INDEPENDENT AUDITOR'S REPORT

Board of Trustees
EFG Capital International Corp 401(k) Retirement Plan
Miami, Florida

I was engaged to audit the accompanying statements of net assets available for benefits of **EFG Capital International Corp 401(k) Retirement Plan** ("Plan") as of December 31, 2010 and 2009 and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules of (1) Assets Held at the End of the Year and (2) Reportable transactions as of and for the years then ended. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by me in accordance with generally accepted auditing standards and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED

DECEMBER 31, 2010 AND 2009

(1) DESCRIPTION OF THE PLAN:

The following description of the EFG Capital International Corp 401(k) Retirement Plan ("Plan") provides only general information. For more complete information, participants should refer to the plan instrument, a copy of which is on file in the offices of the Plan sponsor.

. **General** -

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees of EFG Capital International Corp, the Plan's sponsor and participating employer. The plan commenced on January 1, 1989. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

. **Eligibility** -

All employees, regardless of age, are eligible to participate in the Plan on the first day of the month following initial employment.

. **Funding** -

Each year, participants may contribute up to 60% of annual pretax compensation, as defined in the Plan up to the statutory maximum of $16,500 in 2010 and 2009. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The employer will match this contribution at a rate determined each plan year. The employer matched 75% of the employee's contribution up to 6% of regular salary (contributing up to 75% of 6% of regular salary) for January through May 1, 2009, and stopped for the rest of 2009. On March 1, 2010, the employer reinstated matching contributions and matched 75% of the employee's contribution up to 3% of regular salary. For October 1 through December 31, 2010, the matching contribution was again increased to match 75% of the employee's contribution up to 6% of regular salary. Additional amounts may be contributed at the option of the Plan's board of trustees as an additional profit sharing contribution. All contributions are invested in mutual funds *(Note 3)*. Contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED

DECEMBER 31, 2010 AND 2009

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Distributions –**

Upon reaching age 65, each vested retiree is entitled to receive the entire value of their account. Disabled participants may receive the vested portion of their account earlier. Upon termination of employment prior to age 65, participants are eligible to receive the vested portion of their accounts.

. **Participant Accounts-**

Each participant's account is credited with 1) their contributions; 2) the employer's matching contribution and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

. **Vesting-**

Participants are immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants become 20% vested after 1 year and increase the vested portion 20% each year thereafter. A participant is 100% vested after 5 years of credited service.

. **Investment options-**

Upon enrollment in the Plan, and at each subsequent anniversary period, a participant may direct contributions to be allocated among a selection of securities provided by the Plan Administrator *(Note 3)*.

. **Payment of benefits-**

On termination of service due to death, disability or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Forfeitures**-

Forfeitures will be used to reduce future employer contributions. At December 31, the balance in forfeited, non-vested accounts totaled $20,675 and $19,880 for 2010 and 2009 respectively. No forfeitures were used during 2010 or 2009.

. **Participant loans**-

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans would be secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates provided by local lending institutions. Principal and interest would be paid ratably through monthly payroll deductions. Participants had outstanding loan balances totaling $349,351 and $409,605 at December 31, 2010 and 2009 respectively.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

. **Investment valuation and income recognition** -

Investments are reported at fair values *(see Note 3)*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants *(see Note 5 for discussion of fair value measurements)*.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

. **Accounting estimates**-

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

. **Income taxes** -

The Internal Revenue Service has determined that the prototype, upon which this Plan has been based, has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has certain differences from the prototype. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

. **Termination**-

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

. **Reclassification –**

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 presentation.

(3) INVESTMENTS:

Allocations among the underlying investments are participant directed. The investments held at December 31, 2010 and 2009 are as follows (investments which represent more than 5% of total Plan assets are noted separately):

	2010	2009
Mutual Funds:		
Money Market Funds	$ 1,091,524	$ 903,028

Total Mutual Funds	8,359,452	7,329,693

(3) INVESTMENTS:

Common Collective Trusts	163,971	193,791
Total investments	$ 8.523.423	$ 7.523.484

During the year ended December 31, 2010 the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $802,873 (reported as Net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits).

(4) PARTY-IN-INTEREST TRANSACTIONS:

During 2010 and 2009, certain Plan investments were shares of funds managed by Fidelity Management Trust Company, the administrator and custodian of the Plan assets. Therefore, these transactions would be considered party-in-interest transactions. Additionally, Fidelity Management Trust Company was paid $2,741 and $3,096 for administration of the Plan during the years ended December 31, 2010 and 2009, respectively.

The Plan's sponsor and participating employer absorbs virtually all of the Plan's administrative costs.

(5) FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

(5) FAIR VALUE MEASUREMENTS (CONTINUED):

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2010 and 2009:

Mutual funds and money market funds: Valued at the net asset value of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

Common collective trust: This fully benefit-responsive investment is valued at contract value which approximates fair values.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.
