To the Trustees of
Schluter Systems, L.P.
401(k) Profit Sharing Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Schluter Systems 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits and supplementary schedules, as listed in the accompanying index, for the years then ended. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by American Funds, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SCHLUTER SYSTEMS, L.P.
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2010 and 2009

(1) Description of Plan:

The following description of the Schluter Systems, L.P. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees completing at least 3 consecutive months with the Company and are age eighteen or older. Employees become eligible to participate in Plan sponsor contributions after completing 12 months of service. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 15% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company may contribute the total amount of employee contributions or a discretionary amount determined each year.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested in employer matching contributions after six years of credited service.

Participant Loans – The Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of Prime plus 1% as specified in the Wall Street Journal.

(1) Description of Plan, Continued:

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For vested account balances of less than $5,000, lump-sum payment is required.

Retirement Benefits – Employees who reach normal retirement age of 65 are entitled to receive benefits equal to their account balance. Distributions are made in a lump sum, or upon request, in substantially equal installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and beneficiary. The Plan also provides for early and late retirement benefits, termination benefits, disability benefits, death benefits and hardship benefits. All benefits are recorded when paid.

If a Plan participant terminates employment for any reason other than retirement, death or disability, the participant is entitled to receive the vested portion of their account. Payment may be deferred until the participant attains retirement age.

Forfeited Accounts - Any non-vested portion become forfeitures, and are reallocated to the remaining participants, once there is a five-year break in service, as defined in the Plan. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $0 and $4,358, respectively. These accounts are used to pay any plan expenditures and then allocated to participants based on the percentage of plan assets owned at year end.

Reclassifications – Certain amounts in the 2009 financial statements have been reclassified to conform to the 2010 presentation.

(2) Summary of Significant Accounting Policies:

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued:

Investments Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Investments Valuation and Income Recognition, Continued - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – All expenses of maintaining the Plan except for investment advisory fees are paid by the Company.

(3) Investments:

The following investments represent 5% or more of the Plan's net assets at December 31, 2010:

Growth Fund of America	$	645,169
New Economy Fund		244,984
New Prospective Fund		392,077

Euro-Pacific Growth Fund		363,085
Capital World Growth and Income Fund		642,354
Small Cap World Fund		383,773

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year and investment income) appreciated in value by $465,002.

(3) Investments, Continued:

The following investments represent 5% or more of the Plan's net assets at December 31, 2009:

Growth Fund of America	$	492,956
New Economy Fund		187,373
New Prospective Fund		297,341
Bond Fund of America		195,940
Fundamental Investors Fund		324,096
American Balanced Fund		421,753
Euro-Pacific Growth Fund		274,016
Capital World Growth and Income Fund		552,006
Small Cap World Fund		276,648

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year and investment income) appreciated in value by $830,148.

(4) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(5) Fair Value Measurements:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(5)Fair Value Measurements, Continued:

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

As of December 31, 2010, all of the Plan's assets consist of Level 1 investments.

The following is a description of the valuation methodologies used for assets measured at fair market value. There have been no changes in the methodologies used during the year ended December 31, 2010.

Mutual Funds – Valued at the net asset value of shares held by the Plan at year end.

Participant Loans – Valued at amortized cost, which approximates fair value.

(6) Tax Status:

The Plan obtained its latest determination letter on January 1, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	$	5,173,244
Amounts allocated to withdrawing participants		-
Net assets available for benefits per Schedule H of Form 5500	$	5,173,244

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2010, to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$	2,035
Add: Amounts allocated to withdrawing participants		-
Benefits paid to participants per Schedule H of Form 5500	$	2,035

Amounts allocated to withdrawing participants are recorded on Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2010, but not yet paid as of that date.

(8) Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(9) Certified Trustee Information:

In accordance with Department of Labor's Regulation 2520.103-5, a certified Annual Statement of Account for the Plan for the year ended December 31, 2010 has been provided by American Funds, the trustee of the Plan, to the Plan administrator. The information certified to be complete and accurate is as follows:

Statement of Net Assets Available for Benefits – Investments – Mutual Funds

Statement of Changes in Net Assets Available for Benefits – Net Appreciation (depreciation) in fair value of investments

Note 3 – All items and amounts.

Schedule of Assets Held for Investment (Schedule 1) – All items and amounts.

(10) Subsequent Events:

The date to which events occurring after December 31, 2010, the date of the most recent Statement of Net Assets Available for Benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 13, 2011, which is the date on which the financial statements were available to be issued. Management feels that no further disclosures are required.
