We were engaged to audit the accompanying statements of net assets available for benefits of MAGTEK Profit Sharing / 401(k) Plan as of December 31, 2010, the related statements of changes in net assets available for benefits for the six months then ended and the supplemental schedule of assets held for investment purposes as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan administrator has informed us that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company that information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee has been examined by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other auditors were engaged to audit the financial statements of the Plan as of and for the year ended June 30, 2010. In their report dated January 13, 2011, they stated that the financial statements presented fairly, in all material respects, the net assets available for benefits of MAGTEK Profit Sharing / 401(k) Plan as of June 30, 2010.

MAGTEK PROFIT SHARING / 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SIX MONTHS ENDED DECEMBER 31, 2010 and YEAR ENDED JUNE 30 2010

NOTE 1 - DESCRIPTION OF PLAN

General

The Plan is a defined contribution plan covering all employees of MAGTEK, INC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A plan administrator, who serves at the discretion of the Company's Board of Directors, administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian of Plan assets is Fidelity Management Trust Company ("Fidelity"). In addition, Fidelity acts as the recordkeeper for the individual participant accounts. Each participant allocates his or her Plan contributions among the funds available in the Plan. Administrative expenses, with the exception of asset management fees charged to participants in the various funds, may be offset by forfeitures, with the remainder paid for by the Company.

Effective March 15, 2010, the Company elected to change the plan year end from June 30 to December 31.

Eligibility

Beginning the first day of the month immediately following the employee's date of hire, all employees who are a minimum of 18 years of age are eligible to participate in the Plan. Effective November 1, 2010, Participants become eligible for nonelective contributions following 1000 hours of eligible service.

Participant Accounts

Separate accounts are established and maintained for each participant, whereby the participants self-direct their investments.

Fidelity provides the Plan participants with 20 individual investment options. Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values are stated at quoted market prices as determined by Fidelity. Fidelity and the plan administrator make available to the Plan's participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)

Each participant's account is credited with the participant's salary deferral contribution and allocations of the Company's matching and profit sharing contributions, if any, and Plan earnings and gains and losses. The allocation of the Company's profit sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions

Participants may contribute up to 60% of their pretax annual compensation, as defined by the Plan, subject to the limitations set by the Internal Revenue Service. Section 401(k) of the Internal Revenue Code (the "Code") and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All participants were limited to a maximum contribution of $16,500 in 2010 and $16,500 in 2009 by Section 402(g) of the Code. An additional catch up contribution of $5,500 in 2010 and $5,500 in 2009 was allowed for participants who were age 50 by year end, per the Code. If any participant's compensation deferrals for a year exceed the maximum amount allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

Employer Contributions

The Company may make a matching contribution to each participant based on his or her elective deferrals. The percentage, if any, is generally set by the Company at the beginning of the plan year and is contributed each pay period to participants. For the December 31, 2010 and June 30, 2010 Plan years, the Company elected to, and did contribute 50% of the participant's salary deferral up to 10% of the participant's gross income.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Profit Sharing Contributions

The Company, at its discretion, may also make discretionary profit sharing contributions to the Plan to be allocated to participants who are employed on the last day of the Plan year. The Board of Directors determines the amount of this contribution at the end of the Plan year. The Company made a discretionary profit sharing contributions of $690,673 and $1,283,594 for the plan years ended December 31, 2010 and June 30, 2010, respectively.

Vesting

Participants are immediately vested in their rollover contributions and elective contributions plus actual earnings thereon. Employer contributions are vested ratably over a five-year period commencing on the participant's date of hire in the following schedule:

Years		Percent Vested
Less than 2		0%
2		25%
3		50%
4		75%
5		100%

Participants are considered fully vested upon attainment of retirement age, retirement due to disability, death, and upon termination of the Plan.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments (Continued)

Participants will receive their entire account balance in a lump-sum distribution if the account balance is $1,000 or less. Otherwise, the funds remain in the Plan until the separated participants submit a written request for payment. All amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2010 were paid to the participants on or before year-end.

Forfeitures

The non-vested portions of terminated participants' account balances are treated as forfeitures. Forfeitures may be used to offset administrative expenses or to reduce the Employer's matching contributions. The forfeited nonvested accounts totaled $17,342 and $4 at December 31, 2010 and June 30, 2010, respectively.

