Report of Independent Auditors

To the Finance and Pension Committee
of the Board of Directors
Stanley Black & Decker, Inc.

We were engaged to audit the financial statements of the Pension Plan for Employees of Sargent & Greenleaf, Inc. (the Plan) as of December 31, 2010 and 2009, and for the years then ended as listed in the table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR § 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 and Note 9, which was certified by The Bank of New York Mellon, the trustee of the Plan, except for comparing such information to the related information included in the Plan's financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements

Years Ended December 31, 2010 and 2009

1. Background and Description of the Plan

The following description of the Pension Plan for Employees of Sargent & Greenleaf, Inc. (the Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the *Plan Document* and *Summary Plan Description*, which are available from the Plan administrator.

General

On January 3, 2005, Stanley Security Solutions, Inc., a subsidiary of Stanley Black & Decker, Inc., acquired Security Group, Inc., the then parent company of Sargent & Greenleaf, Inc. and The Safemasters Co., Inc. Subsequently, Security Group, Inc. and The Safemasters Co., Inc. were merged into Stanley Security Solutions, Inc. Sargent & Greenleaf, Inc., the Plan sponsor (the Company), has continued as a separate legal entity.

The Plan is a noncontributory defined benefit pension plan. Certain Plan benefits are provided pursuant to a collective bargaining agreement.

All benefit accruals of participants covered under the Plan are frozen, effective upon the pertinent benefit freeze date, as follows:

- Benefit accruals were frozen under the Plan, effective October 1, 1992, with respect to all employees of Sargent & Greenleaf, S.A. covered under the Plan on that date. Deferred vested benefits will be paid to such employees in the amounts accrued as of September 30, 1992.
- Benefit accruals were frozen under the Plan, effective July 15, 1994, with respect to all employees of The Safemasters Co., Inc. ("Safemasters employees") covered under the Plan on that date.
- Benefit accruals were frozen under the Plan, effective March 3, 2003, with respect to salaried employees of Sargent & Greenleaf, Inc. who were covered under the Plan on that date.
- Benefit accruals were frozen under the Plan, effective August 11, 2005, with respect to non-salaried employees of Sargent & Greenleaf, Inc. Moreover, coverage of non-salaried employees of Sargent & Greenleaf, Inc. under the Plan is limited to such employees who became covered before July 1, 2005.

1. Background and Description of the Plan (continued)

General (continued)

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Eligibility

Participation in the Plan is limited to individuals who were already covered under the Plan before July 1, 2005.

Frozen Accrued Benefits

The annual frozen accrued benefit amount is determined under the following formula, subject to the maximum benefit permitted under ERISA:

- 50% of average annual earnings minus 50% of the age 65 primary social security benefit and, if the number of projected years of credited service at normal retirement date is less than 15, reduced by 1/15 for each year of credited service less than 15 years. Certain participants are subject to maximum Social Security offset provisions in accordance with regulations under Code Section 401(1);

multiplied by:

- a fraction, the numerator of which is the number of years of credited service at the benefit freeze date and the denominator of which is the number of projected years of credited service at normal retirement date, assuming continued employment and credited service until normal retirement date.

For certain groups, there is an additional monthly benefit of \$1, \$2, or \$3 for each year of credited service.

Normal Retirement

Normal retirement date is the first day of the month coinciding with or next following the participant's 65th birthday.

1. Background and Description of the Plan (continued)

Postponed Retirement

Postponed retirement is defined as retirement after the normal retirement date. The retirement benefit at the postponed benefit commencement date is the frozen accrued benefit as of the normal retirement date, actuarially increased from the normal retirement date to the benefit commencement date, provided that, if the benefit freeze date occurred after the normal retirement date, the accrued benefit at the benefit freeze date, after having been adjusted up to that date to be the greater of the actuarially increased normal retirement benefit or the recalculated benefit based upon post-normal retirement date service and earnings, is increased actuarially from the benefit freeze date to the benefit commencement date and reduced by the actuarial equivalent of any prior distributions.

Early Retirement

Early retirement is defined as retirement within 10 years preceding a participant's normal retirement date. The early retirement benefit is the vested frozen accrued benefit, multiplied by an early retirement adjustment factor.

Normal Form of Annuity

The normal form of annuity is a single life annuity. However, unless elected otherwise, a married participant's vested benefit will be in the form of an actuarial equivalent joint and 50% survivor annuity with the participant's spouse. A lump sum option at retirement date for former Safemasters employees with respect to their vested July 15, 1994 prior plan accrued benefits is retained under the Plan.

