a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.).....		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.).....		X	
e Was this plan covered by a fidelity bond?.....	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.).....	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.).....	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?.....		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.).....		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X

Independent Auditor's Report

To the Employee Benefits Committee and Participants
of the Wausau Papers of New Hampshire, Inc. Pension Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010, and the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the financial statements and supplemental schedules referred to above taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WAUSAU PAPERS OF NEW HAMPSHIRE, INC. PENSION PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Papers of New Hampshire, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Corp. (the “Company”) who were covered by a joint labor agreement between the union at the Groveton mill and the Company. An employee became eligible to participate in the Plan once they became covered by the joint labor agreement. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company (“Prudential”) serves as the trustee of the Plan and manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Pension Benefits—Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined by the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Death and Disability Benefits—If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan’s investments in pooled separate accounts are recorded at estimated fair value in accordance with Accounting Standards Codification (“ASC”) Topic 820 on the last day of the Plan year. ASC 820 discusses acceptable valuation techniques and inputs to these techniques. These inputs are assumptions market participants use in pricing investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 – Quoted prices in active markets (e.g., NYSE, NASDAQ, or other exchange) for assets identical to the securities to be valued. If a level 1 input is available, it must be used.

Level 2 – Inputs other than quoted market prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, quoted prices for similar assets in active markets, and inputs derived from observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

All of the Plan's investments are in pooled separate accounts. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds, and are valued using level 2 inputs. The fair values of these pooled separate accounts are primarily based on quoted market prices for the underlying securities or similar instruments. The Plan's fair value is based on the Plan's proportionate ownership of the underlying investments. These fair values are classified within level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted, but the values are not dependent on the input of any significant judgments or assumptions by management.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses—Administrative expenses of the Plan are paid by the Plan, as provided in the Plan Document.

Subsequent Events—Subsequent events have been evaluated through October 13, 2011, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan utilizes investment securities consisting of pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENT

The following summarizes the classification of investments by level and method of valuation in accordance with the requirements of ASC 820:

Fair Value Measurement at December 31, 2010				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,373,192	\$ -	\$ 1,373,192	\$ -
Mid cap funds	1,328,713	-	1,328,713	-
Large cap funds	5,992,868	-	5,992,868	-
International funds	2,879,568	-	2,879,568	-
S&P 500 Indexed fund	2,712,438	-	2,712,438	-
U.S. bond funds	7,539,224	-	7,539,224	-
Short-term bond fund	544,334	-	544,334	-
Emerging markets fund	762,526	-	762,526	-
Total	\$ 23,132,863	\$ -	\$ 23,132,863	\$ -

Fair Value Measurement at December 31, 2009				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,111,556	\$ -	\$ 1,111,556	\$ -
Mid cap funds	1,128,784	-	1,128,784	-
Large cap funds	5,478,474	-	5,478,474	-
International fund	3,306,468	-	3,306,468	-
S&P 500 Indexed fund	2,514,156	-	2,514,156	-
U.S. bond funds	7,768,644	-	7,768,644	-
Short-term bond fund	483,377	-	483,377	-
Total	\$ 21,791,459	\$ -	\$ 21,791,459	\$ -

The net asset value of each of the pooled separate accounts is calculated in a manner consistent with accounting principles generally accepted in the United States of America for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. All of the Plan's pooled separate accounts are reflected in level 2 of the valuation hierarchy. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds. The fair values of the underlying investments, which are based on quoted prices of similar assets, are used to determine the net asset value of the separate account, which is not publicly quoted.

5. MILL CLOSURE

In October 2007, the Company announced plans to cease operations at the Groveton, New Hampshire mill. Papermaking operations ceased in December 2007, and the mill was closed. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of the closure.

6. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the year ended December 31, 2010.

7. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2010, is as follows:

Vested benefits:

Participants and/or beneficiaries currently receiving benefits	\$ 13,563,912
Other participants	<u>7,444,832</u>

Total vested benefits	21,008,744
-----------------------	------------

Nonvested benefits	<u>-</u>
--------------------	----------

Total actuarial present value of accumulated plan benefits	<u>\$ 21,008,744</u>
--	----------------------

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2010, are as follows:

Actuarial present value of accumulated benefits – beginning of year	\$ 20,597,588
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	259,206
Interest accreted	1,543,400
Benefits paid	<u>(1,391,450)</u>
Net increase	<u>411,156</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 21,008,744</u>

The significant actuarial assumptions used in the December 31, 2010, valuations were:

- Mortality: The RP – 2000 Mortality Table with Projection to 2010
- Retirement age: Immediate retirement on January 1, 2010, for remaining employees that were eligible to retire
- Investment return: 7.75% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. INVESTMENTS

The following table presents the fair value of investments as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Investments – at estimated fair value –		
Pooled separate accounts	<u>\$ 23,132,863</u>	<u>\$ 21,791,459</u>

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,382,295.