Loans to Participants

Participants may obtain loans from the Plan for the lesser of $50,000 or 50% of their vested interest in the Plan (with a minimum of $1,000). Loans are for a period not to exceed five years unless such loan is for the purchase of a participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Interest charged on such loans ranged from 5.25% to 10.75% per annum. Such loans shall be repaid over their term in equal monthly installments of principal and interest through payroll deductions. Loans are collateralized by the remaining vested balance in the participant's account on the date the loan originated. Loans become due and payable in full in the event of the participant's termination of employment.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The Plan financial statements have been prepared on the accrual basis of accounting.

Investment Valuation

Investments are carried at fair value. The fair value is based on the closing sales price on the last business day of the Plan year as certified by Fidelity. Any net unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits.

Costs and Expenses

Certain costs and expenses of the Plan are paid directly by participants of the Plan and are included in the statements of changes in net assets available for benefits. Other costs and expenses of the Plan are paid directly by the Employer and are not included in the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through September 30, 2011 which is the date the financial statements were available to be issued.

NOTE 3—FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
December 31, 2010	Fair Value	Quoted Priced in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 30,204,796	$ 30,204,796	$ -	$ -
Corporate Stocks	2,041,685	2,041,685		
Common Collective Trusts	2,904,921	-	2,904,921	-
Participant Loans	638,183	-	-	638,183
Total	$ 35,789,585	$32,246,481	$ 2,904,921	$ 638,183

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

		Fair Value Measurements Using:		
	Fair Value	Quoted Priced in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)
June 30, 2010				
Mutual Funds	$ 25,736,103	$ 25,736,103	$ -	$ -
Corporate Stocks	1,703,461	1,703,461		
Common Collective Trusts	2,765,168	-	2,765,168	-
Participant Loans	588,060	-	-	588,060
Total	$ 30,792,792	$27,439,564	$ 2,765,168	$ 588,060

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of common and collective trust funds is based on observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the plan.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Level 3 Fair Value Measurements

The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans
December 31, 2010	
Beginning balance	$ 588,060
Purchases, sales, issuances, and settlements (net)	50,123
Ending balance	$ 638,183
June 30, 2010	
Beginning balance	$ 453,270
Purchases, sales, issuances, and settlements (net)	134,790
Ending balance	$ 588,060

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net appreciation in fair value of investments.

NOTE 4 - INVESTMENTS

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales are recorded on a trade-date basis. Participant loans are stated at cost, which approximates fair value. Interest income is recorded on an accrual basis.

Dividends are recorded on the ex-dividend date. Participants have investment discretion over all contributions made on their behalf.

The fair value of investments representing five percent or more of the Plan's net assets at December 31, 2010, and their comparable balances as of the end of the prior year are as follows:

	December 31, 2010	June 30, 2010
Fidelity Contrafund	$ 5,634,231	$ 4,803,970
Fidelity Retirement Money Market	3,403,216	3,348,486

Fidelity Diversified International	2,127,230	1,916,066
Brokerage Link Common Stock	2,041,685	1,873,192

NOTE 5 - TAX STATUS

The Company has received a favorable determination letter from the Internal Revenue Service with respect to the qualified tax status of the Plan, under Section 401(a) and 401(k) of the Internal Revenue Code, and their compliance with the requirements of ERISA.

NOTE 6 - CERTIFIED INFORMATION

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by Fidelity at December 31, 2010, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

A new Independent Auditor (the Auditor) was appointed to the MAGTEK Profit Sharing /401(k) Plan (the "Plan"), for the period ended December 31, 2010. During the course of the audit, the Auditor noted MAGTEK, INC. (the "Company") was not depositing employee 401(k) contributions and loan repayments from its weekly payrolls, with Fidelity Management Trust Company, ("Fidelity"), on a basis considered timely by Section 29 CFR 2510.3-102 of the Department of Labor Rules and Regulations. Once the Auditor brought the issue to the Company's attention, it proceeded to review the situation and take corrective action. The Company identified deposits withheld and not deposited timely, with Fidelity, were late on average six (6) business days each weekly pay period.

Soon after the Auditor identified this issue, the Company began remitting weekly employee 401(k) contributions and loan repayments to Fidelity within three (3) business days of each week's payroll check date (beginning with the week ended July 15, 2011). In addition, the Company engaged Fidelity to employ the DOL Lost Earnings Calculator to compute the Company's additional Plan contribution liability for the payroll periods beginning July 1, 2007 through July 8, 2011. The resulting liability of $ 6,963.39 was paid to the Plan on September 21, 2011.