Death Benefits

The surviving spouse of a participant who dies before commencing his or her retirement benefits under the Plan will receive the same benefit that would be payable if the participant had retired with an immediate qualified joint and 50% survivor annuity on the day before the participant's death. This benefit is immediately payable to the spouse if the participant was already eligible for early retirement benefits. If the participant dies prior to becoming eligible for early retirement, payments to the spouse commence as of the earliest age the participant could have received benefits.

Administration

The Plan administrator is Sargent & Greenleaf, Inc.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

1. Background and Description of the Plan (continued)

Funding Policy

The Company's funding policy is to make annual contributions to the Plan in amounts not less than the amounts necessary to meet minimum funding requirements under the Employee Retirement Securities Act of 1974 (ERISA) and not more than the amounts permitted under the Internal Revenue Code (IRC). For 2010, the minimum required contribution was \$212,248. There was no minimum required contribution for 2009. During 2010, the Company made contributions to the Plan in the amount of \$328,000. During 2009, the Company made no contributions to the Plan. The Plan has met the ERISA minimum funding requirements.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment consists of an interest in The Stanley Works Pension Plan Master Trust (Master Trust) (Note 9). The fair value of the Plan's interest in the Master Trust is based on the Plan assets held in the Master Trust as adjusted for contributions, investment earnings and losses and actual benefit distributions.

Marketable securities within the Master Trust are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Fair Value of Investments

The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures* (ASC 820), for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 expands the disclosure requirements around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

These levels are:

Level 1 – Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 – Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Benefits

Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Administrative Expenses

To the extent permitted under ERISA, fees for actuarial and auditing expenses and other specified expenses of administration of the Plan are paid from the Master Trust, unless paid by the Company.

Adoption of New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update (ASU) 2010-06, "Improving Disclosures about Fair Value Measurements." The update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reasons for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than on a net basis. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

In May 2011, the FASB issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards." ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for reporting periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The Plan is currently evaluating the effect, if any, that the provisions of this pronouncement will have on its financial statements.

3. Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits under the Plan are based on the formula outlined in Note 1. Benefits payable under all circumstances (i.e. retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

An actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefit information as of the beginning of the Plan year follows:

	January 1,	
	2010	2009
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving payments	\$ 7,902,814	\$ 7,605,543
Other participants	6,682,447	7,058,864
Total vested benefits	14,585,261	14,664,407
Nonvested benefits	20,908	34,326
Total actuarial present value of accumulated plan benefits	\$ 14,606,169	\$ 14,698,733

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

3. Accumulated Plan Benefits (continued)

The following is a reconciliation of present value of accumulated benefits as of January 1, 2010:

Present value of accumulated plan benefits as of January 1, 2009	\$ 14,698,733
Changes during the year due to:	
Actuarial losses	40,869
Decrease in the discount period	1,057,736
Actual benefits paid	(1,191,169)
Net decrease	(92,564)
Present value of accumulated plan benefits as of January 1, 2010	<u>\$ 14,606,169</u>

Significant assumptions underlying the actuarial computations are as follows:

	2010	2009
Effective interest rate *	6.54%	6.46%
Mortality basis	Static tables under Section 430(h)(3)(a) of the IRC	Static tables under Section 430(h)(3)(a) of the IRC

* The effective interest rate is based on new rates mandated by the Pension Protection Act in 2008.

The rates at which participants are assumed to retire by age for 2010 and 2009 are:

Age 55-59:	2%
Age 60:	5%
Age 61:	10%
Age 62:	20%
Age 63:	10%
Age 64:	20%
Age 65-66:	50%
Age 67:	100%

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

4. Investments

The Company maintains The Stanley Works Pension Plan Master Trust Agreement for the Master Trust. Pursuant to the trust agreement, the assets of the Master Trust are held and administered by The Bank of New York Mellon (Trustee) as of December 31, 2010 and 2009. The Trustee holds cash, short-term investments and mutual funds, which are stated at fair market value. In accordance with the trust agreement, the Trustee holds the Plan's assets and executes investment transactions. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2010 and 2009, net appreciation of assets, interest income and expenses for the years ended December 31, 2010 and 2009, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The change in the difference between current value and the cost of investments is reflected as unrealized appreciation or depreciation in the aggregate current value of investments. The realized gain or loss on investments is the difference between the proceeds received and the average cost of investments sold. The total unrealized appreciation or depreciation and the realized gain or loss is reflected as net appreciation or depreciation of Plan assets within the operating results of the Master Trust.

