NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 - PLAN DESCRIPTION:

The following description of the C & C Technologies, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established on July 1, 1998 by C & C Technologies, Inc. (the Company). Participants are allowed to direct the investment of all of their vested account balance. Employees are eligible to participate after completing one month of service provided they are age 21 or older and have completed 83 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to fifteen percent of pretax annual compensation in the form of a salary reduction, as defined by the Plan. Participants age 50 and older may elect to defer additional amounts (called "catch-up contributions"), limited to \$5,500 in 2010. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution and in addition, may make a discretionary contribution. The Company's matching contribution is forty percent of the first seven percent of compensation subject to limits for those participants who contribute maximum amounts. Any discretionary contribution shall be allocated to each participant in proportion to his or her compensation for the plan year earned while a participant. Contributions are subject to other certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in the employer matching contributions and employer discretionary contribution after 6 years of credited service. Prior to death or retirement, participants vest in employer contributions and related earnings in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percent</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

On the occurrence of death, retirement, or Plan termination, a participant becomes fully vested in employer contributions and related earnings.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 - PLAN DESCRIPTION (Continued):

Investment Options. As of December 31, 2010, a participant may direct all or a portion of their vested account balance in any of twenty-four mutual funds. Participants may change their investment options daily.

The ability of any of the issuers of the securities held by these funds to meet their obligations may be affected by economic developments in a specific industry, region, state or country.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or over a reasonable period for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 2.90 percent to 7.49 percent, which are commensurate with local prevailing rates at issuance of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits. On termination of service due to death, disability, retirement or termination of employment, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Withdrawals from a participant's account while such participant is employed by the Company will be permitted in the cases of a hardship or in-service withdrawal, as defined by the Plan. Pre-tax deferrals, as well as, matching and profit sharing contributions are available for hardship withdrawals. Employer contributions to the Plan are automatically suspended for 6 months subsequent to a financial hardship withdrawal from a pre-tax deferral account balance.

In-service withdrawals are limited to those funds deferred under the Plan and the participant's profit sharing and/or matching contributions once they reach age 59 ½. Rollover contributions are also eligible for in-service withdrawals.

Forfeited Accounts. At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$60,103 and \$153,877, respectively. These accounts will be used to reduce future employer contributions. In 2010, employer contributions were reduced by \$0 from these forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investments Valuation and Income Recognition - Investments are stated at fair market value, using quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Administration - Certain administration costs are paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The plan has evaluated subsequent events through October 13, 2011, the date the statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Capital Bank and Trust Company, the trustee of the Plan through May 21, 2010, has certified to the completeness and accuracy of certain investments reflected on the accompanying statements of assets available for benefits as of December 31, 2009, the applicable investment activity reflected in the statements of changes in assets available for benefits for the years ended December 31, 2010 and December 31, 2009, and the applicable information reflected in Note 5. Frontier Trust Company, the trustee as of May 22, 2010, has certified the completeness and accuracy of certain investments reflected on the accompanying statements of assets available for benefits for the year ended December 31, 2010, the applicable investment activity reflected in the statements of changes in assets available for benefits for the year ended December 31, 2010, the applicable information in Note 5, and the supplemental schedule of assets as of December 31, 2010.

The following is a summary of the Plan's financial information and data certified by the trustees as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

	2010	2009
Investments	\$ 14,617,412	\$ 12,298,239
Investment Income:		
Income from investments	\$ 249,691	\$ 227,084
Net unrealized appreciation (depreciation) in fair value of investments	1,107,884	2,397,438

NOTE 4 – FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

C & C TECHNOLOGIES, INC.
401 (k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2010 AND 2009

NOTE 4 – FAIR VALUE MEASUREMENTS (continued):

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds - The Plan's mutual fund investments are valued based on quoted market prices, as determined by the closing price reported on the active market on which the individual securities are traded.

		Fair Value Measurement Using:		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	<u>Fair Value</u>			
<u>December 31, 2010</u>				
Mutual Funds	<u>\$ 14,617,412</u>	<u>\$ 14,617,412</u>	<u>-</u>	<u>-</u>
 <u>December 31, 2009</u>				
Mutual Funds	<u>12,298,239</u>	<u>\$ 12,298,239</u>	<u>-</u>	<u>-</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments.

During 2010, the Plan's investments in mutual funds, including gains and losses on investments bought and sold, as well as held during the year appreciated in value by \$ 1,107,884.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500:

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

	<u>2010</u>	<u>2009</u>

Benefits paid to participants per the Form 5500	<u>\$ 537,380</u>	<u>\$ 516,649</u>

NOTE 7 – RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in any combination of selected mutual funds. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

C & C TECHNOLOGIES, INC.
401 (k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTSDECEMBER 31, 2010 AND 2009

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS:

All administrative expenses, other than loan and distribution service fees paid by participants, are paid by the Company. Such expenses have historically been comprised of fees for audit, recordkeeping, and consulting services. The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

NOTE 9 – TAX STATUS:

The plan obtained its latest determination letter on May 28, 2002, in which the Internal Revenue Service stated the plan, as then designed, complied with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the Plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.
