The Administrative Committee
American Commercial Lines LLC 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of American Commercial Lines LLC 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information referred to in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements

December 31, 2010

1. Description of Plan

The following description of the Plan provides only general information. For a more comprehensive description of the Plan's provisions, participants should refer to the Summary Plan Description which is available from the ACL Benefits Department.

The participants of American Commercial Lines LLC 401(k) Plan (the Plan) include certain employees of American Commercial Lines LLC (ACL) and other subsidiaries of ACL's parent. The Plan was re-stated effective January 1, 2009. The changes made with the re-statement included the required changes under the Pension Protection Act of 2006 (PPA) and the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and other minor changes that had no significant impact on the Plan.

Following are recent material changes and amendments to the Plan.

- Effective January 1, 2008, the Plan was amended to allow the hourly bargained employees of Jeffboat LLC to be considered Eligible Employees for Actual Deferral Percentage (ADP) Safe Harbor Matching Contributions.
- On November 30, 2009, Summit Contracting LLC, a subsidiary of ACL's parent, was sold and as a result, the employees of Summit Contracting LLC and its subsidiaries were no longer eligible to participate in the Plan. On March 15, 2010 the assets of the employees of Summit Contracting LLC and its subsidiaries were transferred from the Plan.
- Effective November 1, 2010, the Plan was amended to allow Roth after-tax contributions.

General

The Plan is a defined contribution plan covering full-time employees of ACL and affiliated companies (the Company or the Employer) who have completed 30 days of service (90 days for hourly bargained employees of Jeffboat LLC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Contributions

Participants may elect to contribute 1% to 50% of their compensation, as defined by the Plan. Participant contributions are made on a pretax basis or beginning in 2010, on an after tax basis (Roth contributions) within the limits imposed by the Internal Revenue Code (the Code) in any of the permitted investment alternatives. Participants may revise investment direction at any time during the year.

Employer Contributions

Employer matching contributions are 100% of participant contributions that do not exceed 3% of compensation and 50% of participant contributions that exceed 3% but do not exceed 5% of compensation.

Employees covered under the United Mine Workers labor agreement do not receive an employer match on their contributions. Beginning in March 2011, employees covered under the United Mine Workers labor agreement may be eligible for an employer match, subject to the implemented terms and conditions of employment.

Participant Accounts

Each participant's account is credited with the participant's contribution, their portion of the employer contribution, and allocations of plan earnings and expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. All amounts in participant accounts are participant-directed.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the various investment fund options offered under the Plan. Participants may change their investment options at any time. Company contributions are allocated based on the participants' investment elections.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting, Withdrawals and Distributions

Participants are immediately vested in their contributions plus actual earnings thereon, and employer matching contributions and discretionary contributions plus actual earnings thereon. Beginning March 2011, Employees covered under the United Mine Workers labor agreement may be subject to a three year cliff vesting schedule related to any employer matching contributions per the implemented terms and conditions of employment.

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$1,000 may elect to keep their vested account balance in the Plan, receive a lump-sum distribution or receive installment payments on a monthly, quarterly, semi-annual or annual basis. A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in the previous 12 months, or 50% of their vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate as reported in *The Wall Street Journal* on the first business day of the month, plus 1%. Principal and interest are paid ratably quarterly or more frequently through payroll deductions.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Administrative Expenses

Administrative expenses for administration, investment advice, and other services are principally paid by the Plan. The Plan is not charged for administrative services performed on its behalf by the Employer.

Plan Administration

The Company is the Plan Administrator. T. Rowe Price Trust Company is the Plan's Trustee.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Reclassifications

Certain prior year amounts in the statement of net assets available for benefits have been reclassified to conform to the current year presentation.

Payment of benefits

Benefits are recorded when paid.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investments

The Plan's investments are stated at fair value. Securities traded on a national security exchange are valued at the last reported sales price on the last business day of the plan year. The mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The fair value of the participation units owned by the Plan in the collective trusts is based on quoted redemption values on the last business day of the plan year. Fully benefit-responsive investment contracts included in collective trusts are valued at fair value, but are adjusted to contract value as described below. All securities transactions of the Plan are traded in an active market and are recorded as of the trade date.

The TRP Stable Value Fund invests in fully benefit-responsive investment contracts. This fund is recorded at fair value (see Note 3); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

New Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each “class” of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect the Plan’s net assets available for benefits or its change in net assets available for benefits.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to participants by Defined Contribution Pension Plans*, (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued, unpaid interest and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 31, 2010 and is required to be applied retroactively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

American Commercial Lines LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in US generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

3. Investments

The fair value of all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2009, was obtained or derived from information supplied by the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan. The contract value of the T. Rowe Price Stable Value Fund was also certified as complete and accurate by the T. Rowe Price Trust Company.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

4. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

When available, quoted market prices are used to determine fair value and such measurements are classified within Level 1. If market prices are not available, observable market-based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon the Plan's measurements of fair value and such measurements are classified as Level 3. The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2010:

^(a) This category includes investments in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These funds share the common goal of first growing and then later preserving principal and contain a mix of U.S. common stocks, U.S. issued bonds and cash. There are currently no redemption restrictions on these investments.

^(b) This category includes a common collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

5. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2008-6 and 2005-16, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan has been designed to comply with the requirements of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party Transactions

The Plan holds units of common/collective trust funds managed by T. Rowe Price Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.
