INDEPENDENT AUDITORS' REPORT

Administrative Committee
Associated Material Handling Industries 401(k) Plan
Addison, Illinois

We were engaged to audit the financial statements and supplemental information of the Associated Material Handling Industries 401(k) Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any of the normal auditing procedures with respect to asset information certified by State Street Bank and Trust Company, trustee of the Plan, and Transamerica Financial Life Insurance Company Inc., custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental information. We have been informed by the Plan Administrator that the trustee and custodian hold the Plan's assets and execute investment transactions. The Plan Administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the trustee and custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental information taken as a whole. The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As described in Note B, as of December 31, 2010, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which clarified how loans to participants should be classified and measured by defined contribution plans. This update was retrospectively applied to December 31, 2009.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Associated Material Handling Industries 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) plan covering eligible employees of Associated Material Handling Industries, Inc. (the Company). Employees are eligible to participate upon completion of 30 days of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary contributions of the participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made no discretionary matching contributions for the year ended December 31, 2010.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25% to 9.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$18,222 for the year ended December 31, 2010.

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company totaled \$8,400 for the year ended December 31, 2010.

9. Forfeitures

At December 31, 2010 and 2009, unallocated plan assets resulting from forfeited nonvested accounts totaled \$4,745 and \$9,533, respectively. These accounts will be used first to reduce future plan expenses and then to reduce future discretionary matching contributions of the Company. Forfeitures of \$12,580 were used to pay plan expenses during 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 962-325, *Plan Accounting - Defined Contribution Pension Plans, Investments - Other*, investment contracts held by a defined contribution plan are required to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

As of December 31, 2010 and 2009, contract value approximated fair value for the portion of the Plan's assets that are considered to be fully benefit-responsive; therefore, no such adjustments are reflected in these financial statements.

2. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Associated Material Handling
Industries 401(k) Plan**
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Group annuity contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (See Note D).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. New Accounting Pronouncements

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. This update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This update was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. There was no impact on the net assets of the Plan as of December 31, 2010 or 2009, as a result of the adoption.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2010 and 2009, net appreciation in the fair value of investments, and interest and dividends for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company, the trustee, and Transamerica Financial Life Insurance Company Inc., the custodian. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the trustee and custodian.

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2010 and/or 2009, are separately identified.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2002, the Plan entered into a benefit-responsive investment contract with Transamerica Financial Life Insurance Company Inc. (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with the earnings of the underlying investments and is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2010</u>	<u>2009</u>

NOTE E - INCOME TAX STATUS

The Plan obtained its latest determination letter on August 20, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE F - PLAN AMENDMENTS

In 2010, the Plan was amended to correct certain Plan Sponsor information. Further, the Plan appointed State Street Bank and Trust Company to be its Trustee, effective July 1, 2010. These amendments had no effect on Plan operations. Interested parties should refer to the plan document for a more complete description of the changes.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their respective account balances.

NOTE H - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE I - RELATED-PARTY TRANSACTIONS

Plan investments are managed by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company Inc. State Street Bank and Trust Company is the trustee and Transamerica Financial Life Insurance Company Inc. is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 11, 2011, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described further below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Effective January 1, 2011, the Plan was amended to include bonuses in the definition of compensation. Effective October 1, 2011, the plan was again amended to exclude bonuses from the definition of compensation. Interested parties should refer to the plan document for a more complete description of the changes.
