INDEPENDENT AUDITORS' REPORT

To the Trustee and
Plan Administrator of the
No Ordinary Moments, Inc.
401(k) Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Capital Bank and Trust, the custodian of the Plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule as of or for the year ended December 31, 2010. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2009, and in our audit report dated October 12, 2010, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A: **Description Of The Plan** - The following description of the No Ordinary Moments, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(1) General - The Plan is a defined contribution plan which was adopted by No Ordinary Moments, Inc. (the "Company") effective January 1, 1999, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed one year of service and are age 21 or older.

(2) Contributions - Participants may elect to contribute up to 100 percent of their pretax annual compensation not to exceed the maximum deferral limitation, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides for a Safe Harbor matching contribution equal to 100 percent of each participant’s deferrals up to 3 percent of participants compensation, plus 50 percent of the participant’s deferrals that exceed 3 percent of the participant’s compensation but does not exceed 5 percent. Additional amounts including a profit sharing contribution may also be contributed at the option of the Company. Employer Safe Harbor matching contributions for the year ended December 31, 2010, were $42,113. There were no profit sharing contributions made during the year ended December 31, 2010.

(3) Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(4) Vesting - Participants are vested immediately in their contributions plus actual earnings thereon, as well as in the Company’s Safe Harbor matching contribution. Vesting in the Company’s discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

NOTE A: **Description Of The Plan** – (Continued)

(5) Notes Receivable From Participants – Participants may borrow against their plan account balance within plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount must be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's non-forfeitable interest under the Plan, or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through monthly payroll deductions. The notes are secured by the vested balance in the participant's account, and a participant can have a maximum of one outstanding loan at any time.

(6) Benefit Payments - Upon termination of service due to death, disability, retirement, or for other reasons, a participant will receive a lump-sum distribution equal to the vested portion of his or her account, as defined in the Plan document. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw their funds from the Plan.

(7) Forfeitures – Forfeitures of the Company's contributions are used to reduce administrative expenses of the Plan, and any remaining forfeitures are applied to reduce future employer's contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $2,103 and $3,811, respectively. During the year ended December 31, 2010, forfeitures totaling $3,811 were used to reduce employer matching contributions.

(8) Administrative Expenses - Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for fees related to the administration of participant loans or distributions, which are deducted from the applicable participants' account.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

NOTE B: **Summary of Significant Accounting Policies** – The following are the significant accounting policies followed by the Plan:

(1) Basis of Accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE B: **Summary of Significant Accounting Policies** – (Continued)

(2) Investment Valuation and Income Recognition – The Plan's investments are stated at fair value at December 31, 2010 and 2009. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note J for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net realized and unrealized gains on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

(3) Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

(4) Payment of Benefits - Benefits are recorded when paid.

(5) Use Of Estimates - The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

(6) Recent Accounting Pronouncements – In September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, "*Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,*" which requires participant loans to be segregated from plan investments subject to fair value measurement, classified as notes receivable and measured at their unpaid principal balance plus accrued interest. The ASU requires retrospective application and applies to reporting periods beginning after December 15, 2010; early adoption is permitted.

NOTE B: **Summary of Significant Accounting Policies** – (Continued)

(6) Recent Accounting Pronouncements – (Continued)

Accordingly, the Plan's participant loans have been reported as receivables in the statements of net assets available for benefits as of December 31, 2010 and 2009, and participant loan interest has been excluded from investment income in the related statement of changes in net assets available for benefits for the year ended December 31, 2010. In addition, participant loans have been excluded from the fair value disclosures at Note J. Adoption of the ASU represents a reclassification within the financial statements and had no impact on net assets available for benefits or changes therein.

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, *Improving Disclosures about Fair Value Measurements (Topic 820) - Fair Value Measurements and Disclosures* (ASU 2010-06), to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, and the activity in Level 3 fair value measurements. Certain provisions of this update will be effective in the year ending December 31, 2011, and the Plan is currently evaluating the impact of the pending adoption of ASU 2010-06 on the Plan's financial statements.

NOTE C: **Concentrations, Risks And Uncertainties** – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The brokerage firm is insured by the Securities Investor Protection Corporation (SIPC).

NOTE D: **Investments** - The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the year ended December 31, 2010. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the information certified by Capital Bank & Trust, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE D: **Investments** – (Continued)

The following table presents the fair values of the participant-directed investments in this plan that are certified by Capital Bank and Trust as of and for the year ended December 31, 2010. Investment balances as of December 31, 2009 were not certified. Those investments that represent 5 percent or more of the Plan's net assets for the years ended December 31, 2010 and 2009, are separately identified below:

	(Certified) December 31, 2010	December 31, 2009
Mutual Funds:		
American Mutual Fund	41,677	34,210
Growth Fund Of America	64,187	46,607
Income Fund Of America	90,620	87,478
Europacific Growth Fund	63,260	51,938
World Bond Fund	128,111	65,467
World Growth And Income	40,925	32,534
New World Fund	91,323	61,485
Money Market Fund	96,360	78,764
Other Mutual Funds	80,829	61,389
Total Investments	$ 697,292	$ 519,872
Notes Receivable From Participants	$ 39,989	$ 43,019

Capital Bank and Trust also certified the completeness and accuracy of $40,977 of net appreciation in fair value of investments and $10,640 of dividends and interest related to the aforementioned investments and $2,280 of interest on notes receivable from participants for the year ended December 31, 2010.

