These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan sponsor instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan sponsor that the custodian holds the Plan's investment assets and executes investment transactions. The plan sponsor has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan sponsor by the custodian is complete and accurate.

As described in Note B, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WS97 CAPITAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS
DECEMBER 31, 2010

NOTE A – DESCRIPTION OF PLAN

The following description of the WS97 Capital 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Sponsor. The Plan is sponsored by WS97 Capital, Inc. ("Plan Sponsor"). Employees of the following related entities are eligible to participate in the Plan; General Plastics & Composites, LP, GP Rubber, LP, GPR Machine, LP, and Express Boring & Machine, LP.

General. The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have six consecutive months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions. Each year, participants may contribute pretax annual compensation up to the maximum allowed by federal law for the plan year. Federal law places a limit on the total amount of compensation that the participant may defer in any calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up payments. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor's discretionary matching contribution applies only to a participant's applicable contributions that do not exceed a dollar amount or percentage of included compensation that is uniformly determined by the Plan Sponsor for all eligible participants. The uniform percentage determined by the Plan Sponsor for the plan year was 4% of included compensation. The Plan Sponsor may also, in its discretion, make nonelective contributions. Nonelective contributions are subject to certain conditions.

Participant Accounts. Each participant's account is credited with the participant's contribution and employer match and an allocation of forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The assets of the plan, both employee and employer, are allocated to the various investment funds available at the direction of the participant.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum distribution of the entire vested account balance, single sum distribution of a portion of the vested account balance, or in installments for a specified term. If the vested account balance is $5,000 or less, the distribution will be made in a lump sum payment following the participant's termination date. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may be eligible for in-service distributions given that the participant is 100% vested and has reached the age of 59 ½.

Forfeited Accounts. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $2,809 and $1,063, respectively. These accounts will be reallocated to participants using a uniform percentage of included compensation if the contribution was a nonelective contribution. Direct employer match contributions will reduce the employer matching contributions.

NOTE A – DESCRIPTION OF PLAN, continued

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant becomes 100% vested if while employed with the Plan Sponsor the participant dies or becomes disabled.

Administrative Expense. Administrative expenses include amounts paid to Great-West Retirement Services by plan participants to act as the custodian. Great-West Retirement Services applies administrative fees to participant account balances upon distributions, loan origination, and annual loan administration. Amounts paid to Great-West Retirement Services totaled $2,250 and $2,600 for the years ended December 31, 2010 and 2009, respectively.

Participant Loans. The Plan allows for loans to participants, where the loans are available to participants on a reasonably equivalent basis, are not available to highly compensated employees in an amount greater than the amount that is available to other participants, bear a reasonable rate of return, provide for periodic repayment within a specified period of time, and do not exceed, for any participant, the specified amount. Participant loans must provide for level amortization with payments to be made not less frequently than quarterly and a period not to exceed five years (with the exception of loans used to purchase a principal residence). A participant loan may not be made to the extent such loan exceeds the lesser of: (a) $50,000 or (b) one half of the participant's vested account balance. Participant loans are not to be made to any owner-employee unless a prohibited transaction exemption for such loan is obtained from the Department of Labor. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2010 and 2009, participant loans receivable totaled $75,749 and $53,609, respectively. Participant loans are recorded under the caption "Notes receivable from participants" on the Statement of Net Assets Available for Benefits.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The financial statements apply Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* ("FASB ASC 820") (Statement on Financial Accounting Standards No. 157). FASB ASC 820 establishes a single authorative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement. Refer to Note E for the FASB ASC 820 disclosure about fair value measurement.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

New Accounting Pronouncement/Update. FASB ASU No. 2010-25 – In September 2010, the FASB issued Update No. 2010-20 - Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans. FASB ASU No. 2010-25 clarifies how loans to participants should be classified and measured by defined contribution benefit plans. The amendments to the update require that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Previously, participant loans were classified as investments and presented at fair value. FASB ASU No. 2010-25 should be applied retrospectively to all prior periods presented and is effective for fiscal years ending after December 15, 2010. The Plan Sponosor adopted ASU No. 2010-25 for the fiscal year ending December 31, 2010 and have adjusted the financial statements and disclosures accordingly.

