ENDLESS POOLS, INC., 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A – DESCRIPTION OF PLAN

The following description of the Endless Pools, Inc. (“Company”) 401(k) Profit Sharing Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. In 2010, participants may contribute up to \$16,500 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year, and make the maximum allowable tax-deferred contribution, are eligible to make catch-up contributions (maximum of \$5,500 in 2010). In addition, participants may make a special elective salary deferral on any bonuses received up to 100% of any bonus. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-six mutual funds as investment options for participants. A Plan amendment dated May 18, 2009, changed the matching contribution from 25% to 10% of eligible participant deferrals up to 6% of compensation. Additional profit sharing amounts may be contributed at the Company’s discretion. These contributions will be allocated among all eligible employees, whether or not they make contributions.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances as defined. Individual accounts may be charged with administrative expenses such as loan maintenance. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of continuous service. A graded vesting schedule is in effect with 20% vested after two years of credited service increasing in 20% increments until the participant is 100% vested after six years of credited service. All accounts are 100% vested at the normal retirement age of 65.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the vested portion of their account balance. Loans are secured by the balance in the participant’s account and bear interest at a reasonable rate based on a review of interest rates charged for similar types of loans by other lenders. In 2010, the interest rates for outstanding participant loans range from 4.75% to 8.25%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Upon attaining the age of 59½, in-service distributions may be made from the fully vested portion of a participant’s account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

Forfeited Accounts. At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$25,678 and \$19,150, respectively. These accounts will be used to reduce future employer contributions.

Plan Expenses. The Plan sponsor pays the majority of Plan expenses. Certain fees such as loan origination fees, loan maintenance fees, and distribution processing fees are deducted from individual participant's accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of \$48,952 for the year ended December 31, 2009 from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

Investment Valuation and Income Recognition

The Plan's provides for investments in a guaranteed investment contract (GIC) and mutual funds. Mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Generally, contract value of the GIC (ING Fixed Account) is equal to participant deposits minus participant withdrawals and administrative fees plus credited interest.

Payment of Benefits

Based on AEPB, paragraphs 2.41, 3.48, and 3.52(m) (FASB ASC 962-265-56-1), benefits payable should never be reported as a liability for retirement plan financial statement purposes. Therefore, for financial statement purposes benefits are recorded when paid. At December 31, 2010 and 2009, there were no benefits payable to participants who elected to withdraw from the plan. Benefits payable are reported as a liability on Form 5500, Schedule H, Part I, Line 1g, per IRS Form 5500 instructions.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of

ENDLESS POOLS, INC., 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Company, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

Unaudited Information Certified by ING Life Insurance and Annuity Company

Except for its investment contract with ING Life Insurance and Annuity Company (ILIAC) (Note E), the Plan's investments are held in an unallocated, pooled separate account with ILIAC. The December 31, 2010 and 2009 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by ILIAC in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments of \$3,724,582 and \$3,105,199 at December 31, 2010 and 2009, respectively, and related investment gain of \$377,510 for the year ended December 31, 2010.

The following presents investments that represent 5 percent or more of the Plan's net assets.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2010, the Plan maintained one GIC investment option, the ING Fixed Account, with ILIAC. The contract underlying this investment option is not considered to be fully benefit responsive. ILIAC maintains the contributions in a general account. The contract is included in the financial statements at fair value as reported to the Plan by ILIAC. ILIAC's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment and a surrender charge may apply to amounts withdrawn at the request of the contractholder. The contract guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: a current rate determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2010 and 2009 was \$186,791 and \$64,936, respectively. The average yields based on actual earnings for the contract for the years ending December 31, 2010 and 2009, were 3.00% and 3.15%, respectively. The guaranteed minimum crediting interest rates for the contract years ending December 31, 2010 and 2009 were 3.00% and 3.00% respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. Termination of the contract could result in market value adjustments and potential surrender charges.

ILIAC has the option to payout the current value of the contract only after completion of five contract years.

NOTE F – RELATED PARTY TRANSACTIONS

There were no reportable related party or party-in-interest transactions for the audit period.

ENDLESS POOLS, INC., 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE G – EXCESS CONTRIBUTIONS

Contributions received from participants for 2010 are net of payments of \$8,212 made in 2011 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2010.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of full Plan termination, participants would become 100% vested in their employer contributions.

In 2008, a partial plan termination occurred because the participant turnover rate exceeded 20% as a result of layoffs. All participants affected by the partial plan termination became 100% vested in their employer contributions.

NOTE I – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008, that the Plan is acceptable in under section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE J – RECONCILIATION OF FINANCIAL TO SCHEDULE H OF FORM 5500

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L – NONDISCRIMINATION TESTING

In 2010 and 2009, the Plan failed the actual deferral percentage (ADP) nondiscrimination test but passed the actual contribution percentage (ACP) nondiscrimination test for non-excludable employees. Corrective measures were employed so that nondiscrimination criteria were met. These measures include recharacterizing a portion of employee contributions as catch-up contributions for highly compensated employees over age 50 and refunding a portion of employee contributions for some of the remaining highly compensated employees. A highly compensated employee is one that was a more-than-5% owner at any time during 2010 or 2009 (the look-back year) or had compensation greater than \$110,000 in the look-back year.