The fair values of individual investments that represent 5% or more of the Plan's assets available for benefits are as follows (refer to Note 9 – Investment in Master Trust for additional information):

	December 31,	
	2010	2009
Plan's interest in Master Trust	\$ 15,552,885	\$ 14,584,304

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

5. Income Tax Status

The Internal Revenue Service has ruled that the form of the Plan is qualified under Section 401(a) of the IRC and therefore is not subject to tax under present income tax law. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status. An updated determination letter regarding the Plan was issued by the IRS on September 4, 2003. Amendments have been adopted subsequent to the receipt of the determination letter, including amendments required pursuant to the Pension Protection Act of 2006 and the Heroes Assistance and Relief Tax Act of 2008. The Plan administrator, which consults regularly with legal counsel regarding Plan matters, believes that the Plan is designed in compliance with the tax qualification rules and is currently being operated in accordance with its terms. Therefore, no provision for income taxes has been included in the Plan's financial statements. (see Note 11 – Subsequent Events for additional information.)

6. Risks and Uncertainties

The Plan, through its participation in the Master Trust, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

7. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. That portion of a participant's benefit derived from his or her own contributions.
- b. Benefits that former employees or their beneficiaries have been receiving for at least three years as of the date of the Plan termination, or that employees who were eligible to retire at least three years prior to the date of the Plan termination would have been receiving if they had retired and received benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest amount that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations (discussed below).
- d. All other vested benefits not insured by the PBGC.
- e. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2010 and 2009, the monthly ceiling was \$4,500. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination, whichever comes later. For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Pension Plan for Employees of Sargent & Greenleaf, Inc.

Notes to Financial Statements (continued)

7. Plan Termination (continued)

If participants receive all of their benefits pursuant to the termination of the Plan, any assets remaining after the benefits are provided will be returned to the Company.

8. Related Parties

Plan assets include an investment in a fund managed by The Bank of New York Mellon, which also serves as the Plan's Trustee and performs certain administrative services for the Plan and as such, these transactions qualify as party-in-interest transactions under ERISA. These party-in-interest transactions are deemed not to be prohibited because they are covered by statutory and administrative exemptions pursuant to the IRC and the rules under ERISA regarding prohibited transactions.

9. Investment in Master Trust

The Plan's investment consists of an interest in the Master Trust. The Master Trust was created and is maintained for certain employee pension benefit plans sponsored by Stanley Black & Decker, Inc. or a U.S. subsidiary of Stanley Black & Decker, Inc., including the Plan. The Plan's interest in the assets of the Master Trust was 13.3%, amounting to \$15,552,885 and 13.4%, amounting to \$14,584,304, as of December 31, 2010 and 2009, respectively. At January 2, 2009, the National Manufacturing Co. Pension Plan and the HSM Electronic Protection Services, Inc. Pension Plan assets were transferred into the Master Trust. Investment income and administrative expenses related to the Master Trust are allocated to the individual pension benefit plans based upon average monthly balances invested by each such plan.

The following is a summary of the financial information and data for the Master Trust certified by the Trustee, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

11. Subsequent Events

The Plan has evaluated events occurring between December 31, 2010 and September 26, 2011, the date the financial statements were available to be issued.

In January 2011, the Plan was amended in order to address compliance with EGTRRA and subsequent laws and IRS guidance and an application for a determination letter as to the tax qualification of the Plan, as amended, was filed with the IRS. On August 17, 2011, the IRS issued an updated favorable determination letter regarding the continued tax qualification of the Plan.

Normal Retirement Benefit

Eligibility: A participant is eligible for normal retirement on the first day of the month following his 65th birthday.

Benefit Formula: The normal retirement benefit for a participant is the greater of:

- (i) 50% of Average Annual Earnings minus 50% of Primary Social Security Benefit – reduced one-fifteenth for each year of Credited Service less than 15 years. Certain employees have maximum Social Security offset provision in accordance with Code Section 401(I) and certain location groups have additional benefit of \$3/month for each year of Credited Service.
- (ii) Pension Trust Benefit
- (iii) \$600; reduced one-fifteenth for each year of Credited Service less than 15 years.

Benefits are now frozen for all groups.

Commencement Date: The first day of the month immediately following the date the participant reaches age 65.

Normal Form of Benefit: Single employees – Life annuity
Married employees – Reduced qualified 50% joint and survivor annuity

Late Retirement

Payment of normal retirement benefits may be deferred beyond the normal retirement date up to five years. The late retirement benefit is the same as the normal retirement benefit taking into account Credited Service and Average Annual Earnings up to the late retirement date.