NOTE E: **Plan Termination** - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their employer contributions.

NOTE F: **Employer Contribution Receivable –** During the Plan year ended December 31, 2009, the Plan sponsor did not properly make the Safe Harbor matching contributions on a per payroll basis as specified in the Plan document due to an inability to properly set up the deferrals in the payroll system.

NOTE F: **Employer Contribution Receivable** – (Continued)

In an attempt to ensure that the Safe Harbor match was correct, the Plan stopped making matching contributions, and instead, they calculated the Safe Harbor match at the end of the year and recorded a receivable for the employer contribution totaling $27,104 on the financial statements as of December 31, 2009. The Plan was unaware that it was outside the provisions of the Plan document at the time the decision was made to stop the contributions. During 2010, employer contributions through October 2010 were not made on a per-payroll basis as well due to the above, as the issue for the 2009 year was discovered at that time. The Plan took action to self correct the error and lost earnings were calculated on the employer contributions not made.

NOTE G: **Tax Status** - The Plan is based on the Prototype Non-standardized Profit Sharing Plan with CODA, which received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has not yet filed for its own determination letter from the IRS. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE H: **Party-In Interest** - The investments in mutual funds are managed by American Funds. American Funds is an affiliate of the custodian, Capital Bank & Trust, and, therefore, these investments are party-in-interest transactions.

NOTE I: **Withdrawn Participants** - At December 31, 2010, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE J: **Fair Value Measurements** - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end. The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

NOTE J: **Fair Value Measurements** - (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth And Income Funds	$ 82,602	$ -	$ -	$ 82,602
Growth Funds	253,081	-	-	253,081

Money Market	96,360	-	-	96,360
Total Assets At Fair Value	$ 697,292	$ -	$ -	$ 697,292

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth And Income Funds	$ 66,744	$ -	$ -	$ 66,744

INDEPENDENT AUDITORS' REPORT

To the Trustee and
Plan Administrator of the
No Ordinary Moments, Inc.
401(k) Profit Sharing Plan

We were engaged to audit the accompanying statements of net assets available for benefits of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Capital Bank and Trust, the custodian of the Plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule as of or for the year ended December 31, 2010. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2009, and in our audit report dated October 12, 2010, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of No Ordinary Moments, Inc. 401(k) Profit Sharing Plan as of December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A: **Description Of The Plan** - The following description of the No Ordinary Moments, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(1) General - The Plan is a defined contribution plan which was adopted by No Ordinary Moments, Inc. (the "Company") effective January 1, 1999, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed one year of service and are age 21 or older.

(2) Contributions - Participants may elect to contribute up to 100 percent of their pretax annual compensation not to exceed the maximum deferral limitation, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides for a Safe Harbor matching contribution equal to 100 percent of each participant’s deferrals up to 3 percent of participants compensation, plus 50 percent of the participant’s deferrals that exceed 3 percent of the participant’s compensation but does not exceed 5 percent. Additional amounts including a profit sharing contribution may also be contributed at the option of the Company. Employer Safe Harbor matching contributions for the year ended December 31, 2010, were $42,113. There were no profit sharing contributions made during the year ended December 31, 2010.

(3) Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(4) Vesting - Participants are vested immediately in their contributions plus actual earnings thereon, as well as in the Company’s Safe Harbor matching contribution. Vesting in the Company’s discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

NOTE A: **Description Of The Plan** – (Continued)

(5) Notes Receivable From Participants – Participants may borrow against their plan account balance within plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount must be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's non-forfeitable interest under the Plan, or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through monthly payroll deductions. The notes are secured by the vested balance in the participant's account, and a participant can have a maximum of one outstanding loan at any time.

(6) Benefit Payments - Upon termination of service due to death, disability, retirement, or for other reasons, a participant will receive a lump-sum distribution equal to the vested portion of his or her account, as defined in the Plan document. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw their funds from the Plan.

(7) Forfeitures – Forfeitures of the Company's contributions are used to reduce administrative expenses of the Plan, and any remaining forfeitures are applied to reduce future employer's contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $2,103 and $3,811, respectively. During the year ended December 31, 2010, forfeitures totaling $3,811 were used to reduce employer matching contributions.

(8) Administrative Expenses - Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for fees related to the administration of participant loans or distributions, which are deducted from the applicable participants' account.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.