Investment Valuation and Income Recognition. Net assets and additions to net assets are recognized when received rather than when earned and deductions from assets are recognized when paid rather than when the liability is incurred. The Plan's basis of accounting is a modified cash basis because investments are reported at fair value. The Department of Labor recognizes the cash basis of accounting as an acceptable method for reporting purposes, but requires modifications to state investments at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Estimates. The preparation of financial statements in conformity with U. S. generally accepted accounting principles and in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Operating Expenses. Expenses of maintaining the Plan are paid by the Plan Sponsor. Administrative fees for distributions, loan origination, and annual loan administration are applied to the participant account balances when incurred.

Payment of Benefits. Benefits are recorded when paid.

Excess Contributions. Excess deferral contributions, which are not material, are refunded to the participants. During the year ended December 31, 2010 corrective distributions of $1,738 were made to certain active participants returning to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Reclassifications. Certain reclassifications have been made to prior period amounts to conform to the current year presentation.

NOTE C – INVESTMENTS

Information regarding investments as of December 31, 2010 and 2009 and investment income for 2010 and 2009 was obtained from and certified by the custodian as complete and accurate.

The following table presents fair value of investment measured on a recurring basis at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Total net assets	$ 2,399,484	$ 1,866,708

(***) Investment did not meet the 5% threshold of the Plan's net assets for noted year.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $225,553.

NOTE D – INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan currently holds one investment contract with Great-West Retirement Services: Guaranteed Portfolio Fund. The Guaranteed Portfolio Fund provides a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of Great-West Life & Annuity Insurance Company (parent to Great-West Retirement Services) back these guarantees. The Guaranteed Portfolio Fund credits interest on a quarterly portfolio basis. That means that all money deposited in the account regardless of when it was deposited receives the same interest rate. A new quarterly interest rate is established each quarter. The fair value of the investment contract at December 31, 2010 was $497,685 plus the fair value of forfeitures of $2,809. The fair value of the investment contract at December 31, 2009 was $353,978.

NOTE D – INVESTMENT CONTRACTS WITH INSURANCE COMPANY, continued

As of December 31, 2009 the Plan also held an investment contract with Great-West Retirement Services for the Guaranteed Certificate Fund. The Guaranteed Certificate Fund provides a guarantee of principal and a guaranteed quarterly interest rate. The entire general account assets of Great-West Life & Annuity Insurance Company (parent to Great-West Retirement Services) back these guarantees. The Guaranteed Certificate Fund credits interests daily until maturity. The fair value of this investment contract at December 31, 2009 was $40,608. The aggregated fair value of the investment contracts at December 31, 2009 was $394,586 plus the fair value of forfeitures of $1,063.

The investment is recorded under the caption “Investment in insurance company general account’” on the Statement of Net Assets Available for Benefits.

NOTE E – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (SFAS No. 157) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The plan has used Level 2 inputs to measure fair value on all investment options which include fixed and variable annuities. Level 2 valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly (example: quoted prices used to value similar instruments in active markets such as bonds). Participant loans are valued at cost using Level 3 inputs as the valuations are based upon unobservable inputs (assumptions based on the best information available) as there is no market activity.

As required by FASB ASC 820, at December 31, 2010, the Plan’s portfolio investments were classified as follows, based on fair values:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Fixed Annuities	$ -	$ 500,494	$ -	$ 500,494
Variable Annuities	-	1,898,990	-	1,898,990
Total Assets at Fair Value	$ -	$2,399,484	$ -	$2,399,484

NOTE E – FAIR VALUE MEASUREMENTS, continued

As required by FASB ASC 820, at December 31, 2009, the Plan's portfolio investments were classified as follows, based on fair values:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Fixed Annuities	$ -	$ 395,649	$ -	$ 395,649
Variable Annuities	-	1,471,059	-	1,471,059
Total Assets at Fair Value	$ -	$1,866,708	$ -	$1,866,708

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

NOTE G – TAX STATUS

WS97 Capital 401(k) Plan was developed utilizing a prototype sponsor, Orchard Trust Company, LLC. The Internal Revenue Service has determined and informed Orchard Trust Company by letter dated November 27, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan sponsor has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Beginning in the last half of 2008, turmoil in the United States and worldwide financial markets caused significant declines in the value of investments held by the Plan. As noted above, participants direct their own investments. Therefore, future declines or increases in the value of investments is dependent upon the investment choices made by the individual participants and by the performance of those individual funds and is not under the control of the custodian.

NOTE I – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through August 25, 2011, the date on which the financial statements were issued, noting no events or transactions occurred requiring potential recognition or disclosure in the financial statements.
