plan") as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits for the years then ended and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information, summarized in Note 8, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Houghton International Inc. Tax Advantage Capital Accumulation Plan

Notes to Financial Statements
December 31, 2010 and 2009

1. Description of Plan

The following description of the Houghton International Inc. Tax Advantaged Capital Accumulation Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of Houghton International Inc. (the "Company") who have completed twenty days of service, and employees who have completed one year of service and who are not included in a collective bargaining unit, unless the bargaining agreement provides for coverage, are eligible for Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was restated effective July 1, 2010.

On September 8, 2008, Houghton International Inc. acquired all of the outstanding stock of D.A. Stuart Holding GmbH. Effective January 5, 2009, the D.A. Stuart 401(k) Savings Plan merged into the Houghton International Inc. Tax Advantaged Capital Accumulation Plan and transferred all assets of \$7,652,085 to the Plan.

The Plan evaluated subsequent events for the recognition or disclosure through October 13, 2011, the date the financial statements were available to be issued. No significant events have occurred after the statement of net assets available for benefits date.

Contributions

Each year, participants in the Plan may elect to contribute a portion of their pretax compensation, as defined by the Plan. Effective January 1, 2008, the Plan implemented automatic enrollment for eligible employees. A 4% automatic contribution is elected for participants, unless the participant elects a different deferral percentage.

The Company, at the discretion of the Board of Directors, may make matching contributions to the Plan up to 50% of the salary withholding contributions made by participants, limited to 6% of each participant's compensation. Participants may contribute up to 75% of their salary to the Plan, up to the IRS maximum annual limitations. Effective January 1, 2009, the Company adopted an amendment to the Plan to state that the Company may make profit sharing contributions for participants who are not covered by a collective bargaining agreement, and who have more than one year of credited service based on eligible entry date of January 1 or July 1 each year. Such contributions at the discretion of the board of directors, may be up to 3% of the participant's salary and vest 20% per year of service, based upon cumulative years of service at the time of the match. In 2010, the Company elected to make matching contributions to the Plan of \$587,662 and additional profit sharing contributions of \$694,168. In 2009, the Company elected to make matching contributions to the plan of \$530,377 and additional profit sharing contributions of \$687,998.

Participants direct all contributions into various investment options offered by the Plan. Participants may also make rollover contributions representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. Participant contributions may be made on a pretax basis or after tax Roth deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions plus actual earnings thereon at all times.

Prior to January 1, 2008 participants were immediately vested in all Company contributions. Effective January 1, 2008, the plan was amended so a participant's vesting percentage in Company profit sharing contributions is as follows:

Cumulative Service Years	Vesting Percentage
Less than 1	0 %
1	20
2	40
3	60
4	80
5 or more	100

Effective July 1, 2010, the Plan was restated so that a participant vests immediately in matching Company contributions. Participants continue to vest in additional profit sharing contributions as noted in the table above.

Forfeitures

Forfeitures from nonvested participant accounts are first used to pay administrative expenses and any remaining amounts may be used to reduce the Company's contribution. During the years ended December 31, 2010 and 2009, the forfeitures in the amounts of \$6,280 and \$0, respectively, were used to pay expenses and reduce Company contributions. Forfeited nonvested accounts totaled \$3,267 and \$3,511 at December 31, 2010 and 2009, respectively.

Payment of Benefits

On termination of service for any reason, a participant is eligible to receive a distribution equal to the value of the participant's vested interest in his or her account.

The normal form of benefit payment is a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have two notes outstanding at any given time. Note terms range from 1 to 5 years or longer for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with the rate charged by other lenders for similar notes as determined by the Plan administrator. Interest rates range from 4.25% to 10.59% on borrowings outstanding at December 31, 2010. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Administrative Expenses

All administrative expenses of the Plan are paid by the Company, except for fund-level fees which were paid by the participants. The fund-level fees are included in the statement of changes in net assets available for benefits as a deduction from plan assets. These fees totaled approximately \$7,499 and \$7,015 for the years ended December 31, 2010 and 2009, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Standards

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2010-06 "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements", ("ASU 2010-06"), which provides a greater level of disaggregated information and more robust disclosures about valuation techniques and inputs to fair value measurements, transfers in and out of Levels 1 and 2, and the separate presentation of information in Level 3 reconciliations on a gross basis rather than net. New disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009. Adoption of ASU 2010-06 had no material impact on the Plan's financial statements but expanded disclosures about certain fair value measurements. Level 3 disclosures are effective for fiscal years beginning after December 15, 2010.

