INDEPENDENT AUDITORS' REPORT

Plan Administrator
SAC Federal Credit Union Capital Accumulation Plan
Omaha, Nebraska

We were engaged to audit the financial statements of the SAC Federal Credit Union Capital Accumulation Plan as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note 2, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, as of December 31, 2010, which clarified how loans to participants should be classified and measured by defined contribution pension plans. This Update was retrospectively applied to the 2009 financial statements.

SAC Federal Credit Union Capital Accumulation Plan

Notes to Financial Statements

December 31, 2010 and 2009

1. Plan Description

The following brief description of the SAC Federal Credit Union Capital Accumulation Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of SAC Federal Credit Union (the Company).

Employees are eligible to make salary reduction contributions after attaining age 21. Employees are eligible to receive employer matching contributions and discretionary profit sharing contributions after attaining age 21 and completing one year of service with a minimum of 1,000 hours. Eligible employees become participants immediately coinciding with the date on which entry requirements are fulfilled.

Contributions

Each year, participants may make voluntary salary deferral contributions up to the maximum dollar limits allowable by law. Participants may make salary deferral contributions up to 90% of eligible compensation. Participants may also contribute amounts representing distributions from other qualified plans. Employer matching contributions are made in amounts equal to 50% of the participant's elective deferral if they have less than 6 years of service, 75% if they have 6 years of service but less than 10 years of service and 100% if they have 10 years or more of service up to 8% of the participant's compensation, excluding catch-up contributions. The Company may also make discretionary profit sharing contributions to participants with a minimum of 1,000 hours of service during the Plan year. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's matching contribution b) the Company's discretionary profit sharing contributions and c) Plan earnings or losses. Company matching contributions are allocated among participants based upon each eligible participant's elected salary deferral. Company discretionary profit sharing contributions are allocated on the basis of the participant's compensation for the Plan year. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (FMTC).

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions credited to participants' accounts are vested based on years of continuous service. A participant is 20% vested after two years of credited service, vesting increases 20% per year in years three and four and a participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by excess, if any, of their highest outstanding balance of notes from the Plan during the one-year period ending on the day before the date of the new note over their current outstanding balance of notes as of the date of the new note, or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid through payroll deductions. Participants pay note origination fees.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may receive an amount equal to the value of the vested funds allocated to the participant's account in a lump sum payment or installments. The Plan automatically distributes those benefits that are $1,000 or less to terminated employees. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account will be first used to pay Plan expenses and any remaining amounts will be used to reduce the Company's contributions. As of December 31, 2010 and 2009, forfeitures of $561 and $144, respectively, were held and subsequently applied. During 2010 and 2009, forfeitures applied were $9,000 and $5,238, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

In September 2010, FASB issued an amendment, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010. This amendment requires retrospective application to all periods presented, and as a result, the 2009 amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Other

Investment management expenses, audit fees and recordkeeping expenses are paid by the Company. Note receivable origination fees are paid by the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through October 7, 2011 noting no items requiring disclosure.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 presentation.

3. Information Certified by FMTC

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by FMTC, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the value of the participant-directed Plan assets that were certified by FMTC. Single assets representing more than 5% of the Plan's net assets are separately identified.

	2010	2009
Fidelity Advisor Freedom 2030 Fund Class A, 41,125 and 41,839 Shares, Respectively	$ 501,308	$ 453,119
Fidelity Advisor Leveraged Company Stock Fund Class A, 11,939 and 12,824 Shares, Respectively	410,818	355,602

JP Morgan Equity Index Fund Class A, 10,884 and 12,749 Shares, Respectively	310,508	322,801
Fidelity Advisor Investment Grade Bond Fund Class A, 65,950 Shares	*	463,626
Fidelity Prime Fund, 246,701 Shares	*	246,701
Other Investments Certified by FMTC	3,956,745	2,221,948
Total Investments Certified by FMTC	$ 5,829,091	$ 4,675,560
*Investment not over 5% net of assets in applicable year		
Notes Receivable from Participants	$ 136,558	$ 135,158

FMTC also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31, 2010 and 2009:

	2010	2009
Net Appreciation in Fair Value of Investments	$ 624,999	$ 864,226
Dividends from Investments	88,889	85,188
Total Investment Income	$ 713,888	$ 949,414
Interest Income on Notes Receivable from Participants	$ 12,809	$ 11,247

During 2010 and 2009, the Plan's investments appreciated in fair value by $624,999 and $864,226 as follows:

	2010	2009
Mutual Funds	$ 621,214	$ 868,099
Common Collective Trust	3,785	(3,873)
	$ 624,999	$ 864,226

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Money Market Fund: Valued at the net asset value of the underlying investments.

Mutual Funds: Valued at the net asset value of the underlying investments.

Common Collective Trust: Valued at the net asset value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010.

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Blend	$ 3,121,443	$ -	$ -	$ 3,121,443

Total Investments at Fair Value	$ 5,644,008	$ 188,610	$ -	$ 5,832,618

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009.

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Blend	$ 2,580,561	$ -	$ -	$ 2,580,561

Total Investments at Fair Value	$ 4,477,982	$ 197,320	$ -	$ 4,675,302

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from Federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Form 5500:
