NOTE 1 - Description of Plan

The following brief description of the Quaker Equities, Ltd. 401(k) Plan for Union Workers (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all union employess of Quaker Equities, Ltd. (the "Company") who have 60 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - Description of Plan (continued):

Payment of Benefits

On termination of service due to death, disability, or retirement, or any other causes, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the cash basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of accounting policies (continued):

Net Appreciation (Depreciation) In Fair Value of Investments

Net unrealized appreciation (depreciation) and net realized gains (losses) on investments are recorded in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. In accordance with the Plan Accounting - Defined Contribution Pension Plans accounting literature, 2009 participant loans have been reclassified from investments to notes receivable from participants on the Statements of Net Assets Available for Benefits. In addition, footnote disclusre for 2009 fair value measurements (Note 3) also reflect the Plan's adoption of the standard in this literature.

Date of Management's Review

The Plan's management evaluated subsequent events through September 30, 2011 which is the date the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, althrough the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair value Measurements Using:	
	Fair Value	Level 1	Level 3
December 31, 2010			
Mutual Funds	$ 1,262,858	$ 1,262,858	$ -
Investment contract	460,752	-	460,752
Total	$ 1,723,610	$ 1,262,858	$ 460,752

		Fair value Measurements Using:	
	Fair Value	**Level 1**	**Level 3**
December 31, 2009			
Mutual Funds	$ 1,232,284	$ 1,232,284	$ -
Investment Contract	292,980	-	292,980
Total	$ 1,525,264	$ 1,232,284	$ 292,980

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs into valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following table provides further details of the Level 3 fair value measurements

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contract
December 31, 2010	
Beginning balance	$ 292,980
Purchases, sales, issuances, and settlements (net)	167,772
Ending balance	$ 460,752

	Investment Contract
December 31, 2009	
Beginning balance	$ 525,523
Purchases, sales, issuances, and settlements (net)	(232,543)
Ending balance	$ 292,980

NOTE 4 - Information Certified by the Trustee (Unaudited)

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the trustee has provided and certified that the following information included in the financial statements and supplemental schedule is complete and accurate at December 31, 2010 and 2009 and for the year ended December 31, 2010:

- Statement of Net Assets Available for Benefits - all investments, notes receivable from participants, cash and cash equivalents.
- Statement of Changes in Net Assets Available for Benefits - all items and amounts, excluding the net effect of contributions receivable.
- Supplemental Schedule - all items and amounts.

NOTE 5 - Investments

The following table presents investments that represent 5% or more of the Plan's net assets:

	2010	2009
Investments at estimated fair value		
Wells Fargo Adv International	$ 248,753	$ -
American Growth Fund of America Class A	$ 248,642	$ 203,981
Loomis Sayles Strategic Income A	$ 204,169	$ 177,512
Oakmark Equity & Income Dund II	$ 165,943	$ 145,096
Dreyfus Midcap Index Fund	$ 146,896	$ -
JP Morgan Core Bond Fund Select Class	$ -	$ 162,465
Evergreen International Equity	$ -	$ 213,284
Investment at contract value		
Wells Fargo Stable Return Fund	$ 450,853	$ -
Wachovia Diversified Stable Value A	$ -	$ 298,297

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $172,000.

NOTE 6 - Investment Contract with Insurance Company

The Plan has an investment in a fully benefit responsive investment contract through its holdings in the Wells Fargo Stable Return Fund. Wells Fargo maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $460,752 and $292,980, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less then zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Wells Fargo. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date. The average yield and crediting interest rate was 2.38% and 2.90% for the year ended December 31, 2010 and 3.56% and 2.54% for the year ended December 31, 2009 .

NOTE 7 - Administrative Expenses

Certain administrative expenses are paid by the Company.

NOTE 8 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 - Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 8, 1997, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code").

