Report of Independent Certified Public Accountants

The Trustees
Interfoods of America, Inc. Employees' Savings Plan

We were engaged to audit the financial statements of Interfoods of America, Inc. Employees' Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the certified Plan assets and executes the related transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the America Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A - DESCRIPTION OF PLAN

The following description of the Interfoods of America, Inc. Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, amended and restated effective January 1, 2008, and was established by the Plan Sponsor, Interfoods of America, Inc. and Subsidiaries (the "Company") for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

American United Life Insurance Company ("AUL") is the Plan trustee and custodian for the Plan's assets.

Eligibility and Participant Contributions

All eligible employees who are at least 21 years of age and have completed one year of service may participate in the Plan. Each year, participants may elect to contribute not less than 1% nor more than 15% of their annual pretax compensation (referred to as an "elective deferral"), as defined in the amended Plan. Participants may modify their contribution percentage at any time. Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions"). There were no rollover contributions for the year ended December 31, 2010. Catch-up contributions, as defined in the Internal Revenue Code ("IRC"), are permissible for eligible participants who are at least age 50 or will attain age 50 before the end of the calendar year. All participant contributions during a Plan year are subject to maximum dollar limitations established by the IRC. For the year ended December 31, 2010, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $16,500, plus catch-up contributions of $5,500 for eligible employees.

Matching Contributions

The Company may make matching contributions at its discretion equal to a uniform percentage, determined yearly by the Company, of participants' salary deferrals. Salary deferrals for each year which exceed 10% of the participants' compensation for such period will not be considered for matching. To share in the matching contribution for a Plan year, participants must be employed with the Company on the last day of the Plan year and have completed a year of service as defined by the Plan. Company matching contributions are remitted to the Plan at the same time the corresponding participants' contributions are remitted. No discretionary matching contributions were made during 2010.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Participant Accounts

A separate individual account is established for each participant in the Plan. Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary contribution (if any) and (b) the Plan's earnings. In addition, each participant account is charged with an allocation of the cost of administrative expenses. Loans and loan repayments are withdrawn and credited, respectively, to participant accounts. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's contributions vest 20% after the participant's second year of continuous service and vest 20% each year thereafter. A participant is 100% vested after six years of credited service. Automatic 100% vesting occurs upon death, disability, attainment of age 65, or upon termination of the Plan by the Company. Upon termination of employment, the non-vested portion of a participant's account is forfeited.

Forfeitures

Employer contributions in forfeited non-vested accounts are used to pay administrative expenses of the Plan. Any remaining forfeitures attributable to amounts other than employer matching contributions will be used to reduce any employer contribution. Any forfeitures remaining, subsequent to the first two allocations, attributable to matching contributions will be used to reduce future employer contributions. In 2010, total forfeitures were $1,866, all of which was allocated among the participants. At December 31, 2010 and 2009, there were no unallocated forfeitures.

Investment Options

Amounts contributed to the Plan are held in a trust created under the Plan. Participants may elect to have their voluntary contributions and the Company contributions invested in any or all of the open investment funds consisting of various pooled separate accounts or a guaranteed investment contract which are managed by AUL. Participants have the ability to modify their investment elections at their discretion.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Notes Receivable from Participants

Participants may obtain a loan from the Plan collateralized by the participant's vested account balance. A loan cannot exceed the lesser of one-half the vested interest of a participant's account balance or $50,000 and must be at least $1,000. The loans bear interest at rates commensurate with local prevailing rates at the date of issuance, as determined by the Plan administrator. All loans must be repaid within a five year period unless it is for the purchase of a principal residence, which allows ten years for repayment. Loan repayments are made through payroll deductions and are reinvested in accordance with the participants' current investment elections.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in either a lump-sum or in installments not exceeding the life expectancy of the participant or his or her designated beneficiary. Participants may also withdraw funds from their account when they reach the normal retirement age, as defined by the Plan or in the event of financial hardship. Benefits are recorded as deductions from net assets available for benefits when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. As of December 31, 2010 and 2009, the contract value of the Plan's investment in their Guaranteed Interest Account approximates fair value. As such, no adjustment was made to the statements of net assets available for benefits.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for investment options in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Adoption of New Accounting Standards

