INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Bates Carey Nicolaides LLP
Profit Sharing Plan and Trust with Cash or
Deferred 401(k) Features

We were engaged to audit the accompanying statement of net assets available for benefits of BATES CAREY NICOLAIDES LLP PROFIT SHARING PLAN AND TRUST WITH CASH OR DEFERRED 401(K) FEATURES (the Plan) as of December 31, 2010, the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying Table of Contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company and Mass Mutual Retirement Services, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Mass Mutual Retirement Services held the Plan's investment assets and executed investment transactions as of December 31, 2010 and for the period September 15, 2010 to December 31, 2010, and that ING Life Insurance and Annuity Company held the Plan's investment assets and executed investment transactions for the period January 1, 2010 to September 15, 2010. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2009, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2009 and, accordingly, do not express an opinion or any form of assurance on it.

PROFIT SHARING PLAN AND TRUST WITH CASH OR DEFFERRED 401(K) FEATURES
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Bates Carey Nicolaides LLP Profit Sharing Plan and Trust with Cash or Deferred 401(k) Features (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Bates Carey Nicolaides LLP (the "Company") who have completed six months of service. The Plan was adopted effective January 1, 2000. A plan restatement was effective January 1, 2007. The Plan is designed to comply with the provisions of the Internal Revenue Code ("IRC"), and includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Contributions - Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan up to the maximum amounts allowed by the IRC. Effective December 1, 2010, participants may contribute amounts representing Roth 401(k) deferrals. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions up to the maximum amounts allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. However, the Company does not accept Roth rollovers. The Company makes a nonelective safe harbor contribution equal to 3% of eligible participant salary. The Company may also make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on a non-discriminatory classification of employees as defined by the Plan. A profit sharing contribution of $840,217 was made to the Plan by the Company for the plan year ended December 31, 2010. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (*a*) the Company's contributions and (*b*) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and the Company's nonelective safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested upon death or disability, attainment of age 65, or after two years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. General purpose notes receivable terms range from one to five years and up to a maximum of twenty-five years for the purpose of acquiring a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 9.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratable through payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

1. Description of Plan (Cont.)

Forfeitures - As of December 31, 2010 and 2009, the Plan had $7,399 and $10,527, respectively, of forfeited nonvested funds available to reduce future employer contributions to the Plan.

Expenses - Certain Plan expenses are paid by the Plan sponsor, except for fees associated with notes receivable from participants, which are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Presentation - The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end utilizing quoted market prices. The Plan's investment in a guaranteed interest contract is fully benefit-responsive and is reported at fair value as determined by the Plan's trustee. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis (see Note 9).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reporting Participant Loans - In September 2010, the Financial Accounting Standards Board (FASB) issued guidance in Accounting Standards Codification No. 962, *Plan Accounting - Defined Contribution Pension Plans*, which amends the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus accrued but unpaid interest. This guidance was effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented. The Plan adopted this guidance in 2010. Adoption had no effect on the Plan's net assets available for benefits.

2. Summary of Significant Accounting Policies (Cont.)

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits - Benefits are recorded when paid.

Fair Value Measurements - In January 2010, the FASB issued guidance in Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*, amending the disclosure requirements related to recurring and nonrecurring fair value measurements. The guidance requires new disclosures on the transfers of assets and liabilities between fair value measurement hierarchy levels, including the reasons for and the timing of the transfers. The new accounting guidance also clarifies existing disclosure requirements regarding the level of disaggregation of fair value measurements and disclosure requirements in 2010. Additionally, beginning in 2011, the guidance requires separate presentation of purchases, sales, issuances, and settlements in the Level 3 reconciliation table. The Plan intends on adopting these disclosure requirements in 2011.

3. Investments

Investments that represent 5% or more of the fair value of the Plan's net assets available for benefits as of December 31, 2010 and 2009 are as follows:

	2010 (Audited)	2009 (Compiled)
Registered investment companies/Pooled separate accounts:		
American Funds Growth Fund of America	$ 1,339,623	$ 1,588,628
Oppenheimer Developing Markets Fund	1,475,745	868,887
Pimco Total Return	*	978,192
Investment contract with insurance company:		
Guaranteed Interest Account - SAGIC Diversified Bond	2,857,561	-
Guaranteed Interest Account - ING Fixed Account	-	2,051,764

*Does not exceed 5% of the Plan's net assets.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by:

	2010 (Audited)
Pooled separate accounts	$ 484,637
Registered investment companies	1,222,861
	$ 1,707,498

4. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The fair value of registered investment companies and publicly traded equities is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The fair value of participation units held by the Plan in various funds is based on their net asset values, as reported by ING Life Insurance and Annuity Company and supported by the unit prices of actual purchase and sales transactions occurring as of or close to the financial statement date. The various funds invest in securities traded on nationally recognized securities and exchanges and active dealer markets (Level 2 inputs).

The fair value of the Plan's investment contract with insurance company has been estimated based on a discounted cash flows methodology, utilizing current rates of return available for similar contracts, with comparable credit risks and liquidity, as of the respective financial statement date (Level 3 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

5. Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual Retirement Services, the custodian for the Plan as of December 31, 2010 and for the period September 15, 2010 to December 31, 2010, and ING Life Insurance and Annuity Company, the custodian for the Plan for the period January 1, 2010 and through September 15, 2010, have certified to the completeness and accuracy of all investments, at fair value, and participant notes receivable reflected on the accompanying statement of net assets available for benefits as of December 31, 2010 and the schedule of assets (held at end of year) as of December 31, 2010, and investment income, interest income from participant notes receivable, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

6. Tax Status

On August 6, 2008, the Internal Revenue Service issued a determination letter which stated that the Plan and its underlying trust qualify under Section 401(a) of the Internal Revenue Code (IRC) and, as a result, are exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan sponsor for professional services were based on customary and reasonable rates.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the audited financial statements to the Form 5500 as of December 31, 2010:

Net assets available for plan benefits per the audited financial statements	$ 18,741,600
Employer's contribution receivable at December 31, 2010	(840,217)
Net assets available for plan benefits per the Form 5500	$ 17,901,383

The following is a reconciliation of employer's contributions per the audited financial statements to the Form 5500 for the year ended December 31, 2010:

Employer's contributions per the audited financial statements	$ 1,240,453
Employer's contributions receivable at December 31, 2009	803,753
Employer's contributions receivable at December 31, 2010	(840,217)
Employer's contributions per the Form 5500	$ 1,203,989

The following is a reconciliation of net assets available for benefits per the compiled financial statements to the Form 5500 at December 31, 2009:

Net assets available for plan benefits per the compiled financial statements	$ 14,768,722
Employer's contributions at December 31, 2009	(803,753)
Net assets available for plan benefits per the Form 5500	$ 13,964,969

10. Investment Contract with Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual Retirement Services ("MMRS"), a division of Massachusetts Mutual Life Insurance Company ("Mass Mutual"). MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2, because the contract is fully benefit-responsive, the contract is included in the financial statements of net assets available for benefits at fair value as determined using the market approach. The adjustment from fair value to contract value for the investment contract is based on the

10. Investment Contract with Insurance Company (Cont.)

contract value as reported to the Plan by MMRS. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were approximately 3.62%. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

Certain events limit the Plan's ability to transact at contract value with MMRS. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

11. Subsequent Events

Management has evaluated subsequent events through October 11, 2011, the date which the financial statements were available to be issued.