The Plan's investments that represented 5% or more of net assets available for benefits are as follows:

	December 31,	
	<u>2010</u>	<u>2009</u>

9. INFORMATION CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Supplemental Schedules: All investment balances and information included in the schedules.

Note 8: All investment balances and investment information in the notes.

10. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 18, 2003, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2010, there are no uncertain positions taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan is currently open to audit for the year ended December 31, 2007, and years thereafter.

11. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

12. RELATED PARTY TRANSACTIONS

The Plan's investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

ACTUARIAL COST METHOD

Actuarial Cost Method

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described in “Plan Assumptions” of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year for all Participants plus an estimate of the expenses to be paid from the plan assets during the plan year.

Target Liability and Funding Shortfall

As of January 1, 2008, a Target Liability is established which represents the present value of accrued benefits. This Target Liability is offset by adjusted assets, and the remainder (i.e. Funding Shortfall), if any, is amortized over seven years.

Subsequent changes in the Funding Shortfall due to asset experience, liability experience, plan amendments, and/or actuarial assumption changes will be amortized over a seven year period from their valuation dates.

Discount Rate

The plan sponsor has elected to use the Segment Rate approach for discount rate purposes, with an applicable month that is 4 months prior to the valuation date. Refer to the plan assumptions section (Appendix D) for additional detail.

II. ASSET VALUATION METHOD

Assets have been valued in accordance with generally accepted procedures as described below.

All funds invested are valued in the following manner:

Definitions

i(t)	assumed growth rate, set equal to the lesser of the expected return on assets or the applicable 3 rd segment rate for Plan Year t.
C(t)	sum of contributions and other additions to the fund from all sources other than investment transactions in Plan Year t
W(t)	sum of all withdrawals and other decreases to the fund from all sources other than investment transactions in Plan Year t
AV(t)	Actuarial Value of Assets as of Plan Year t
MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

ACTUARIAL COST METHOD (CONT'D)

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)]

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

ACTUARIAL ASSUMPTIONS

Demographic Assumptions

Retirement Age	N/A
Mortality for Disabled and Nondisabled Lives	
PPA Funding	The IRS 2010 Mortality Table

Minimum Benefit	None.
Early Retirement Eligibility	Age 55 with 10 years of vesting service.
Benefit	A monthly benefit equal to the normal retirement benefit earned to the date of termination reduced by $\frac{1}{2}$ of 1% for each month by which early retirement precedes age 65. The benefit is unreduced at age 62 with 20 years of vesting service.
Disability Retirement Eligibility	Permanent and total disability as defined under the provisions of the Social Security Act and 10 years of vesting service.
Benefit	A monthly benefit equal to the accrued normal retirement benefit earned to date of disability.
Vesting Benefit Eligibility	Five years of vesting service.

Benefit	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit payable at 65. If a participant has at least 10 years of service, he may elect to have his vested benefit commence between ages 55 and 65 (the benefit is subject to the reduction for early retirement benefits).
Preretirement Death Benefit Eligibility	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.
Benefit	<p>If a married participant dies, the monthly benefit is 50% of the accrued benefit, reduced for the joint and survivor optional form but not for early retirement, payable immediately.</p> <p>This coverage may be waived only with the written consent of the spouse.</p>
Postretirement Lump Sum Death Benefit Eligibility	Not applicable.
Benefit	None.
Dependent Child Death Benefit Eligibility	A participant with 10 or more years of vesting service who does not have a spouse.
Benefit	Dependent child receives 50% of the unreduced retirement benefit payable until the earlier of 10 years or the dependent child's age 21.

Normal Form of Annuity
Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity reduced to 89% of the benefit otherwise payable if participant and spouse have same calendar year of birth, payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Form of Annuity

50% joint and survivor annuity.

Compensation Definition

Not applicable.