Houghton International Inc. Tax Advantage Capital Accumulation Plan

Notes to Financial Statements
December 31, 2010 and 2009

In September 2010, FASB issued Accounting Standards Update No. 2010-25 "Plan Accounting-Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans," ("ASU 2010-25"), which clarifies how loans to participants should be classified and measured by participant defined contribution pension benefit plans. Loans are required to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is applied retrospectively to all prior periods presented effective for fiscal years ending after December 15, 2010. The Plan adopted ASU 2010-25 and has presented loans to participants in accordance with this guidance as of December 31, 2010 and 2009.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Reclassifications

Certain prior year balances were reclassified to conform to the current year presentation.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Mutual Funds	547,767	191,048
Guaranteed Investment Contract (See Note 5)	(7,464)	(3,084)
Total	<u>\$ 2,680,351</u>	<u>\$ 3,138,861</u>

5. Investment Contract with Insurance Company

The Plan offers a Guaranteed Interest Contract ("GIC") as an investment option for participants. A GIC provides a guaranteed interest rate for a specified period of time as determined by the plan administrator. The rate credited is the rate in effect on the day when each deposit is directed into the GIC. To simplify reporting to plan participants, all rates credited during the 12-month "deposit year" are averaged in a single composite rate. The average yield during 2010 was 0.34% and during 2009 was 0.94%.

The Company provides financial information for the GIC at fair market value (see Note 6). A GIC promises contract value for a benefit event (termination, death, disability, and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Thus, the GIC is not considered fully benefit responsive. At December 31, 2010 and 2009, fair value of the contract was \$2,000,254 and \$2,138,322, respectively, and contract value was \$2,007,718 and \$2,141,406, respectively, and the adjustment was included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

6. Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification "Fair Value Measurements and Disclosures," which provides the framework for measuring fair value. That framework provides fair value hierarchy used to classify the inputs used in measuring fair value. That hierarchy prioritizes the inputs used in determining valuations into three levels. The levels of fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 - Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Houghton International Inc. Tax Advantage Capital Accumulation Plan

Notes to Financial Statements
December 31, 2010 and 2009

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds are valued at quoted net asset value of shares held by the Plan at the year end.

Pooled Separate Accounts are valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. The unit value of the pooled separate accounts are based upon significant observable inputs, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy in accordance with the categorization as shown in the table above. Due to the nature of these securities, there are no unfunded commitments or redemption restrictions.

Guaranteed interest contract is valued based on unobservable inputs using valuation methodologies to determine fair value to include discounted cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2010 and 2009.

7. Related-Party Transactions

The Plan's assets are administered under contract with the Principal Trust Company, the custodian. Contributions are held and managed by the custodian, who invests cash received and investment income and makes distributions. All administrative expenses of the Plan are paid by the Company, except for fund-level fees which were paid by the participants.

Certain Plan investments are shares of pooled separate accounts that are managed by affiliates of the custodian. The Plan issues loans to its participants, which are secured by the participants' account balance. These transactions qualify as party-in-interest transactions. Parties-in-interest are prohibited from making certain transactions with the Plan. No prohibited transactions were made during the years 2010 and 2009.

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

8. Information Certified by Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2010 and 2009. Accordingly, Principal Life Insurance Company has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2010, and the related investment activity in the statement of changes in net assets available for the years ended December 31, 2010 and 2009.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

10. Tax Status

As of December 31, 2010 the Plan had obtained its latest determination letter dated April 16, 2002, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Subsequent to year end, the Plan obtained its latest determination letter dated August 17, 2011, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Houghton International Inc. Tax Advantage Capital Accumulation Plan

Notes to Financial Statements

December 31, 2010 and 2009

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.