The Plan Committee
MAGTEK PROFIT SHARING / 401(K) PLAN

We were engaged to audit the accompanying statements of net assets available for benefits of MAGTEK Profit Sharing / 401(k) Plan as of December 31, 2010, the related statements of changes in net assets available for benefits for the six months then ended and the supplemental schedule of assets held for investment purposes as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan administrator has informed us that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company that information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee has been examined by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other auditors were engaged to audit the financial statements of the Plan as of and for the year ended June 30, 2010. In their report dated January 13, 2011, they stated that the financial statements presented fairly, in all material respects, the net assets available for benefits of MAGTEK Profit Sharing / 401(k) Plan as of June 30, 2010.

MAGTEK PROFIT SHARING / 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

SIX MONTHS ENDED DECEMBER 31, 2010 and YEAR ENDED JUNE 30 2010

NOTE 1 - DESCRIPTION OF PLAN

General

The Plan is a defined contribution plan covering all employees of MAGTEK, INC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A plan administrator, who serves at the discretion of the Company's Board of Directors, administers the Plan. The plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits, interpreting Plan documents and maintaining participants' accounts. The custodian of Plan assets is Fidelity Management Trust Company ("Fidelity"). In addition, Fidelity acts as the recordkeeper for the individual participant accounts. Each participant allocates his or her Plan contributions among the funds available in the Plan. Administrative expenses, with the exception of asset management fees charged to participants in the various funds, may be offset by forfeitures, with the remainder paid for by the Company.

Effective March 15, 2010, the Company elected to change the plan year end from June 30 to December 31.

Eligibility

Beginning the first day of the month immediately following the employee's date of hire, all employees who are a minimum of 18 years of age are eligible to participate in the Plan. Effective November 1, 2010, Participants become eligible for nonelective contributions following 1000 hours of eligible service.

Participant Accounts

Separate accounts are established and maintained for each participant, whereby the participants self-direct their investments.

Fidelity provides the Plan participants with 20 individual investment options. Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values are stated at quoted market prices as determined by Fidelity. Fidelity and the plan administrator make available to the Plan's participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)

Each participant's account is credited with the participant's salary deferral contribution and allocations of the Company's matching and profit sharing contributions, if any, and Plan earnings and gains and losses. The allocation of the Company's profit sharing contribution is based on the proportion of the participant's total compensation to the total compensation paid to all participants. Earnings on investments include interest income and realized and unrealized gains and losses and are allocated to the participant's account based on the participant's directed investment program earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions

Participants may contribute up to 60% of their pretax annual compensation, as defined by the Plan, subject to the limitations set by the Internal Revenue Service. Section 401(k) of the Internal Revenue Code (the "Code") and the Plan limit the amount certain highly compensated individuals may contribute, based on amounts contributed by lower compensated individuals. All participants were limited to a maximum contribution of $16,500 in 2010 and $16,500 in 2009 by Section 402(g) of the Code. An additional catch up contribution of $5,500 in 2010 and $5,500 in 2009 was allowed for participants who were age 50 by year end, per the Code. If any participant's compensation deferrals for a year exceed the maximum amount allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

Employer Contributions

The Company may make a matching contribution to each participant based on his or her elective deferrals. The percentage, if any, is generally set by the Company at the beginning of the plan year and is contributed each pay period to participants. For the December 31, 2010 and June 30, 2010 Plan years, the Company elected to, and did contribute 50% of the participant's salary deferral up to 10% of the participant's gross income.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Profit Sharing Contributions

The Company, at its discretion, may also make discretionary profit sharing contributions to the Plan to be allocated to participants who are employed on the last day of the Plan year. The Board of Directors determines the amount of this contribution at the end of the Plan year. The Company made a discretionary profit sharing contributions of $690,673 and $1,283,594 for the plan years ended December 31, 2010 and June 30, 2010, respectively.

Vesting

Participants are immediately vested in their rollover contributions and elective contributions plus actual earnings thereon. Employer contributions are vested ratably over a five-year period commencing on the participant's date of hire in the following schedule:

Years		Percent Vested
Less than 2		0%
2		25%
3		50%
4		75%
5		100%

Participants are considered fully vested upon attainment of retirement age, retirement due to disability, death, and upon termination of the Plan.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments (Continued)

Participants will receive their entire account balance in a lump-sum distribution if the account balance is $1,000 or less. Otherwise, the funds remain in the Plan until the separated participants submit a written request for payment. All amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2010 were paid to the participants on or before year-end.

