INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Trustees and Participants of
Childrenfirst 401(k) Plan
Orlando, Florida

We were engaged to audit the financial statements and supplemental schedules of Childrenfirst 401(k) Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. The financial statements of the Plan as of December 31, 2009 were audited by CCR LLP, who had merged with Geller, Ragans, James, Oppenheimer and Creel as of January 1, 2010, and subsequently separated, and whose report dated October 12, 2010 did not express an opinion on those financial statements, which were prepared in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the contract information summarized in Note C, which was certified by Principal Life Insurance Company, the custodian of these assets, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule of Assets Held at December 31, 2010 and Schedule of Delinquent Participant Contributions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. The supplementary information is the responsibility of the Plan's management. The supplemental information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

CHILDRENFIRST 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

A. Description of the plan:

The following description of the Childrenfirst 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Childrenfirst Home Health Care Service (the "Company"), who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may contribute up to 100% of compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. The Company's contributions to the Plan are at its discretion. The Company did not make or elect to make any discretionary contributions during 2010. Participants direct the investment of their accounts into various investment options offered by the Plan.

Voluntary "rollover" contributions may be accepted by the Plan under certain terms and conditions.

Participant accounts:

Each participant's account is credited with the participant's contributions plus Company matching contributions and allocations of the Company's discretionary profit sharing contribution and Plan earnings, and is charged with administrative expenses, as required. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the plan (continued):

Vesting:

Participants are immediately vested in all their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings is based on years of service. A participant vests at 20% annually starting with two years of service, until fully vested upon completion of six years of credited service. Any participant employed at the date of total and permanent disability, death or the attainment of normal retirement age, as defined, is deemed to be 100% vested.

Participant notes receivable:

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or longer if for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at rates commensurate with local prevailing rates, as determined by the plan administrator at the time of issuance. Principal and interest are repaid ratably through payroll deductions.

Forfeitures:

Forfeited accounts represent non-vested Company contributions forfeited by employees who terminate their employment or withdraw from the Plan. Forfeitures are retained by the Plan and used to reduce future Company contributions and administrative expenses. At December 31, 2010 and 2009, there was $589 and $520, respectively, of forfeited non-vested accounts comprised of prior years' employer contributions. Plan expenses of $6 were paid from forfeited non-vested accounts in 2010.

Payment of benefits:

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

Participants who continue in the employment of the Company may request a pre-retirement distribution of defined amounts under certain hardship conditions, as defined by the Plan.

A. Description of the plan (continued):

Payment of benefits (continued):

The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 1/2, as defined by the Plan.

B. Summary of significant accounting policies:

Accounting standards codification:

Effective July 1, 2009 the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP). The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the notes have been changed to refer to the appropriate ASC topics in certain instances or otherwise omitted.

Basis of accounting:

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with GAAP.

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Uncertain tax positions:

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken

B. Summary of significant accounting policies (continued):

Uncertain tax positions (continued):

or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Investment valuation and income recognition:

The Plan's investments are stated at fair value based upon quoted market prices, as determined by the custodian of the Plan's assets. The difference between fair value and contract value of the stable value fund is presented as an adjustment to net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gains or losses on investments are the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Participant notes receivable:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits:

Benefits are recorded when paid.

C. Information prepared and certified by custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

C. Information prepared and certified by custodian (continued):

The investment information included in the accompanying financial statements and supplemental schedules was obtained from data that has been certified as complete and accurate to the plan administrator by Principal Life Insurance Company (Principal), the custodian of the Plan, at December 31, 2010 and 2009. Incorporation of this financial information in the accompanying financial statements and supplemental schedules is based solely on those certifications.

Investments that represented 5 percent or more of the Plan's net assets at December 31 are as follows:

	2010	2009
Investments at fair value:		
Pooled separate accounts:		
Principal Bond & Mortgage	$ 339,754	$ 323,488
Principal Large-cap S&P 500 Index	246,857	232,050
Principal Diversified International	212,932	198,329
Principal Large-cap Growth	210,383	181,934
Principal Lifetime 2020	130,849	82,277
Other	737,505	617,508
	1,878,280	1,635,586
Investments at contract value:		
Principal Stable Value Fund	415,676	398,002
Total investments	$ 2,293,956	$ 2,033,588

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2010 was certified by Principal Life Insurance Company.