Service Definitions

Vesting Service

Prior to September 1, 1993, an employee will be credited with one year of vesting service for each year of vesting service earned as of January 1, 1993 as a participant of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, an employee will be credited with one year of vesting service for 666 hours of work. From January 1, 1993 an employee will be credited with one year of vesting service for each 1,000 or more hours of work.

Benefit Service

Prior to January 1, 1993, benefit service for determination of benefit amounts will equal credited service accrued as a participant under the provisions of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, a participant accrues one year of benefit service for 666 hours of work. Any participant who did not complete 666 hours of work in such period shall be credited with 1/12 of a year of benefit service for each 56 hours of work completed. After September 1, 1993, a participant accrues 1/12 of a year of benefit for each 83 hours of work up to a maximum of one year of benefit service in any 12-month plan year.

Actuarial Equivalent Definition	A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.
Cost-of-Living Increase	Not applicable.
Social Security Definition	Not applicable.
Transfers Transfers In	Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).
Transfers Out	If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using benefit service up to date of transfer and using the benefit amount in effect upon termination.

SECTION I

SUMMARY OF VALUATION RESULTS (Continued)

Changes Since Last Year's Valuation

Changes in Pension Plan Provisions

There were no changes in the pension plan provisions recognized with this actuarial valuation.

New Legislation

There were no significant legislative changes recognized with this actuarial valuation.

Changes in Actuarial Assumptions

The ASC 960 interest rate was changed from 8.00% to 7.75%. The funding mortality was changed from the IRS 2009 Static Mortality Table to the IRS 2010 Static Mortality Table.

Changes in Actuarial Cost Method

Effective with this valuation, the plan's interest rate methodology has been updated from incorporating the yield curve to employing the Segment Rate approach with a 4 month lookback, as permitted by the final IRC Section 430 regulations published October 15, 2009.

Benefit Restrictions and "At Risk" Status

There are no benefit restrictions associated with the current plan year.

The plan is not considered "At Risk" for the current plan year.

MV(t)	Market Value of Assets as of Plan Year t
EV(t)	Expected Value of Assets as of Plan Year t
G/L(t)	Gain or Loss for Plan Year t

ACTUARIAL COST METHOD (CONT'D)

Method

A description of the method used to determine the current year's Actuarial Value of Assets {AV(t)} is below.

For the preceding 2 years, G/L(t) is determined as follows:

$$EV(t) = MV(t-1) * (1 + i(t-1)) + [C(t-1) - W(t-1)] * (1 + i(t-1) * m)$$

Where m represents a proportionate yield consistent with the portion of the year for which C and W are invested

$$G/L(t-1) = EV(t) - MV(t)$$

For the current year, AV(t) is determined as follows:

$$AV(t) = MV(t) + 2/3 * G/L(t-1) + 1/3 * G/L(t-2)$$

Corridor Limits

The Actuarial Value of Assets may not be less than 90% or more than 110% of the current market value of plan assets as of the applicable valuation date [as required by IRC Section 430(g)(3)(B)(iii)]

Please note, as highlighted above, the assumed asset growth rate for each year is limited to the applicable 3rd segment rate by law. As a result, if the plan's expected rate of return is greater than this applicable rate, this method is expected to produce an actuarial value of assets that can be expected to be slightly less than the market value of assets, on average.

Demographic Assumptions

Retirement Age	N/A
Mortality for Disabled and Nondisabled Lives	
PPA Funding	The IRS 2010 Mortality Table
ASC 960	The RP-2000 Mortality Table projected to 2010

Spouse's Benefit	85% percent of males and 85% of females are assumed to be married. Females are assumed to be three years younger than their spouses.

Economic Assumptions

ASC 960 Interest Rate	7.75% per year, net of investment expenses and administrative fees paid out of the trust.
PPA Funding Interest Rate	September 2009 24-month average segment rates: 5.03% for the first 5 years 6.73% for the next 15 years 6.82% thereafter
Loading for Expenses (PPA Funding)	\$30,000
Future Compensation Increases	Not applicable.
Social Security Benefits	Not applicable