Early Retirement Benefit

Eligibility: After attaining age 55 and 10 more or years of service, an employee is eligible for early retirement

Benefit: The early retirement benefit is equal to the normal retirement benefit, reduced by 5/9 of 1% for each full calendar month for the first 60 months and 5/18 of 1% for each additional month by which the early retirement date precedes the normal retirement date.

The forms of payment available are the same as for normal retirement.

Disability Benefit

None.

Vested Benefits Upon Termination of Service

Eligibility: A participant whose employment is terminated before death or retirement is eligible for a vested deferred retirement benefit, provided the participant has at least 5 years (4 years for Safemasters) of credited service.

Termination Benefit: The participant's accrued benefit under the normal retirement benefit formula is provided. Payments commence on the first day of the month coinciding with, or following the participant's normal retirement date. Benefits payable prior to normal retirement date are reduced as for early retirement.

The forms of payment available are the same as for normal retirement.

Death Benefits for Participants Not Receiving Benefits

If a vested participant dies after becoming eligible for early retirement, a benefit equal to half of the participant's early retirement benefit under the 50% Joint and Survivor annuity option is payable to the surviving spouse.

If an active vested participant dies prior to becoming eligible for early retirement, the above benefit is deferred to the date the participant would have become eligible for early retirement.

Optional Forms of Payment

Life annuity, joint & 50% survivor, joint & 75% survivor. Optional forms of payment are determined using the 1994 Uninsured Pensioner Mortality Table and 5% interest.

Lump sum available for employees of Safemasters grandfathered group.

Pension Increases

Not Applicable.

Plan Participants' Contributions

Not Applicable.

Asset Method

Under this method, the valuation assets are equal to the average of three values (all determined without regard to receivable contributions), the result increased by the discounted present value of contributions expected to be made after the valuation date based on the prior plan year PPA effective interest rate. This amount is then subject to a 10% corridor around the market value of assets (including the discounted present value of receivable contributions) as of the valuation date. The three values used to develop the average value are: the market value of assets as of the current valuation date, the adjusted market value of assets as of the prior valuation date and the adjusted market value of assets as of the second prior valuation date. The adjusted market value as of a relevant valuation date is equal to the market value of assets as of the prior valuation date increased by actual plan contributions and assumed return on plan assets and decreased by actual plan disbursements after that date until the current valuation date. The assumed rate of return on plan assets for the prior plan year (pursuant to IRS Notice 2009-22) was 6.69%, which is the lesser of the anticipated rate of return on assets for the plan year, equal to 7.50%, and the applicable limitation for the plan year, equal to 6.69%. The assumed rate of return on plan assets for the second prior plan year (pursuant to IRS Notice 2009-22) was 6.43%, which is the lesser of the anticipated rate of return on assets for the plan year, equal to 8.00%, and the applicable limitation for the plan year, equal to 6.43%. Because expected investment returns under this method are limited under WRERA, over time it is more likely to produce an actuarial value that is expected to be less than the market value of assets.

Participant Data

Participant data was supplied by Stanley Black & Decker, Inc. as of January 1, 2010.

Tax Policy

The actuarial valuation performed for the plan year ending December 31, 2010 is used to determine the maximum deductible contribution for the tax year ending December 31, 2010.

Nature of Actuarial Calculations

The results documented in this report are estimates based on data that may be imperfect and on assumptions about future events. Certain plan provisions may be approximated or deemed insignificant and therefore are not valued. Assumptions may be made about participant data or other factors. Reasonable efforts were made in this valuation to ensure that items that are significant in the context of the actuarial liabilities or costs are treated appropriately, and not excluded or included inappropriately.

A range of results, different from those presented in this report could be considered reasonable. The numbers are not rounded, but this is for convenience only and should not imply precision, which is not inherent in actuarial calculations. Certain percentages determined in this report, such as the Funding Target Attainment Percentage, are truncated to be consistent with the instructions for Schedule SB of the Form 5500.

The assumptions selected for this valuation other than those prescribed by law, generally reflect long-term average expectations. If overall future plan experience is less favorable than assumed, the relative level of plan costs or contribution requirements determined in this valuation will likely increase in future valuations. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for the measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. It is beyond the scope of this actuarial valuation to analyze the potential range of future pension contributions, but we can do so upon request.

Change in Method

In accordance with 1.430(d)-1(g)(3)(ii)(A), automatic approval has been granted for the first plan year for which all the provisions of 1.430(d)-1, 1.430(f)-1, 1.430(g)-1, 1.430(i)-1, and 1.436-1 are reflected of any changes to funding methods permitted by the Pension Protection Act. 2010 is the first plan year for which all of these provisions were reflected, and thus all funding method changes are automatically approved.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
