NOTE A – DESCRIPTION OF THE PLAN

The following description of the Steadfast 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on February 1, 2003, by Steadfast Management Company, which was subsequently replaced by Steadfast Investment Properties, Inc. (the Employer), as a qualified defined contribution plan, with a cash or deferred arrangement, covering employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company (U.S.A) (John Hancock) serves as the custodian of Plan assets. The Plan's assets are invested through a group annuity contract into units of interest in sub-accounts at John Hancock. On January 1, 2009, the Plan was restated in its entirety to conform with the final Section 415 Regulations under the Internal Revenue Code, Pension Protection Act and Heart Act.

Eligibility

Employees become eligible to participate in employee deferral, employer discretionary matching contributions and employer profit sharing contributions upon reaching age 21 and after completing three months of service. The entry dates for the Plan are the first day of the month following the date the employee met the eligibility requirements. Pursuant to an amendment, effective October 1, 2009, employees become eligible to participate for employee deferral, employer discretionary matching contributions and employer profit sharing contributions upon reaching age 18 and after completing three months of service.

Employee Contributions

Participants can make pretax contributions and, pursuant to an amendment effective December 1, 2009, participants may make after-tax contributions (Roth 401(k)), up to the lesser of their annual compensation or the maximum amount allowed by law (plus catch-up contributions for participants over age 50) as presented in the following table:

Calendar Year	Limit	Catch-up
2009	$16,500	$5,500
2010	$16,500	$5,500

The Plan also provides for automatic enrollment at a 4% contribution rate for all new and returning employees.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions

Each year the Employer may elect to make, solely at its own discretion, a profit sharing contribution. Contributions are subject to certain limitations. The Employer did not make a profit sharing contribution for the years ended December 31, 2010 and 2009.

In addition to the discretionary profit sharing contribution, the Employer may make matching contributions equal to a discretionary percentage, as determined by the Employer, of the participant's salary reductions. The Employer made no matching contributions for the year ended December 31, 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution (as described above), and (b) Plan earnings, and is charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions will be 100% vested at all times. Contributions made by the Employer will be subject to the following vesting schedule:

Year of service	Vested Percentage
1	25 %
2	50 %
3	75 %
4	100 %

Each participant's vested interest becomes distributable upon retirement, attainment of age 59 1/2, financial hardship, termination of employment, disability, or death. Participants become fully vested in the Employer's contribution in the event of total or permanent disability while employed by the Employer or upon normal retirement at the age of 65. Upon termination of the Plan, the accounts of all participants become fully vested.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Upon approval by the plan administrator, active participants are permitted to borrow from the Plan without incurring a penalty. A participant may borrow a minimum of $1,000, up to the lesser of 50 percent of his or her vested account balance or $50,000 minus the participant's highest outstanding loan amount during the prior 12 month period. Two loans is the maximum number of loans that maybe outstanding at any time for any participant. Loan transactions are treated as a transfer between the investment fund and the participant loans fund. Loan terms range up to 5 years, except for the loans used for the purchase of a primary residence which the plan administrator may permit a longer repayment period. The loan shall bear a reasonable interest rate set by the administrator who will review the interest rates charged for similar types of loans by other lenders. All loans are secured by the participant's vested interest in the Plan. Nonpayment of loans will be considered a default and treated as a distribution. Principal and interest are paid ratably through semi-monthly payroll deductions. The interest rates on participant loans ranged from 4.25% to 9.25% for the years ended December 31, 2010 and 2009. At December 31, 2010 and 2009, loans outstanding were $234,268 and $125,458 respectively.

As a result of the adoption of a new accounting pronouncement (see Note B) relating to participant loans in 2010, the Plan retrospectively classified participant loans as notes receivable from participants in the Statements of Net Assets Available for Benefits and measured them their unpaid principal balance plus any accrued interest.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest. Pursuant to an amendment, effective December 1, 2009, the Plan provides for hardship withdrawals if participants meet the requirements for such a withdrawal as defined in the Plan.

Investment Options

A participant may direct his or her account into any of 45 investment options and may change the investment options on a daily basis.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Upon termination of employment of a participant, the non-vested portion of the employer contributions are forfeited. Forfeitures are first used to pay any administrative expenses and then to reduce any employer contributions. Forfeitures used for the years ended December 31, 2010 and 2009 were approximately, $4,602 and $4,609, respectively. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $1,894 and $4,102, respectively.

Administrative Expenses

The Employer has elected to pay for most of the costs associated with Plan administration in excess of forfeitures. Such costs include administrator compensation, account support, accounting and investment advisor fees (this excludes individual loan costs which are paid from participant accounts and certain minor custodian fees which are reported as administrative expenses in the accompany statements of changes in net assets available for benefits).

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As allowed under Department of Labor Regulations, the financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation

Plan assets are invested in units of interest in sub-accounts of John Hancock which hold mutual funds as selected by participants. The sub-accounts are stated at fair market value at December 31, 2010 and 2009, as reported by the custodian. Quoted market prices are used to value investments. Net appreciation includes the Plan's gain and losses on the investments bought and sold as well as held during the year.

Undistributed Benefits

The Plan does not accrue undistributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. At December 31, 2010 and 2009, there were no material amounts to be paid to participants who have withdrawn from the Plan.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update that requires additional disclosures regarding fair value measurements (Note D) and clarifies certain existing disclosure requirements. The guidance clarifies that disclosures should be presented separately for each class of assets and liabilities measured at fair value and the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, this guidance introduces new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3measurements on a gross basis, which is effective for fiscal years beginning after December 15, 2010, this guidance is effective for reporting periods beginning after December 15, 2009. Since this guidance only addresses fair value measurement disclosures, its adoption did not affect the Plan's financial statements. For the year ended December 31, 2010, there were no significant transfers in or out of Levels 1, 2 or 3.

In September 2010, the FASB issued an Accounting Standards Update that requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as "Notes receivable from participants." Previously,

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

participant loans were measured at fair value and classified as investments. This guidance is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of this guidance did not change the value of participant loans from the amount previously reported at December 31, 2009. The amount of participant loans at December 31, 2009 has been reclassified to "Notes receivable from participants" within the Statements of Net Assets Available for Benefits.

NOTE C – CUSTODIAN CERTIFICATION

At December 31, 2010 and 2009, the Plan's investments were held by John Hancock, the asset custodian of the Plan. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by John Hancock as complete and accurate in accordance with 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments, cash and notes receivable from participants at December 31, 2010 and 2009, and earnings on investments and interest income on notes receivable from participants for the years then ended December 31, 2010 and 2009, as reported by John Hancock is summarized as follows:

NOTE D – FAIR VALUE MEASUREMENTS

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds held in sub-accounts: Valued at the net assets value of units held by the Plan at year end and, generally, include the use of significant observable inputs in determining the unit value.

The following table sets forth by level, within the fair value hierarchy, the Plan's underlying investments at fair value as of December 31, 2010 and 2009.

NOTE E – RELATED PARTY TRANSACTIONS

John Hancock is the asset custodian of the Plan and, therefore, investment transactions entered into by John Hancock qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

NOTE F – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. In addition, the Plan held substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

NOTE G – PLAN TERMINATION

Although it has not expressed intent to do so, the Employer has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of termination of the plan, all participants become fully vested.

NOTE H –TAX STATUS

The Plan is a volume submitter profit sharing plan with CODA, which is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the opinion letter on March 31, 2008, which states that the plan is in accordance with the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

NOTE I – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 30, 2011, the date the financial statements were available to be issued.