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax councel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 1,774,385	$ 1,574,271
Contributions receivable at end of year	-	(4,223)

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Quaker Equities, Ltd. 401(k) Plan for Union Workers

We were engaged to audit the financial statements and supplemental schedule of Quaker Equities, Ltd. 401(k) Plan for Union Workers as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - Description of Plan

The following brief description of the Quaker Equities, Ltd. 401(k) Plan for Union Workers (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all union employess of Quaker Equities, Ltd. (the "Company") who have 60 days of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - Description of Plan (continued):

Payment of Benefits

On termination of service due to death, disability, or retirement, or any other causes, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the cash basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of accounting policies (continued):

Net Appreciation (Depreciation) In Fair Value of Investments

Net unrealized appreciation (depreciation) and net realized gains (losses) on investments are recorded in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. In accordance with the Plan Accounting - Defined Contribution Pension Plans accounting literature, 2009 participant loans have been reclassified from investments to notes receivable from participants on the Statements of Net Assets Available for Benefits. In addition, footnote disclusre for 2009 fair value measurements (Note 3) also reflect the Plan's adoption of the standard in this literature.

Date of Management's Review

The Plan's management evaluated subsequent events through September 30, 2011 which is the date the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair value. Furthermore, althrough the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair value Measurements Using:	
	Fair Value	Level 1	Level 3
December 31, 2010			
Mutual Funds	$ 1,262,858	$ 1,262,858	$ -
Investment contract	460,752	-	460,752
Total	$ 1,723,610	$ 1,262,858	$ 460,752

		Fair value Measurements Using:	
	Fair Value	**Level 1**	**Level 3**
December 31, 2009			
Mutual Funds	$ 1,232,284	$ 1,232,284	$ -
Investment Contract	292,980	-	292,980
Total	$ 1,525,264	$ 1,232,284	$ 292,980

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs into valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following table provides further details of the Level 3 fair value measurements

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contract
December 31, 2010	
Beginning balance	$ 292,980
Purchases, sales, issuances, and settlements (net)	167,772
Ending balance	$ 460,752

	Investment Contract
December 31, 2009	
Beginning balance	$ 525,523
Purchases, sales, issuances, and settlements (net)	(232,543)
Ending balance	$ 292,980

NOTE 4 - Information Certified by the Trustee (Unaudited)

In accordance with the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA, the trustee has provided and certified that the following information included in the financial statements and supplemental schedule is complete and accurate at December 31, 2010 and 2009 and for the year ended December 31, 2010:

- Statement of Net Assets Available for Benefits - all investments, notes receivable from participants, cash and cash equivalents.
- Statement of Changes in Net Assets Available for Benefits - all items and amounts, excluding the net effect of contributions receivable.
- Supplemental Schedule - all items and amounts.

NOTE 5 - Investments

The following table presents investments that represent 5% or more of the Plan's net assets:

	2010	2009
Investments at estimated fair value		
Wells Fargo Adv International	$ 248,753	$ -
American Growth Fund of America Class A	$ 248,642	$ 203,981
Loomis Sayles Strategic Income A	$ 204,169	$ 177,512
Oakmark Equity & Income Dund II	$ 165,943	$ 145,096
Dreyfus Midcap Index Fund	$ 146,896	$ -
JP Morgan Core Bond Fund Select Class	$ -	$ 162,465
Evergreen International Equity	$ -	$ 213,284
Investment at contract value		
Wells Fargo Stable Return Fund	$ 450,853	$ -
Wachovia Diversified Stable Value A	$ -	$ 298,297

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $172,000.

NOTE 6 - Investment Contract with Insurance Company

The Plan has an investment in a fully benefit responsive investment contract through its holdings in the Wells Fargo Stable Return Fund. Wells Fargo maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Contract value, as reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $460,752 and $292,980, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less then zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Wells Fargo. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options (c) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with plan participants is probable.

The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date. The average yield and crediting interest rate was 2.38% and 2.90% for the year ended December 31, 2010 and 3.56% and 2.54% for the year ended December 31, 2009 .

NOTE 7 - Administrative Expenses

Certain administrative expenses are paid by the Company.

NOTE 8 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 - Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 8, 1997, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the "Code").

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax councel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 1,774,385	$ 1,574,271
Contributions receivable at end of year	-	(4,223)
Net assets available for benefits per Form 5500	$ 1,774,385	$ 1,570,048

The following is a reconciliation of contribution revenue per the financial statements for the year ended December 31, 2010 to Form 5500:

Contributions per the financial statements	$ 73,657
Add: Contribution receivable, beginning of year	4,223
Contributions per Form 5500	$ 77,880
