Profit Sharing Plan and Trust (the Plan) as of December 31, 2010 and 2009, and for the years then ended, as listed in the accompanying index. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (John Hancock), the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2010 and 2009, and for the years then ended, that the information provided to the Plan Administrator is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements or supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of the Weaver and Tidwell L.L.P. Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Weaver and Tidwell L.L.P., (the Partnership), is a defined contribution profit sharing and 401(k) plan, covering employees of the Partnership who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer salary up to 90% of compensation, not to exceed the annual permissible dollar limit under section 402(g) of the Internal Revenue Code (IRC). Beginning in 2006, salary deferral contributions can be made as either pre-tax or Roth (after-tax) contributions.

The Plan provides for discretionary Partnership matching contributions, as well as discretionary profit sharing contributions based upon annual determinations by the Partnership. Participants who complete 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year are eligible to share in contributions made by the Partnership. The Partnership made matching contributions of $468,972 and $353,454 for 2010 and 2009, respectively. There were no profit sharing contributions in 2010 or 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Partnership's contributions and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance and the investments selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferrals, rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant becomes 20% vested after two years of credited service, increasing 20% each year until 100% vested after six years of credited service or upon death or total and permanent disability.

Forfeitures

Forfeitures of nonvested benefits are used to pay administrative expenses related to the operation of the Plan. Remaining forfeitures, if any, are used to reduce any Partnership contributions. At December 31, 2010 and 2009, available forfeited nonvested accounts totaled $100,036 and $67,335, respectively. No forfeitures were used in 2009 or 2010.

Notes Receivable From Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the total value of the participant's elected deferral contributions. Loans are for a period not exceeding five years unless used to acquire a personal residence and bear interest at a reasonable fixed rate of interest based on prevailing market rates. Loans are repaid through payroll withholdings, including principal and interest. Participants can have only one loan outstanding at a time.

Payment Of Benefits

The Plan provides for retirement at age 65, subject to postponement upon the mutual consent of the participant and the Partnership. At retirement or termination, whether by reason of death or total disability or otherwise, a participant may elect to receive a distribution paid as a lump-sum amount or installment payments.

Hardship Withdrawals

A participant may make withdrawals from his or her Plan account in the event of undue financial hardship, which includes payments for education expenses, medical expenses, and the purchase of a home.

Administrative Expenses

Plan forfeitures are used to offset recordkeeping fees. Loan and other transaction fees are paid by the Plan participants. The Partnership pays remaining fees and administrative expenses.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

In 2010, the Plan adopted recently issued accounting guidance that requires participant loans to be classified as notes receivable from participants and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments, and were subject to the fair value measurement and disclosure requirements described in Note 4. This guidance was applied retroactively to 2009 and had no impact on the Plan's net assets available for benefits.

Investment income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade date basis. Interest income from investments is recorded as earned. Dividends are recorded on the ex-dividend date.

Payment Of Benefits

Benefits are recorded when paid.

Reclassifications

Certain 2009 amounts have been reclassified, where appropriate, to conform to the presentation used in the 2010 financial statements.

Subsequent Events

Management has evaluated subsequent events through October 11, 2011, the date which the financial statements were available for issue.

3. Certified Financial Information

Financial information related to the assets and earnings thereon is included in the financial statements and is based on information provided by John Hancock Life Insurance Company (John Hancock). This information, which has not been audited by the Plan's independent auditors, has been certified that such information is complete and accurate.

All investments in the Plan are participant-directed.

The following investments represent 5% or more of the Plan's net assets as of the end of the respective Plan year:

	December 31,	
	2010	2009
Pooled Separate Accounts		
Lifecycle Aggressive	**$ 2,180,877**	$ 3,736,750
Lifestyle Balanced	**3,191,834**	4,400,884
Lifestyle Growth	**7,531,717**	11,778,818

The Plan has an investment contract with John Hancock. John Hancock maintains contributions in pooled separate accounts that are credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The values of the pooled separate accounts are adjusted daily based on the fair values of the underlying investments. The value of each pooled separate account is expressed in units, with such value determined at the close of each business day by dividing the fair value of the account by the total number of units in the account. Contributions increase the number of units while withdrawals decrease the number of units of the Plan based on daily unit value. Investment income and loss are allocated in the same manner.

4. Fair Value Measurements

The Plan follows accounting standards which establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemptions rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in the market conditions, liquidity requirements, and the economic environment may significantly affect the NAV of the registered investment companies and, consequently, the fair value of the Plan's investments.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

The investment strategies of the underlying investments are:

Index Funds aim to replicate the movements of an index of a specific financial market, or set rules of ownership that are held constant, regardless of market conditions.

Growth Funds seek long term growth of capital.

Value Funds seek to achieve long-term capital appreciation and growth of capital by investing in undervalued stocks that have the potential for significant longer-term rewards.

Equity Funds invest primarily in common stocks of companies of any size located throughout the world, and seeks long-term growth of capital in a manner consistent with the preservation of capital.

Lifestyle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to maximize investment return while staying in-line with the investors' risk tolerance.

Lifecycle Funds invest in a mix of assets (stocks, bonds, cash equivalents) in order to meet the investment horizon appropriate for the particular investor.

Bond Funds seek income or growth of income with less emphasis on capital appreciation.

Opportunity Funds seek to achieve long-term growth of capital by investing in equity securities in an attempt to take advantage of what it believes are opportunistic situations for undervalued securities.

Other Funds include various investments and approaches that focus on return of capital and stable income.

There have been no changes in the methodology used at December 31, 2010 or 2009.

5. Related Party And Party-In-Interest Transactions

The Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the Custodian, as defined by the Plan and, therefore these transactions qualify as party-in-interest transactions.

Certain employees have outstanding loans with the Plan as of December 31, 2010 and 2009. These loans are considered party-in-interest transactions in accordance with Department of Labor guidelines. Total outstanding loans as of December 31, 2010 and 2009 were $253,700 and $194,344, respectively.

6. Notes Receivable From Participants

Loans are secured by participants' vested account balances. The loans are due in semi-monthly payments, through payroll withholdings, including principal and interest at rates ranging from 3.25% to 9.75%. The final installments are due on various dates through April 2038.

7. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Plan Merger

In June 2010, the Partnership merged with Elms, Faris & Company, LLP. In connection with the merger, assets totaling $1,231,123 were transferred into the Plan from the Elms, Faris & Company, LLP 401(k) Plan.

During 2009, the Partnership merged with Polansky McNutt Perry & Company, P.C. In connection with the merger, assets totaling $526,184 were transferred into the Plan from the Polansky, McNutt, Perry & Company 401(k) Plan.

10. Income Tax Status

The Plan obtained its latest determination letter dated May 26, 2009 in which the Internal Revenue Service (the IRS) stated that the Plan and related trust was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan, as amended, is qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns for tax years 2007 and later remain subject to examination by taxing authorities
