Boelter Industries, Inc. Profit Sharing Retirement Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

NOTE 1: DESCRIPTION OF PLAN

The following description of the Boelter Industries, Inc. ("Company") Profit Sharing Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty-one or older. The Plan excludes employees whose employment is governed by a collective bargaining agreement, leased employees and employees who are non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act 1974 (ERISA).

Contributions

Each year, participants may contribute up to 50% of their salary, up to the maximum percentage allowable by current law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may make matching contributions. Additional profit sharing amounts may also be contributed at the option of the Company's Board of Directors. For 2010, the Company did not make any matching contributions, and contributed additional profit sharing contributions totaling \$125,000. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. One year of service is required to be eligible for employer contributions. A participant is 100% vested after six years of credited service. Notwithstanding the above, participants shall, however, become 100% vested in their account upon attaining age 59½, their death, or disability.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$100 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans generally shall not exceed five years. However, loans used to acquire a principal residence may provide for a period of repayment that exceeds five years. The loans are secured by the balance in the participant's account and bear interest at U.S. Bank prime rate plus one percent, ranging from 4.25% to 9.25% at December 31, 2010. Principal and interest is paid ratably through weekly payroll deductions.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

NOTE 1: DESCRIPTION OF PLAN (Continued)

Benefit Payments

On termination of service, whether due to death, disability, retirement or other reasons, a participant may only elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant can choose to receive periodic payments only if they attain age 70½ and are still an active participant. If the vested balance of a participant's account is less than or equal to \$5,000, it will be paid in a single sum. The Plan allows for in-service distributions subject to Plan limitations.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$3,878 and \$1,214, respectively. These accounts will be used to first restore any prior year participant forfeitures, and then used to offset any plan expenses. Any excess will be used to reduce employer contributions or reallocated to participant accounts. During 2010, forfeited nonvested accounts were used to reduce employer contributions, reallocated to participant accounts, and pay plan expenses of \$0, \$1,153, and \$0, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays for investment advisory, management, audit, and other direct operational fees. The Company pays certain administrative expenses of the plan.

Boelter Industries, Inc. Profit Sharing Retirement Plan

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels summarized below:

- Level 1 - inputs are unadjusted quoted prices for identical assets in active markets
- Level 2 - inputs are based upon quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other than quoted market prices that are observable for the asset, and derived principally from or corroborated by observable market data by correlation or other means
- Level 3 - inputs are generally unobservable

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2010 and 2009:

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Level 1 Inputs
December 31, 2010		
Mutual funds	<u>\$ 5,277,256</u>	<u>\$ 5,277,256</u>

Mutual funds	\$ 4,792,878	\$ 4,792,878

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010, are reported in net appreciation in fair value of investments.

NOTE 4: CERTIFICATION OF INVESTMENT INFORMATION

The Company has appointed Orchard Trust Company, LLC as their trustee. The trustee is responsible for the Plan's investment assets and investing transactions. Orchard Trust Company, LLC, has supplied the Plan administrator with certification as to the completeness and accuracy of all investment information presented in the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009, statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010.

NOTES TO FINANCIAL STATEMENTS December 31, 2010 and 2009

NOTE 6: PLAN TERMINATION

Although it had not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan files income tax returns in the United States federal jurisdictions. The Plan is subject to United States federal income tax examinations by tax authorities for the current year and preceding three years.

The Plan adopted the provisions of FASB ASC 740-10, *Accounting for Uncertainty in Income Taxes*, on January 1, 2010. As a result of the implementation, the Plan did not recognize any liability for unrecognized tax benefits.

The Plan recognizes accrued interest and penalties related to unrecognized tax benefits in operating expenses. During the years ended December 31, 2010 and 2009, the Plan did not recognize any accrued interest and penalties.

The Plan has no liability for uncertain income tax positions. It is possible that the Plan could be liable for state withholding, state franchise taxes or various other state and local transaction taxes. Management reviews these issues regularly and does not believe the Plan is subject to any additional taxes. If a state determines the Plan is liable for additional taxes, there is no statute of limitations for the tax since the Plan has not filed tax reports in any other states.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2010, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is September 29, 2011, which is the date on which the financial statements were available to be issued.
