INDEPENDENT AUDITORS' REPORT

We were engaged to audit the accompanying statements of net assets available for benefits of Walsh, Anderson, Brown, Schulze & Aldridge, P.C. 401(k) Plan (Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy of the information summarized in Note 4 that was provided to the Plan Administrator by the trustee as of and for the years ended December 31, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Walsh, Anderson, Brown, Schulze & Aldridge, P.C. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers eligible employees of Walsh, Anderson, Brown, Aldridge & Gallegos, P.C. (Sponsor) who are at least twenty-one years old. Employees who have attained one year and 1,000 hours of service are eligible to receive matching and employer contributions. There are no minimum service requirements in order to make salary deferrals and receive safe harbor employer contributions. The Plan was established effective September 1, 1985 and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may elect to contribute up to 100% of annual compensation, as defined in the Plan, through payroll deductions. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions that are in addition to any limits that are imposed by the Plan and Federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Plan Sponsor may elect to make annual discretionary contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

The Plan Sponsor may also decide to make a special discretionary contribution called a qualified nonelective contribution (QNEC). QNEC contributions would be made to eligible participants who are non-highly compensated employees, as determined under the Plan. Any QNEC contributions to the Plan will be allocated to eligible participants beginning with participants with the lowest compensation for the year.

The Plan is designed to qualify as a "Safe Harbor 401(k) Plan". As a safe harbor 401(k) Plan a contribution will be provided for those participants who satisfy the eligibility requirements applicable to safe harbor employer contributions equal to 3% of participant compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all employee contributions, safe harbor contributions, QNEC contributions, and actual earnings thereon. Vesting in discretionary employer contributions is based on each employee's length of service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (Continued)

Forfeitures

When participants separate from service, any amounts that are not vested will be forfeited. For any plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited non-vested accounts totaled $27,264 and $13,490 at December 31, 2010 and 2009, respectively. Forfeitures of approximately $8,560 and $6,544 were used to reduce employer contributions for the years ended December 31, 2010 and 2009, respectively.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of fifteen years for home loans. The loans are secured by the balance in the participant's account and bear interest at prime rates.

Payment of benefits

Participants who terminate employment at normal retirement age (age 59 1/2), disability, or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before age 59 1/2, the participant is entitled to 100% of their account's vested balance. Upon separation from service, death, or disability, plan benefits will be paid in the form of a lump sum. If the amount of the payout is more than $1,000 and the participant has not reached age 59 1/2, died, or consented to distribution, the payment will be deferred to the earliest date administratively feasible following attainment of normal retirement age, death, or consent to distribution.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc) are charged directly against the appropriate participant's account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications

Certain reclassifications of the prior year amounts have been made in order to provide comparability with the current year presentation.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 3, 2011, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncement

In January 2010, FASB issued an amendment, "Fair Value Measurements and Disclosures – Improving Disclosures About Fair Value Measurements" (ASU 2010-06), which requires new disclosures about transfers of financial assets and liabilities between levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both level 2 and level 3 measurements. It further clarifies that the reconciliation of level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than level 3 measurements, the amendment was effective and adopted for periods beginning on or after December 15, 2009. See Note 6 for impact of the adoption. The guidance related to level 3 measurements is effective for periods beginning on or after December 15, 2010, and has not yet been adopted. Management is currently evaluating the impact of the guidance related to level 3 measurements on the disclosures.

In September 2010, FASB issued an amendment, Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 12010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment requires retrospective application to all periods presented.

This amendment was adopted for the year ended December 31, 2010, and then retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $224,268 and $268,720 from investments to notes receivable as of December 31, 2010 and 2009, respectively. There was no impact to the Plan's net assets available for benefits as of December 31, 2010 or 2009, as a result of the adoption.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in a group annuity contract that houses several separate investment accounts (SIAs). Each SIA is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under contract, plus earnings, less participant withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The collective investment trust is fully benefit-responsive; the contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the collective investment trust. Contract value, as reported to the Plan by John Hancock Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no valuation reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $400,851 and $798,132, respectively. The average yield for the investment contract was 2.83% and 3.52% at December 31, 2010 and 2009, respectively. The crediting rate for this contract was 3.40% and 3.26% at December 31, 2010 and 2009, respectively. The credit rate is based on an agreed upon rate with the issuer, but cannot be less than zero.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following assets:

4. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE (Continued)

	2010	2009
Investments at fair value:		
Mutual funds	$ 12,877,824	$ 10,128,219
Investment contract*	400,851	798,132
Cash reserve	27,263	13,784
Notes receivable from participants	224,268	268,720

* The value certified by the trustee is contract value, which is different from fair value reported in Note 6 in accordance with generally accepted accounting principles.

The trustee of the Plan also certified to the completeness and accuracy of $1,613,398 of net appreciation in fair value of investments and $14,274 of interest related to the aforementioned assets for the year ended December 31, 2010.

5. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2010 and 2009.

		2010	2009
John Hancock Lifestyle Growth		$ 3,043,985	$ 2,356,131
John Hancock Lifestyle Balanced		2,663,881	2,161,712
John Hancock Lifestyle Aggressive		1,247,878	977,139
John Hancock Lifestyle Moderate		1,095,590	871,710
John Hancock Stable Value	*	400,851	798,132

*Not five percent in 2010

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,600,866 as follows:

Mutual funds	$ 1,604,009
Investment contract	(3,143)
Net Appreciation in Fair Value of Investments	$ 1,600,866

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

6. FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quotes prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds – Valued at the net asset value ("NAV") of shares held by the plan at year end.

Investment contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Cash reserve – The carrying amount approximates fair value because of the short maturity of those instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

All investments in the Statement of Net Assets Available for Benefits are reported at fair value. The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2010 and 2009:

Level 3 Gains and Losses

The following table sets forth a summary changes in the fair value of the plan's level 3 assets for the year ended December 31, 2010:

	Investment Contract
Balance, beginning of year	$ 798,132
Realized gains/(losses)	9,426
Unrealized gains/(losses) relating to instruments still held at reporting date	(6,051)
Purchases, sales, issuances, and settlements (net)	(400,656)
Balance, end of year	$ 400,851

7. RELATED PARTY TRANSACTIONS

Investments

Certain Plan investments are units of separate investment accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $6,245 for the year ended December 31, 2010.

Administration

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

8. PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

9. INCOME TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 13,524,155	$ 11,234,801
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	6,051	(6,518)
Net Assets Available for Benefits per Schedule H of Form 5500	$ 13,530,206	$ 11,228,283

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2010 to the Form 5500.

Total additions per financial statements	$ 2,895,023
Add: Unrealized loss for fully benefit-responsive investment contracts on Form 5500 this year	12,568
Total Additions per Form 5500	$ 2,907,591

11. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