Groveton Hourly

Effective Date	April 1, 1993.
Employees Covered by Plan	All employees of Wausau Papers of New Hampshire who are covered by a Joint Labor Agreement between the Union and Company.
Normal Retirement Eligibility	Age 65 or age 62 with 25 years of service.
Benefit	<p>A monthly benefit of \$30.50 for each year of benefit service</p> <p>\$31.50 effective April 1, 2004 \$33.00 effective April 1, 2005 \$34.50 effective April 1, 2006 \$35.50 effective April 1, 2007 \$36.50 effective April 1, 2008 \$38.00 effective April 1, 2009</p>
Minimum Benefit	None.
Early Retirement Eligibility	Age 55 with 10 years of vesting service.
Benefit	A monthly benefit equal to the normal retirement benefit earned to the date of termination reduced by $\frac{1}{2}$ of 1% for each month by which early retirement precedes age 65. The benefit is unreduced at age 62 with 20 years of vesting service.
Disability Retirement Eligibility	Permanent and total disability as defined under the provisions of the Social Security Act and 10 years of vesting service.
Benefit	A monthly benefit equal to the accrued normal retirement benefit earned to date of disability.
Vesting Benefit Eligibility	Five years of vesting service.

Benefit	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit payable at 65. If a participant has at least 10 years of service, he may elect to have his vested benefit commence between ages 55 and 65 (the benefit is subject to the reduction for early retirement benefits).
Preretirement Death Benefit Eligibility	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.
Benefit	<p>If a married participant dies, the monthly benefit is 50% of the accrued benefit, reduced for the joint and survivor optional form but not for early retirement, payable immediately.</p> <p>This coverage may be waived only with the written consent of the spouse.</p>
Postretirement Lump Sum Death Benefit Eligibility	Not applicable.
Benefit	None.
Dependent Child Death Benefit Eligibility	A participant with 10 or more years of vesting service who does not have a spouse.
Benefit	Dependent child receives 50% of the unreduced retirement benefit payable until the earlier of 10 years or the dependent child's age 21.

Normal Form of Annuity
Without Spouse

Life annuity.

With Spouse

Joint and survivor annuity reduced to 89% of the benefit otherwise payable if participant and spouse have same calendar year of birth, payable for employee's lifetime. Participant receives reduced lifetime benefit and, in event of participant's death, 50% of reduced benefit continues to surviving spouse.

Optional Form of Annuity

50% joint and survivor annuity.

Compensation Definition

Not applicable.

Service Definitions

Vesting Service

Prior to September 1, 1993, an employee will be credited with one year of vesting service for each year of vesting service earned as of January 1, 1993 as a participant of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, an employee will be credited with one year of vesting service for 666 hours of work. From January 1, 1993 an employee will be credited with one year of vesting service for each 1,000 or more hours of work.

Benefit Service

Prior to January 1, 1993, benefit service for determination of benefit amounts will equal credited service accrued as a participant under the provisions of the James River Pension Plan as in effect on March 31, 1993. After January 1, 1993 and before September 1, 1993, a participant accrues one year of benefit service for 666 hours of work. Any participant who did not complete 666 hours of work in such period shall be credited with 1/12 of a year of benefit service for each 56 hours of work completed. After September 1, 1993, a participant accrues 1/12 of a year of benefit for each 83 hours of work up to a maximum of one year of benefit service in any 12-month plan year.

Actuarial Equivalent Definition	A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.
Cost-of-Living Increase	Not applicable.
Social Security Definition	Not applicable.
Transfers Transfers In	Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).
Transfers Out	If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using benefit service up to date of transfer and using the benefit amount in effect upon termination.

SECTION I

SUMMARY OF VALUATION RESULTS (Continued)

Changes Since Last Year's Valuation

Changes in Pension Plan Provisions

There were no changes in the pension plan provisions recognized with this actuarial valuation.

New Legislation

There were no significant legislative changes recognized with this actuarial valuation.

Changes in Actuarial Assumptions

The ASC 960 interest rate was changed from 8.00% to 7.75%. The funding mortality was changed from the IRS 2009 Static Mortality Table to the IRS 2010 Static Mortality Table.

Changes in Actuarial Cost Method

Effective with this valuation, the plan's interest rate methodology has been updated from incorporating the yield curve to employing the Segment Rate approach with a 4 month lookback, as permitted by the final IRC Section 430 regulations published October 15, 2009.

Benefit Restrictions and "At Risk" Status

There are no benefit restrictions associated with the current plan year.

The plan is not considered "At Risk" for the current plan year.