NOTE B: **Summary of Significant Accounting Policies** – The following are the significant accounting policies followed by the Plan:

(1) Basis of Accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

NOTE B: **Summary of Significant Accounting Policies** – (Continued)

(2) Investment Valuation and Income Recognition – The Plan's investments are stated at fair value at December 31, 2010 and 2009. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note J for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net realized and unrealized gains on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

(3) Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

(4) Payment of Benefits - Benefits are recorded when paid.

(5) Use Of Estimates - The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

(6) Recent Accounting Pronouncements – In September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, "*Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,*" which requires participant loans to be segregated from plan investments subject to fair value measurement, classified as notes receivable and measured at their unpaid principal balance plus accrued interest. The ASU requires retrospective application and applies to reporting periods beginning after December 15, 2010; early adoption is permitted.

NOTE B: **Summary of Significant Accounting Policies** – (Continued)

(6) Recent Accounting Pronouncements – (Continued)

Accordingly, the Plan's participant loans have been reported as receivables in the statements of net assets available for benefits as of December 31, 2010 and 2009, and participant loan interest has been excluded from investment income in the related statement of changes in net assets available for benefits for the year ended December 31, 2010. In addition, participant loans have been excluded from the fair value disclosures at Note J. Adoption of the ASU represents a reclassification within the financial statements and had no impact on net assets available for benefits or changes therein.

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, *Improving Disclosures about Fair Value Measurements (Topic 820) - Fair Value Measurements and Disclosures* (ASU 2010-06), to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, and the activity in Level 3 fair value measurements. Certain provisions of this update will be effective in the year ending December 31, 2011, and the Plan is currently evaluating the impact of the pending adoption of ASU 2010-06 on the Plan's financial statements.

NOTE C: **Concentrations, Risks And Uncertainties** – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The brokerage firm is insured by the Securities Investor Protection Corporation (SIPC).

NOTE D: **Investments** - The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the year ended December 31, 2010. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the information certified by Capital Bank & Trust, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedule.

NOTE D: **Investments** – (Continued)

The following table presents the fair values of the participant-directed investments in this plan that are certified by Capital Bank and Trust as of and for the year ended December 31, 2010. Investment balances as of December 31, 2009 were not certified. Those investments that represent 5 percent or more of the Plan's net assets for the years ended December 31, 2010 and 2009, are separately identified below:

	(Certified) December 31, 2010	December 31, 2009
Mutual Funds:		
American Mutual Fund	41,677	34,210
Growth Fund Of America	64,187	46,607
Income Fund Of America	90,620	87,478
Europacific Growth Fund	63,260	51,938
World Bond Fund	128,111	65,467
World Growth And Income	40,925	32,534
New World Fund	91,323	61,485
Money Market Fund	96,360	78,764
Other Mutual Funds	80,829	61,389
Total Investments	$ 697,292	$ 519,872
Notes Receivable From Participants	$ 39,989	$ 43,019

Capital Bank and Trust also certified the completeness and accuracy of $40,977 of net appreciation in fair value of investments and $10,640 of dividends and interest related to the aforementioned investments and $2,280 of interest on notes receivable from participants for the year ended December 31, 2010.

NOTE E: **Plan Termination** - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their employer contributions.

NOTE F: **Employer Contribution Receivable –** During the Plan year ended December 31, 2009, the Plan sponsor did not properly make the Safe Harbor matching contributions on a per payroll basis as specified in the Plan document due to an inability to properly set up the deferrals in the payroll system.

NOTE F: **Employer Contribution Receivable** – (Continued)

In an attempt to ensure that the Safe Harbor match was correct, the Plan stopped making matching contributions, and instead, they calculated the Safe Harbor match at the end of the year and recorded a receivable for the employer contribution totaling $27,104 on the financial statements as of December 31, 2009. The Plan was unaware that it was outside the provisions of the Plan document at the time the decision was made to stop the contributions. During 2010, employer contributions through October 2010 were not made on a per-payroll basis as well due to the above, as the issue for the 2009 year was discovered at that time. The Plan took action to self correct the error and lost earnings were calculated on the employer contributions not made.

NOTE G: **Tax Status** - The Plan is based on the Prototype Non-standardized Profit Sharing Plan with CODA, which received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has not yet filed for its own determination letter from the IRS. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE H: **Party-In Interest** - The investments in mutual funds are managed by American Funds. American Funds is an affiliate of the custodian, Capital Bank & Trust, and, therefore, these investments are party-in-interest transactions.

NOTE I: **Withdrawn Participants** - At December 31, 2010, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

NOTE J: **Fair Value Measurements** - Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end. The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

NOTE J: **Fair Value Measurements** - (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth And Income Funds	$ 82,602	$ -	$ -	$ 82,602
Growth Funds	253,081	-	-	253,081

Money Market	96,360	-	-	96,360
Total Assets At Fair Value	$ 697,292	$ -	$ -	$ 697,292

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth And Income Funds	$ 66,744	$ -	$ -	$ 66,744
Growth Funds	183,936	-	-	183,936
