ATS EMPLOYEES 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

A. Summary of Significant Accounting Policies

1. Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

2. Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition. Assets are stated at fair value in the statement of net assets available for benefits. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Any net unrealized appreciation or depreciation of investment assets for the year are reflected in the statement of changes in net assets available for benefits in accordance with the U.S. Department of Labor rules for preparation of employee benefit plan financial statements.

4. Risk and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

5. Payment of Benefits. Benefits are recorded when paid.

B. Description of Plan

The following description of ATS Employees 401(K) Profit Sharing Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan, formed on July 1, 1987, covering employees of Austin Traffic Signal Construction Company, L.P. (Company) and its affiliate ATS Drilling, L.P., meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all requirements of Sections 401(a) of the Internal Revenue Code.

   The Plan's original Adoption Agreement elected a fiscal year ended June 30. Effective July 1, 1997, the Plan amended the Adoption Agreement to change the year end to December 31.

2. Participation. Company employees eligible to participate in the Plan must be at least twenty-one years of age; must have served the Company a minimum of six months; and are actively employed by the Company on the last day of the Plan Year.

3. Contributions. Each year the Company determines the discretionary amount, if any, to contribute to the Plan.

   Each employee's share of the Company's discretionary contribution is determined by the ratio of their compensation divided by total eligible compensation times the Company's discretionary contribution.

   The Company elected to make discretionary contributions of $100,000 and $150,000 for the plan years ended December 31, 2010 and 2009, respectively.

   Beginning on July 1, 2002, employees may elect to contribute up to a portion of their pre-tax compensation pursuant to their salary deferral agreements on file with the Company. For 2010 and 2009, a participant's compensation taken into account under the Plan was limited to $245,000, as required by IRC Section 401(a)(17) as amended by OBRA '93. Each participant may elect to have compensation deferred up to 20% for the plan year or a maximum of $16,500 for 2010 and 2009. Compensation includes the employees elective contributions. The Company did not make any matching contributions for the years ended December 31, 2010 and 2009.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

B. Description of Plan (continued)

Participants age 50 or older, may elect to defer additional amounts, called "catch-up" contributions, to the Plan. The additional amounts may be deferred regardless of any other limitations. The additional contribution amount for 2010 and 2009 is $5,500.

4. Participant Accounts. Accounting records for individual participants are maintained by a third-party administrator. Each participant's account is credited with the participant's income deferral, any employer contributions, net plan earnings, and forfeitures. Participants are allowed to direct their investments under the plan.

5. Vesting. Participants are vested in employer contributions at the rate of ten percent (10%) per year for the first two years and twenty percent (20%) for each year thereafter. A participant is one-hundred percent (100%) vested after six years of service. Upon death, disability retirement, or normal retirement age, the participant becomes 100% vested in his account, irrespective of the vesting schedule. Participants are immediately and fully vested in their elective salary deferral contributions to the Plan.

6. Payments of Benefits. In the event of termination of service with the Company, hardship or death, a participant will receive a distribution in the form of a single lump sum payment equal to the participant's vested interest in their accounts.

7. Expenses of the Plan. The Company's management is responsible for approving all distributions, benefit payments and administrative expenses. Personnel of the Company perform various administrative services for the Plan. All payroll and related overhead costs associated with these services are paid by the Company. Effective for plan year 2009, the Plan is required to report the service provider administrative fees and investment fees that are withdrawn directly from plan investments. These fees are reported on the Statement of Changes in Net Assets Available for Benefits.

8. Forfeitures. Participant forfeitures of non-vested matching contributions are added to the Company's next matching contribution and are allocated to the remaining plan participants. Participant forfeitures of non-vested discretionary contributions are added to the Company's next discretionary contribution and are allocated to the remaining plan participants based on the Company's discretionary percentage allocation. Forfeitures are not used to pay administrative expenses.

9. Loans to Participants. Loans are not permitted by the Plan.