Independent Auditor's Report

To the Employee Benefits Committee and Participants
of the Wausau Papers of New Hampshire, Inc. Pension Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010, and the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the financial statements and supplemental schedules referred to above taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Papers of New Hampshire, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Corp. (the “Company”) who were covered by a joint labor agreement between the union at the Groveton mill and the Company. An employee became eligible to participate in the Plan once they became covered by the joint labor agreement. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company (“Prudential”) serves as the trustee of the Plan and manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Pension Benefits—Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined by the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Death and Disability Benefits—If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan’s investments in pooled separate accounts are recorded at estimated fair value in accordance with Accounting Standards Codification (“ASC”) Topic 820 on the last day of the Plan year. ASC 820 discusses acceptable valuation techniques and inputs to these techniques. These inputs are assumptions market participants use in pricing investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 – Quoted prices in active markets (e.g., NYSE, NASDAQ, or other exchange) for assets identical to the securities to be valued. If a level 1 input is available, it must be used.

Level 2 – Inputs other than quoted market prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, quoted prices for similar assets in active markets, and inputs derived from observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

All of the Plan's investments are in pooled separate accounts. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds, and are valued using level 2 inputs. The fair values of these pooled separate accounts are primarily based on quoted market prices for the underlying securities or similar instruments. The Plan's fair value is based on the Plan's proportionate ownership of the underlying investments. These fair values are classified within level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted, but the values are not dependent on the input of any significant judgments or assumptions by management.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses—Administrative expenses of the Plan are paid by the Plan, as provided in the Plan Document.

Subsequent Events—Subsequent events have been evaluated through October 13, 2011, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan utilizes investment securities consisting of pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENT

The following summarizes the classification of investments by level and method of valuation in accordance with the requirements of ASC 820:

Fair Value Measurement at December 31, 2010				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,373,192	\$ -	\$ 1,373,192	\$ -
Mid cap funds	1,328,713	-	1,328,713	-
Large cap funds	5,992,868	-	5,992,868	-
International funds	2,879,568	-	2,879,568	-
S&P 500 Indexed fund	2,712,438	-	2,712,438	-
U.S. bond funds	7,539,224	-	7,539,224	-
Short-term bond fund	544,334	-	544,334	-
Emerging markets fund	762,526	-	762,526	-
Total	\$ 23,132,863	\$ -	\$ 23,132,863	\$ -

Fair Value Measurement at December 31, 2009				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,111,556	\$ -	\$ 1,111,556	\$ -
Mid cap funds	1,128,784	-	1,128,784	-
Large cap funds	5,478,474	-	5,478,474	-
International fund	3,306,468	-	3,306,468	-
S&P 500 Indexed fund	2,514,156	-	2,514,156	-
U.S. bond funds	7,768,644	-	7,768,644	-
Short-term bond fund	483,377	-	483,377	-
Total	\$ 21,791,459	\$ -	\$ 21,791,459	\$ -

The net asset value of each of the pooled separate accounts is calculated in a manner consistent with accounting principles generally accepted in the United States of America for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. All of the Plan's pooled separate accounts are reflected in level 2 of the valuation hierarchy. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds. The fair values of the underlying investments, which are based on quoted prices of similar assets, are used to determine the net asset value of the separate account, which is not publicly quoted.

5. MILL CLOSURE

In October 2007, the Company announced plans to cease operations at the Groveton, New Hampshire mill. Papermaking operations ceased in December 2007, and the mill was closed. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of the closure.

6. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the year ended December 31, 2010.

7. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2010, is as follows:

Vested benefits:	
Participants and/or beneficiaries currently receiving benefits	\$ 13,563,912
Other participants	<u>7,444,832</u>
Total vested benefits	21,008,744
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 21,008,744</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2010, are as follows:

Actuarial present value of accumulated benefits – beginning of year	\$ 20,597,588
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	259,206
Interest accreted	1,543,400
Benefits paid	<u>(1,391,450)</u>
Net increase	<u>411,156</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 21,008,744</u>

The significant actuarial assumptions used in the December 31, 2010, valuations were:

- Mortality: The RP – 2000 Mortality Table with Projection to 2010
- Retirement age: Immediate retirement on January 1, 2010, for remaining employees that were eligible to retire
- Investment return: 7.75% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. INVESTMENTS

The following table presents the fair value of investments as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Investments – at estimated fair value –		
Pooled separate accounts	<u>\$ 23,132,863</u>	<u>\$ 21,791,459</u>

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,382,295.