D. Fair value measurements:

The Fair Value Measurements and Disclosures Topic of FASB ASC requires disclosure of a fair value hierarchy of inputs the Plan uses to value an asset or a liability.

D. Fair value measurements (continued):

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. For the Plan, Level 1 inputs include marketable securities that are actively traded.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly. For the Plan, Level 2 inputs include quoted prices for similar assets or liabilities, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data.

Level 3: Inputs that represent financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2010 and 2009.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year end.

Stable Value Fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and

D. Fair value measurements (continued):

consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010		
	Level 2	Level 3	Total
Pooled separate accounts:			
Mutual funds:

Stable value fund	424,165		424,165
Total assets at fair value	$ 2,285,397	$ 17,048	$ 2,302,445

D. Fair value measurements (continued):

	Assets at Fair Value as of December 31, 2009		
	Level 2	Level 3	Total
Pooled separate accounts:			
Mutual funds:			
Large U.S. equity	$ 20,825		$ 20,825

Total pooled separate accounts	1,620,325	15,261	1,635,586
Stable value fund	400,691		400,691
Total assets at fair value	$ 2,021,016	$ 15,261	$ 2,036,277

The Plan did not have any material transfers between Level 1, Level 2 or Level 3 during 2010 and 2009.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	Pooled separate accounts
Balance, December 31, 2009	$ 15,261
Unrealized gain relating to instruments still held at year-end	2,779
Purchases, sales, issuances and settlements (net)	(992)
Balance, December 31, 2010	$ 17,048

E. Stable value fund:

The Plan has a fully benefit-responsive investment contract (the "Contract") with Principal. Principal maintains the contributions in a common collective trust. The Contract is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The Contract is included in the statements of net assets available for benefits at fair value, with an adjustment to contract value included as an adjustment to net assets available for benefits, as reported to the Plan by Principal. Contract value represents contributions made under the Contract, plus investment income credited to the Contract based on contract rates currently earned by Principal, less funds used to make benefit payments to participants and to pay administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the Contract at December 31, 2010 and 2009 was $424,165 and $400,691, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 1.95% and 2.16% for 2010 and 2009, respectively. The crediting interest rate was 2.81% and 2.63% at December 31, 2010 and 2009, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and is reviewed on a daily basis for resetting.

Certain events, such as the premature termination of the Contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

F. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their accounts.

H. Administrative expenses:

Administrative expenses associated with custody, recordkeeping, loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

I. Tax status:

The Plan has adopted a prototype plan that has been determined by the Internal Revenue Service, in an opinion letter dated March 31, 2008, to be in accordance with applicable sections of the Code. The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

J. Related party transactions:

Certain Plan investments are shares of funds managed by Principal Life Insurance Company, the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

K. Delinquent participant contributions:

ERISA regulations require the Company to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets. During 2010 participant contributions and loan repayments totaling $10 and $78, respectively, were not remitted to the Plan within the requirements of ERISA. During 2009 participant contributions and loan repayments totaling $2,845 and $42, respectively, were not remitted to the Plan within the requirements of ERISA. For both 2010 and 2009, the Company corrected the error and transmitted the contributions, plus lost earnings, to the Plan prior to year end.

L. Reclassifications:

Certain amounts in the 2009 financial statements have been reclassified for comparative purposes.

M. Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 2,525,795	$ 2,213,193
Differences in:		
Investments	240,328	179,605
Receivables - notes receivable from participants	(231,839)	(179,605)
Net assets available for benefits per the Form 5500	$ 2,534,284	$ 2,213,193

Participant notes receivable, which are classified as a receivable on the financial statements in accordance with GAAP, are reported on the Schedule H of Form 5500 as participant loans under investments.

The fully benefit responsive investment contract, which is reported at contract value on the financial statements in accordance with GAAP, is reported at fair value on the Schedule H of Form 5500 for 2010.

N. Subsequent Events:

Subsequent events were evaluated through October 5, 2011, which is the date the financial statements were available to be issued.
