INDEPENDENT AUDITORS' REPORT

Benefit Plans Administration Committee
NewPage Retirement Savings Plan
Miamisburg, Ohio

We were engaged to audit the financial statements and the supplemental schedule of NewPage Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by J.P. Morgan Retirement Plan Services, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the NewPage Corporation (the "Sponsor") Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) savings plan covering all eligible employees of the Sponsor who, if not represented by a participating union group, become eligible on the first day of the first payroll period following the date when credited with at least one hour of service. If represented by a participating union group, then eligibility commences on the first day of the first payroll period following the date when the participant completes the required service period, which varies depending on the applicable collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants are permitted to defer up to 50% of their eligible compensation on a before-tax or after-tax basis. Participants may also contribute amounts representing distributions from other eligible qualified plans. For those participants who have attained age 50 or older by the end of the calendar year, the plan permits catch-up contributions subject to limitations imposed by law. The Internal Revenue Code establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, the Sponsor reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

The Sponsor, at its discretion, may make two types of contributions to non-bargaining participants of the Plan, matching contributions and profit sharing contributions. No employer contributions were made to non-bargaining participants during 2010.

The Sponsor, at its discretion, may make an additional contribution ranging from zero to 5% of eligible compensation. Only eligible participants who are actively employed on the last day of the plan year receive profit-sharing contributions. The Sponsor made no such contributions during 2010.

Participants represented by a participating union group are eligible for matching contributions pursuant to their respective collective bargaining agreements, but are not eligible to receive profit-sharing contributions.

Participants direct the investment of their contributions and Sponsor contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant contributions and allocations of Sponsor contributions and plan earnings. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all employee contributions and Sponsor matching contributions plus earnings thereon. Sponsor profit-sharing contributions plus earnings thereon will be vested after the completion of five years of vesting service.

Forfeitures

Forfeitures of non-vested sponsor contributions are used to first restore the amount of previous forfeitures for rehired participants with separations of service of less than five years, second to reduce the amount of Plan Sponsor contributions and third to pay the cost of administering the Plan. For the year ended December 31, 2010, forfeited non-vested accounts in the amount of \$74,345 were used to offset Company contributions. There were no forfeitures outstanding at December 31, 2010 and 2009.

Payment of Benefits

Upon termination of employment, all distributions from the Plan are payable in a lump-sum amount.

Notes Receivable - Participants

Participants may borrow from their accounts up to a maximum of 50% of their vested account balance, but not to exceed \$50,000. Participants are permitted to have no more than two loans outstanding at a time. Participants with two or more loans outstanding originating in the Plans of MeadWestvaco prior to May 1, 2005 and the Stora Enso North America ("SENA") 401(k) plans prior to October 1, 2008, may not originate new loans until the prior loans are repaid for no more than a total of two loans outstanding at any time. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at prime plus 1%, which is commensurate with local prevailing rates and is determined by the Plan administrator at the time the loan is made. Principal and interest are paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in the J.P. Morgan Stable Asset Income Fund at December 31, 2010 and the Fidelity Managed Income Portfolio II at December 31, 2009, which are a common/collective trusts, are considered fully benefit-responsive. In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan. Therefore, the Statements of Net Assets Available for Benefits presents the fair value of the investments in the common/collective trusts, as well as the adjustment of the investment in the common/collective trusts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution.

Administrative expenses

Certain administrative functions are performed by officers and employees of the Sponsor. No such officer or employee receives compensation by the Plan. Administrative expenses are paid by the Sponsor, except for fees related to distributions for benefit payments and loans, which are deducted from the participant's account.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition and disclosure in the financial statements. The Plan has evaluated subsequent events through October 12, 2011, the date the financial statements were available to be issued.

3. INVESTMENTS:

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2010 and 2009, and net investment earnings for the year ended December 31, 2010, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by J.P. Morgan Retirement Plan Services, the trustee of the Plan.

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Common/collective trusts:

Neuberger Berman Genesis Fund	35,377,786	29,684,750

** - Investment balance did not exceed reporting threshold as of end of year.

The Plan's net investment earnings for the year ended 2010 were as follows:

Self directed brokerage accounts	\$ 651,872
Net investment income from common/collective trusts	33,033,988
Net investment income from registered investment companies	39,318,686
	<u>\$ 73,004,546</u>

4. FAIR VALUE MEASUREMENT:

Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

The Plan classifies its investments into Level 1, Level 2 and Level 3 as defined below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value by the Plan.

Common stocks and assets held within self-directed brokerage accounts: The fair values of these securities are based on quoted market prices and are valued at the closing price as reported on the active market on which the individual securities are traded.

Registered investment companies: The registered investment companies are valued using the published Net Asset Value (NAV) provided by the manager of each fund.

Common/collective trusts: The common/collective trust funds do not have a readily determinable fair value. As permitted by accounting principles generally accepted in the United States of America, the Plan has valued such investments at net asset value per share (NAV). The manager calculates NAV based on the fair value of the underlying securities within the fund, which are generally traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded at the valuation date. There are no unfunded commitments and no restrictions on redemption as of December 31, 2010 and 2009 for the Plan's investment in these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's Trustees believe that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used to determine fair value during the years ended December 31, 2010 and 2009.

The carrying amounts of financial instruments, including contributions receivable, approximated fair value as of December 31, 2010 and 2009 because of the relatively short maturity of these instruments.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2010 and 2009.

5. TAX STATUS:

The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 11, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various registered investment companies, common/collective trusts, and securities held in self directed brokerage accounts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Net assets available for benefits per financial statements	\$638,110,657	554,585,084
Adjustment from fair value to contract value for fully benefit-responsive investment contract	<u>(479,718)</u>	<u>(594,850)</u>
Net assets available for benefits per Form 5500	<u>\$637,630,939</u>	<u>553,990,234</u>

The following is a reconciliation of net investment earnings from per the financial statements to the Form 5500 for the year ended December 31, 2010:

	<u>2010</u>
Net earnings from common/collective trusts per financial statements	\$ 33,033,988
Change in adjustment from fair value to contract value for fully benefit-responsive investment contract	<u>115,132</u>
Net earnings from common/collective trusts per Form 5500	<u>\$ 33,149,120</u>

9. SUBSEQUENT EVENTS:

Subsequent to December 31, 2010, the Sponsor will make a fixed contribution of 3% of eligible compensation on behalf of each participant who is not represented by a collective bargaining group and is employed on the last day of the plan year.

Effective January 1, 2011, the Sponsor reinstated the matching contributions for participants not represented by a collective bargaining group. The Sponsor's contribution shall be equal to 50% of the participant's contributions that do not exceed 5% of eligible compensation.

On September 7, 2011 the Sponsor announced that it is undergoing restructuring activities under the protection of Chapter 11 of the United States of America Bankruptcy Code. The impact of these proceedings on the Plan cannot be determined.