The Plan's investments that represented 5% or more of net assets available for benefits are as follows:

	December 31,	
	<u>2010</u>	<u>2009</u>
Dryden S & P Index Fund*	\$ 2,712,438	\$ 2,514,156

**Investment does not represent 5% or more of Plan's net assets available for benefits at December 31.

9. INFORMATION CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Supplemental Schedules: All investment balances and information included in the schedules.

Note 8: All investment balances and investment information in the notes.

10. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 18, 2003, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2010, there are no uncertain positions taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan is currently open to audit for the year ended December 31, 2007, and years thereafter.

11. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

12. RELATED PARTY TRANSACTIONS

The Plan's investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

Independent Auditor's Report

To the Employee Benefits Committee and Participants
of the Wausau Papers of New Hampshire, Inc. Pension Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010, and the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the financial statements and supplemental schedules referred to above taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Papers of New Hampshire, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Corp. (the “Company”) who were covered by a joint labor agreement between the union at the Groveton mill and the Company. An employee became eligible to participate in the Plan once they became covered by the joint labor agreement. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company (“Prudential”) serves as the trustee of the Plan and manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Pension Benefits—Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined by the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Death and Disability Benefits—If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan’s investments in pooled separate accounts are recorded at estimated fair value in accordance with Accounting Standards Codification (“ASC”) Topic 820 on the last day of the Plan year. ASC 820 discusses acceptable valuation techniques and inputs to these techniques. These inputs are assumptions market participants use in pricing investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 – Quoted prices in active markets (e.g., NYSE, NASDAQ, or other exchange) for assets identical to the securities to be valued. If a level 1 input is available, it must be used.

Level 2 – Inputs other than quoted market prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, quoted prices for similar assets in active markets, and inputs derived from observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

All of the Plan's investments are in pooled separate accounts. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds, and are valued using level 2 inputs. The fair values of these pooled separate accounts are primarily based on quoted market prices for the underlying securities or similar instruments. The Plan's fair value is based on the Plan's proportionate ownership of the underlying investments. These fair values are classified within level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted, but the values are not dependent on the input of any significant judgments or assumptions by management.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses—Administrative expenses of the Plan are paid by the Plan, as provided in the Plan Document.

Subsequent Events—Subsequent events have been evaluated through October 13, 2011, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan utilizes investment securities consisting of pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENT

The following summarizes the classification of investments by level and method of valuation in accordance with the requirements of ASC 820:

Fair Value Measurement at December 31, 2010				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,373,192	\$ -	\$ 1,373,192	\$ -
Mid cap funds	1,328,713	-	1,328,713	-
Large cap funds	5,992,868	-	5,992,868	-
International funds	2,879,568	-	2,879,568	-
S&P 500 Indexed fund	2,712,438	-	2,712,438	-
U.S. bond funds	7,539,224	-	7,539,224	-
Short-term bond fund	544,334	-	544,334	-
Emerging markets fund	762,526	-	762,526	-
Total	\$ 23,132,863	\$ -	\$ 23,132,863	\$ -

Fair Value Measurement at December 31, 2009				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,111,556	\$ -	\$ 1,111,556	\$ -
Mid cap funds	1,128,784	-	1,128,784	-
Large cap funds	5,478,474	-	5,478,474	-
International fund	3,306,468	-	3,306,468	-
S&P 500 Indexed fund	2,514,156	-	2,514,156	-
U.S. bond funds	7,768,644	-	7,768,644	-
Short-term bond fund	483,377	-	483,377	-
Total	\$ 21,791,459	\$ -	\$ 21,791,459	\$ -

The net asset value of each of the pooled separate accounts is calculated in a manner consistent with accounting principles generally accepted in the United States of America for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. All of the Plan's pooled separate accounts are reflected in level 2 of the valuation hierarchy. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds. The fair values of the underlying investments, which are based on quoted prices of similar assets, are used to determine the net asset value of the separate account, which is not publicly quoted.

5. MILL CLOSURE

In October 2007, the Company announced plans to cease operations at the Groveton, New Hampshire mill. Papermaking operations ceased in December 2007, and the mill was closed. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of the closure.

6. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the year ended December 31, 2010.

7. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2010, is as follows:

Vested benefits:	
Participants and/or beneficiaries currently receiving benefits	\$ 13,563,912
Other participants	<u>7,444,832</u>
Total vested benefits	21,008,744
Nonvested benefits	<u>-</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 21,008,744</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2010, are as follows:

Actuarial present value of accumulated benefits – beginning of year	\$ 20,597,588
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	259,206
Interest accreted	1,543,400
Benefits paid	<u>(1,391,450)</u>
Net increase	<u>411,156</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 21,008,744</u>

The significant actuarial assumptions used in the December 31, 2010, valuations were:

- Mortality: The RP – 2000 Mortality Table with Projection to 2010
- Retirement age: Immediate retirement on January 1, 2010, for remaining employees that were eligible to retire
- Investment return: 7.75% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. INVESTMENTS

The following table presents the fair value of investments as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Investments – at estimated fair value –		
Pooled separate accounts	<u>\$ 23,132,863</u>	<u>\$ 21,791,459</u>

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,382,295.

The Plan's investments that represented 5% or more of net assets available for benefits are as follows:

	December 31,	
	<u>2010</u>	<u>2009</u>

9. INFORMATION CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Net appreciation in pooled separate accounts	<u>\$ 2,382,295</u>	

Supplemental Schedules: All investment balances and information included in the schedules.

Note 8: All investment balances and investment information in the notes.

10. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 18, 2003, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2010, there are no uncertain positions taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan is currently open to audit for the year ended December 31, 2007, and years thereafter.

11. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

12. RELATED PARTY TRANSACTIONS

The Plan's investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund. These are not considered prohibited transactions by statutory exemption under ERISA regulations.

Independent Auditor's Report

To the Employee Benefits Committee and Participants
of the Wausau Papers of New Hampshire, Inc. Pension Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Wausau Papers of New Hampshire, Inc. Pension Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010, and the supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the financial statements and supplemental schedules referred to above taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2010 AND 2009, AND FOR THE YEAR ENDED DECEMBER 31, 2010

1. DESCRIPTION OF PLAN

The following brief description of the Wausau Papers of New Hampshire, Inc. Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined benefit plan covering all regular full-time employees of Wausau Paper Corp. (the “Company”) who were covered by a joint labor agreement between the union at the Groveton mill and the Company. An employee became eligible to participate in the Plan once they became covered by the joint labor agreement. The Employee Benefits Committee of the Company controls and manages the operation and administration of the Plan. Prudential Retirement Insurance and Annuity Company (“Prudential”) serves as the trustee of the Plan and manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Pension Benefits—Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, as defined by the Plan. The Plan permits early retirement at age 55 with 10 years of vesting service and a reduced pension benefit. The form of pension payment is a monthly income for participants for their lifetime with payments terminating at death. There are, however, alternative optional payment methods available. The amount of monthly pension payment is dependent upon years of credited service with the Company.

Death and Disability Benefits—If a married participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their spouse is eligible for a surviving spouse benefit. Active participants who become totally disabled and have rendered 10 years of benefit service are eligible for a monthly benefit equal to the accrued normal retirement benefit earned to date of disability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—The Plan’s investments in pooled separate accounts are recorded at estimated fair value in accordance with Accounting Standards Codification (“ASC”) Topic 820 on the last day of the Plan year. ASC 820 discusses acceptable valuation techniques and inputs to these techniques. These inputs are assumptions market participants use in pricing investments. ASC 820 establishes a fair value hierarchy that prioritizes the inputs, which are summarized as follows:

Level 1 – Quoted prices in active markets (e.g., NYSE, NASDAQ, or other exchange) for assets identical to the securities to be valued. If a level 1 input is available, it must be used.

Level 2 – Inputs other than quoted market prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, quoted prices for similar assets in active markets, and inputs derived from observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs, which contain assumptions by the party valuing those assets. For level 3 inputs, there is no market data or correlations with market assumptions.

All of the Plan's investments are in pooled separate accounts. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds, and are valued using level 2 inputs. The fair values of these pooled separate accounts are primarily based on quoted market prices for the underlying securities or similar instruments. The Plan's fair value is based on the Plan's proportionate ownership of the underlying investments. These fair values are classified within level 2 of the valuation hierarchy since the net asset value of the pooled separate account itself is not publicly quoted, but the values are not dependent on the input of any significant judgments or assumptions by management.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Expenses—Administrative expenses of the Plan are paid by the Plan, as provided in the Plan Document.

Subsequent Events—Subsequent events have been evaluated through October 13, 2011, the date that the financial statements were available to be issued, and noted no events occurring during such period that would require recognition or disclosure in the financial statements.

