INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Garvey Companies' Savings and Retirement Plan

We were engaged to audit the financial statements of Garvey Companies' Savings and Retirement Plan as of December 31, 2010 and 2009, and the years then ended, and the supplemental schedule of assets held for investment purposes as of December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees, as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. NOTE 1 - DESCRIPTION OF PLAN

The following description of the Garvey Companies' Savings and Retirement (The Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a retirement plan with a salary reduction (Sec. 401K) feature covering all full time employees of C-Graphic L.L.C. d/b/a Global Fulfillment Services, United General Graphics L.L.C., Tru - Line Lithographing, Inc., and Ed Garvey and Company (all of which are under common control). Participants must be age eighteen or older to participate in the Plan. There is a three month service requirement for elective deferrals and a one year service requirement for all other contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the plan is Fidelity Management Trust Company.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In addition, the Company may make matching and/or company-discretionary contributions for a plan year. Matching contributions, if any, are allocated in proportion to the amount of each participant's deferral. Company-discretionary contributions are allocated among participants in the ratio that compensation of each participant bears to the total compensation of all participants. The Company has no obligation to make matching or company-discretionary contributions in any year. Effective February 1, 2008, all new employees are automatically added to the plan with a 3% contribution rate. If a new employee does not wish to be a member of the plan, the employee must take the required steps with the Trustee to opt out.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their compensation reductions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

All investments of the Plan, as of December 31, 2010 and 2009 were held by Fidelity Management Trust Company. Investments in the plan are reported at fair market value, which represent the net asset value of shares held by the plan at year-end. The plan's interest in the collective trust is based on the fair value of the collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. Net realized and unrealized appreciation (depreciation) is recorded on the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding balances. The notes are secured by participant accounts. An allowance for uncollectible amounts has not been recorded.

Payments of Benefits

Payments of benefits are recorded when paid.

Plan Operating Expenses

The Company is currently paying most of the expenses of the Plan such as legal and auditing fees, etc. During the Plan ended December 31, 2010 investment advisory and recordkeeping expenses were paid out of the Plan's forfeiture account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASB 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASB 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include -
 - A. quoted prices for similar assets or liabilities in active markets
 - B. quoted prices for identical or similar assets in inactive markets
 - C. inputs other than quoted prices that are observable for the asset or liability
 - D. inputs that are derived principally from or corroborated by observable market data or by correlation or other means.If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies used at December 31, 2010 and 2009

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 5)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair values as of December 31, 2010 and 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan has entered into a benefit-responsive investment contract with Fidelity Investments Institutional Operations Company, Inc. (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Fidelity. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate to the plan.

As described in Note 4, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was \$1,119,046 and \$1,097,230, respectively. The crediting interest rate is based on a formula agreed upon by the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plans prohibition on competing investment options or deletion or equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which could limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - INCOME TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated November 25, 1997, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code.

NOTE 7 - DOL LIMITED-SCOPE AUDIT

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974, the following information was certified as complete and accurate by the trustee Fidelity Management Trust Company for the years ended December 31, 2010 and 2009.

NOTE 8 – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan as written allows for notes receivable from participants to meet certain immediate and heavy financial needs. These notes are all secured by other plan assets belonging to the borrowers and are limited to 50% of the Participant's vested balance, not to exceed \$50,000. The notes bear interest at rates ranging from 6% to 10.50% and have due dates ranging from 2011 to 2015. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE 10 - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$21,517 and \$35,843 for the years ended December 31, 2010 and 2009, respectively.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

**GARVEY COMPANIES' SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009**

NOTE 13 - AMENDMENTS TO PLAN

On March 15, 2010, the Plan was amended so that distributions can now be made in Fund Shares of marketable securities pursuant to a qualifying rollover directly into another Fidelity Investments account. On November 5, 2010, the Plan was amended to reflect the changes brought about by the Heroes Earnings Assistance and Relief Act of 2008 (HEART Act), The Worker, Retiree and Employment Act of 2008 and The Emergency Economic Stabilization Act of 2008. This amendment had no immediate effect on the Plan.

NOTE 14 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 8, 2011 the date the financial statements were available to be issued.

NOTE 15 - UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that "more likely than not" would not be sustained in a tax examination, with a tax examination being presumed to occur. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