Forfeitures

The non-vested portions of terminated participants' account balances are treated as forfeitures. Forfeitures may be used to offset administrative expenses or to reduce the Employer's matching contributions. The forfeited nonvested accounts totaled $17,342 and $4 at December 31, 2010 and June 30, 2010, respectively.

Loans to Participants

Participants may obtain loans from the Plan for the lesser of $50,000 or 50% of their vested interest in the Plan (with a minimum of $1,000). Loans are for a period not to exceed five years unless such loan is for the purchase of a participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Interest charged on such loans ranged from 5.25% to 10.75% per annum. Such loans shall be repaid over their term in equal monthly installments of principal and interest through payroll deductions. Loans are collateralized by the remaining vested balance in the participant's account on the date the loan originated. Loans become due and payable in full in the event of the participant's termination of employment.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The Plan financial statements have been prepared on the accrual basis of accounting.

Investment Valuation

Investments are carried at fair value. The fair value is based on the closing sales price on the last business day of the Plan year as certified by Fidelity. Any net unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits.

Costs and Expenses

Certain costs and expenses of the Plan are paid directly by participants of the Plan and are included in the statements of changes in net assets available for benefits. Other costs and expenses of the Plan are paid directly by the Employer and are not included in the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through September 30, 2011 which is the date the financial statements were available to be issued.

NOTE 3—FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:		
December 31, 2010	Fair Value	Quoted Priced in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 30,204,796	$ 30,204,796	$ -	$ -
Corporate Stocks	2,041,685	2,041,685		
Common Collective Trusts	2,904,921	-	2,904,921	-

Total	$ 35,789,585	$32,246,481	$ 2,904,921	$ 638,183

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

		Fair Value Measurements Using:		
	Fair Value	Quoted Priced in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Prices (Level 2)	Significant Unobservable Inputs (Level 3)

Total	$ 30,792,792	$27,439,564	$ 2,765,168	$ 588,060

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of common and collective trust funds is based on observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the plan.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Level 3 Fair Value Measurements

The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans
December 31, 2010	
Beginning balance	$ 588,060
Purchases, sales, issuances, and settlements (net)	50,123
Ending balance	$ 638,183
June 30, 2010	
Beginning balance	$ 453,270
Purchases, sales, issuances, and settlements (net)	134,790
Ending balance	$ 588,060

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net appreciation in fair value of investments.

NOTE 4 - INVESTMENTS

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales are recorded on a trade-date basis. Participant loans are stated at cost, which approximates fair value. Interest income is recorded on an accrual basis.

Dividends are recorded on the ex-dividend date. Participants have investment discretion over all contributions made on their behalf.

The fair value of investments representing five percent or more of the Plan's net assets at December 31, 2010, and their comparable balances as of the end of the prior year are as follows:

	December 31, 2010	June 30, 2010
Fidelity Contrafund	$ 5,634,231	$ 4,803,970
Fidelity Retirement Money Market	3,403,216	3,348,486

Fidelity Diversified International	2,127,230	1,916,066
Brokerage Link Common Stock	2,041,685	1,873,192

NOTE 5 - TAX STATUS

The Company has received a favorable determination letter from the Internal Revenue Service with respect to the qualified tax status of the Plan, under Section 401(a) and 401(k) of the Internal Revenue Code, and their compliance with the requirements of ERISA.

NOTE 6 - CERTIFIED INFORMATION

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by Fidelity at December 31, 2010, as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

A new Independent Auditor (the Auditor) was appointed to the MAGTEK Profit Sharing /401(k) Plan (the "Plan"), for the period ended December 31, 2010. During the course of the audit, the Auditor noted MAGTEK, INC. (the "Company") was not depositing employee 401(k) contributions and loan repayments from its weekly payrolls, with Fidelity Management Trust Company, ("Fidelity"), on a basis considered timely by Section 29 CFR 2510.3-102 of the Department of Labor Rules and Regulations. Once the Auditor brought the issue to the Company's attention, it proceeded to review the situation and take corrective action. The Company identified deposits withheld and not deposited timely, with Fidelity, were late on average six (6) business days each weekly pay period.

Soon after the Auditor identified this issue, the Company began remitting weekly employee 401(k) contributions and loan repayments to Fidelity within three (3) business days of each week's payroll check date (beginning with the week ended July 15, 2011). In addition, the Company engaged Fidelity to employ the DOL Lost Earnings Calculator to compute the Company's additional Plan contribution liability for the payroll periods beginning July 1, 2007 through July 8, 2011. The resulting liability of $ 6,963.39 was paid to the Plan on September 21, 2011.