3. RISKS AND UNCERTAINTIES

The Plan utilizes investment securities consisting of pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

4. FAIR VALUE MEASUREMENT

The following summarizes the classification of investments by level and method of valuation in accordance with the requirements of ASC 820:

Fair Value Measurement at December 31, 2010				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,373,192	\$ -	\$ 1,373,192	\$ -
Mid cap funds	1,328,713	-	1,328,713	-
Large cap funds	5,992,868	-	5,992,868	-
International funds	2,879,568	-	2,879,568	-
S&P 500 Indexed fund	2,712,438	-	2,712,438	-
U.S. bond funds	7,539,224	-	7,539,224	-
Short-term bond fund	544,334	-	544,334	-
Emerging markets fund	762,526	-	762,526	-
Total	\$ 23,132,863	\$ -	\$ 23,132,863	\$ -

Fair Value Measurement at December 31, 2009				
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Small cap funds	\$ 1,111,556	\$ -	\$ 1,111,556	\$ -
Mid cap funds	1,128,784	-	1,128,784	-
Large cap funds	5,478,474	-	5,478,474	-
International fund	3,306,468	-	3,306,468	-
S&P 500 Indexed fund	2,514,156	-	2,514,156	-
U.S. bond funds	7,768,644	-	7,768,644	-
Short-term bond fund	483,377	-	483,377	-
Total	\$ 21,791,459	\$ -	\$ 21,791,459	\$ -

The net asset value of each of the pooled separate accounts is calculated in a manner consistent with accounting principles generally accepted in the United States of America for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. All of the Plan's pooled separate accounts are reflected in level 2 of the valuation hierarchy. The pooled separate accounts invest in actively managed domestic and international stocks, fixed income securities, and publicly quoted mutual funds. The fair values of the underlying investments, which are based on quoted prices of similar assets, are used to determine the net asset value of the separate account, which is not publicly quoted.

5. MILL CLOSURE

In October 2007, the Company announced plans to cease operations at the Groveton, New Hampshire mill. Papermaking operations ceased in December 2007, and the mill was closed. The closure of the mill resulted in the immediate vesting of benefits for employees eligible to participate in the Plan as of the date of the closure.

6. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA for the year ended December 31, 2010.

7. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of December 31, 2010, is as follows:

Vested benefits:

Participants and/or beneficiaries currently receiving benefits	\$ 13,563,912
Other participants	<u>7,444,832</u>

Total vested benefits	21,008,744
-----------------------	------------

Nonvested benefits	<u>-</u>
--------------------	----------

Total actuarial present value of accumulated plan benefits	<u>\$ 21,008,744</u>
--	----------------------

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2010, are as follows:

Actuarial present value of accumulated benefits – beginning of year	\$ 20,597,588
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial loss	259,206
Interest accreted	1,543,400
Benefits paid	<u>(1,391,450)</u>
Net increase	<u>411,156</u>
Actuarial present value of accumulated benefits – end of year	<u>\$ 21,008,744</u>

The significant actuarial assumptions used in the December 31, 2010, valuations were:

- Mortality: The RP – 2000 Mortality Table with Projection to 2010
- Retirement age: Immediate retirement on January 1, 2010, for remaining employees that were eligible to retire
- Investment return: 7.75% per annum, net of investment expenses, and net of a 0.50% reduction to reflect administrative fees paid out of the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

8. INVESTMENTS

The following table presents the fair value of investments as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Investments – at estimated fair value –		
Pooled separate accounts	<u>\$ 23,132,863</u>	<u>\$ 21,791,459</u>

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,382,295.

The Plan's investments that represented 5% or more of net assets available for benefits are as follows:

	December 31,	
	<u>2010</u>	<u>2009</u>
Dryden S & P Index Fund*	\$ 2,712,438	\$ 2,514,156

**Investment does not represent 5% or more of Plan's net assets available for benefits at December 31.

9. INFORMATION CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Prudential, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Net appreciation in pooled separate accounts	<u>\$ 2,382,295</u>	

Supplemental Schedules: All investment balances and information included in the schedules.

Note 8: All investment balances and investment information in the notes.

10. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 18, 2003, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2010, there are no uncertain positions taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan is currently open to audit for the year ended December 31, 2007, and years thereafter.

11. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

12. RELATED PARTY TRANSACTIONS

The Plan's investments are units of pooled separate accounts managed by Prudential, the trustee of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund. These are not considered prohibited transactions by statutory exemption under ERISA regulations.
