1. Description of the Plan (Continued)

Operating Expenses
Plan expenses are paid by the plan sponsor.

Notes Receivable from Participants
Participants may obtain a loan from the balance in their account. The loan may not be less than $1,000 nor exceed the lesser of $50,000 or 50 percent of the market value of the participant's vested account balance. Loans must be repaid to the participant's account over a period not to exceed five years, unless the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Interest is charged at the prime rate (3.25 percent at December 31, 2010) plus one percent. Participants may only have one loan at any time.

Forfeitures
Forfeited accounts will be used to reduce future employer contributions to the plan and to pay administrative expenses. At December 31, 2010 and December 31, 2009, forfeited non-vested accounts totaled $1,432 and $6,638, respectively. Also, in 2010, administrative expenses were reduced by $10,788 from forfeited nonvested accounts.

Benefits
The benefit to which a participant is entitled is the benefit that can be provided from a participant's account and normally takes the form of an annuity. A participant may elect other installment options as provided for in the Plan with the approval of the plan administrator.

Benefits are provided for normal retirement at an attained age of 65 or may be deferred if the participant continues in active service with the firm. Benefits are also provided upon permanent disability, attainment of age 59 1/2, separation from service, or death.

Reclassification
Certain reclassification have been made to the December 31, 2009 comparative total to conform to December 31, 2010 presentation.

2. Summary of Accounting Policies

Basis of Accounting
The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned, and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Investments are stated at fair value as certified by the trustees, Reliance Trust Company. Participant loans are valued at their outstanding balances, which approximates fair value.

2. Summary of Accounting Policies (Continued)

Basis of Accounting (Continued
As described in Financial Accounting Standards Board Codification No. 962, Defined Contribution Pension Plans, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Subsequent Events
The Company has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

3. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could vary from those estimates.

4. Plan Termination

Although it has not expressed any intent to do so, the employer reserves the right to terminate or revoke the Plan at any time, subject to the provisions of ERISA. In the event of termination or partial termination, all participants affected shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

5. IRS Determination Letter

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Corrective Distributions and Subsequent Events

For the year ended December 31, 2010, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2011. Based on the results of this test, it was determined that the Plan had excess contributions of $9,843. These excess contributions were refunded to plan participants in 2011.

For the year ended December 31, 2009, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2010. Based on the results of this test, it was determined that the Plan had excess contributions of $3,161. These excess contributions were refunded to plan participants in 2010.

9. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

Marketable securities utilizing Level 2 inputs include mutual funds held in registered investment companies and investment contracts held in common/collective trusts. These securities are valued using market corroborated pricing, matrix pricing or other models that utilize observable inputs such as yield curves.

The following table presents information about our investments measured at fair value on a recurring basis as of December 31, 2010 and December 31, 2009, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value.

	December 31, 2010		
	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Common/collective trusts (investment contracts)	$ -	$ 313,290	$ -
Registered investment companies (mutual funds)	-	1,850,953	-
	$ -	$ 2,164,243	$ -

	December 31, 2009		
	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Common/collective trusts (investment contracts)	$ -	$ 314,791	$ -
Registered investment companies (mutual funds)	-	1,477,078	-
	$ -	$ 1,791,869	$ -

9. Fair Value Measurement (Continued)

Realized and unrealized gains and losses included in earnings are reported in Statement of Changes in Net Assets Available for Plan Benefits (Modified Cash Basis) as a component of earnings (loss) on investments.

There were no transfers of investments between Level 1 and Level 2 during the years ended December 31, 2010 and December 31, 2009.

10. Income Taxes

The Plan adopted accounting standards related to uncertain tax positions. Generally, the Plan's prior three tax years are open and subject to examination by the Internal Revenue Service. However, the Plan is not currently under audit, nor has the Plan been contacted by the Internal Revenue Service.