In September 2010, Financial Accounting Standards Board ("FASB") issued an amendment, Plan Accounting – Defined Contribution Pension Plans (Topic 962): *Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. That guidance requires participant loans to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participants' loans of $248,352 at December 31, 2009 from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Adoption of New Accounting Standards - Continued

In January 2010, the FASB issued guidance that clarifies existing disclosures and requires new disclosures about fair value measurements. The clarifications and the requirement to disclose the amounts and reasons for significant transfers between Level 1 and Level 2 and significant transfers into and out of Level 3 of the fair value hierarchy are effective for periods beginning after December 15, 2009. The new requirement that purchases, sales, issuances, and settlements be presented gross in the Level 3 reconciliation is effective for fiscal years beginning after December 15, 2010 and for interim periods within those years, with early adoption permitted. Since this new guidance only amends the disclosure requirements, it will not have any impact on the Plan's statement of net assets available for benefits or statement of changes in net assets available for benefits.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Fees

The Company pays certain administrative fees associated with the Plan. Fees relating to Plan investments will generally be allocated among the accounts of all participants in the Plan proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocation depends on the nature of the expense itself. Expenses specifically incurred by, or attributable to, a participant may be allocated directly to a specific participant's account. Administrative functions are performed by certain employees of the Company. No such employees receive compensation from the Plan.

NOTE C - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2010	2009
OneAmerica Money Market	$ 293,782	$ 321,671
AUL Fixed Fund	422,417	431,408
Vanguard Short-Term Federal	215,517	233,653
AmCent Strategic Alloc Moderate	351,557	252,009
Fidelity (VIPII) Contrafund	222,169	193,328
Amcent Small Cap Value	177,908	147,305
Amcent Equity Income	129,591*	134,623

* Did not represent five percent or more of the Plan's net assets at year-end.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $223,738 all of which related to the pooled separate accounts.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820 *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(continued)

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts - Stated at fair value, as determined by the unit value reported by AUL by dividing the fund's net assets at fair value by the total units outstanding.

Guaranteed Interest Account - Stated at fair value, as determined by discounting the related cash flows based on current yields of similar instruments

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Fix Interest/Stable Value/Cash	$ -	$ 293,782	$ -	$ 293,782

(continued)

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Fix Interest/Stable Value/Cash	$ -	$ 321,671	$ -	$ 321,671

Total investments at fair value	$ -	$ 2,001,620	$ 431,408	$ 2,433,028

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

Guaranteed interest account:	
Balance, beginning of year	$ 431,408
Purchases, sales, issuances and settlements, net	(8,991)
Balance, end of year	$ 422,417

NOTE E - INVESTMENT CONTRACT

The Plan enters into a benefit-responsive investment contract with AUL. AUL maintains the contributions in pooled accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The Plan also offers a guaranteed interest investment option that earns guaranteed interest at specified rates for specified contract periods. Contributions to these accounts are invested in the general assets of AUL and are guaranteed by AUL.

(continued)

NOTE E - INVESTMENT CONTRACT - Continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The average yield and crediting interest rates earned on the guaranteed accounts as of December 31, 2010 and 2009 were as follows:

	2010	2009
Average yields:		
Based on actual earnings	3.55%	3.72%
Based on interest rate credited to participants	3.49%	3.75%

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator is aware of certain minor operational errors which if left uncorrected could impact the Plan's qualified status. However, the Plan administrator has determined that such minor operational errors may be corrected under IRS Rev. Proc 2008-50. As such, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by AUL, custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. AUL also provides administrative services to the Plan. There were $1,938 in fees paid to AUL by the Plan for investment and administrative services for the year ended December 31, 2010 of which all was charged directly to the participants' accounts. AUL is also an affiliated company of One America which manages certain plan investments as well. Therefore, these transactions also qualify as party-in-interest transactions.

NOTE I - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, AUL has certified that the following data included in the financial statements and supplemental schedule are complete and accurate:

- Investments, and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009.

- Net investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2010.

- Schedule H, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2010.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by AUL to the related information included in the financial statements and supplemental schedule.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2011, which is the date these financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

December 31, 2010

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
