As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fifth Third Institutional Services, the custodian of the plan. Their report, date October 10, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fifth Third Institutional Services, the custodian of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the plan's 2010 financial statements and schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Plan Description

The following description of the Precision Aerospace Corporation 401(k) Retirement Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The plan is a voluntary contribution plan covering substantially all non-excludable full-time employees of Precision Aerospace Corporation (the "company") who are age eighteen or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan, up to the maximum amount permitted by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers seventeen investment options. The company may make a discretionary match contribution to the plan. From January through April 2009, the company elected to match 100% of the first 1% and then 50% of the next 5% of compensation that each participant contributed to the plan. The company match was discontinued in May 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the company's matching contribution, (b) plan earnings, and charged with an allocation of administrative expenses, as applicable. Allocations are based on participant contributions and earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Death and Disability

A participant (beneficiary) is entitled to 100% of his or her account balance upon death or disability.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's matching contribution portion of their accounts plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service.

Note A - Plan Description (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

Forfeited nonvested accounts totaled $7,763 and $4,935 at December 31, 2010 and 2009. These accounts will be used to pay administrative expenses.

Note B - Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that may affect the reported amounts of assets and liabilities and changes therein, as well as disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are held with Fifth Third Institutional Services, the plan's custodian. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date based on quoted market prices. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized returns include the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All investment and administrative expenses of maintaining the plan are paid by the plan.

Note B - Summary of Significant Accounting Policies (continued)

Subsequent Events

The plan has evaluated subsequent events through the auditors' report date which is the date the financial statements were available to be issued.

Note C - Investments (unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fifth Third Institutional Services, the custodian of the plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the plan's financial statements and supplemental schedules:

	2010	2009
Investments, at fair value		
Registered investment companies	$ 2,509,932	$ 2,352,808
Net appreciation in fair value of investments registered investment companies	309,154	548,007

Note C - Investments (unaudited) (continued)

The following presents investments at December 31, 2010 and 2009 that represent 5% or more of the plan's net assets:

	2010	2009
Registered investment companies:		
American Funds EuroPacific Growth Fund (11,863 and 11,033 shares)	$ 482,597	$ 832,312

Fifth Third LifeModel Moderate (14,350)	149,812	-
Pimco Total Return (41,949 and 37,693 shares)	455,146	814,176

Note D - Fair Value Measurements

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the company has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

Note D - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Registered Investment Companies:	Valued at the net asset value (NAV) of shares held by the plan at year end.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

		Assets at Fair Value as of December 31, 2010

Total assets at fair value	$ 2,352,808	$ 2,352,808	$ -	$ -

Note E - Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the plan, any party rendering service to the plan, the employer and certain others. Certain plan investments are mutual funds issued by Fifth Third Institutional Services. Fifth Third Institutional Services is the custodian as defined by the plan and therefore, these transactions qualify as party-in-interest transactions.

Note F - Plan Amendment and Termination

The plan agreement may be amended or terminated by the company at any time. No such termination is contemplated, but if it should occur, participants will become 100% vested in their accounts. No portion of the assets of the plan shall revert to or accrue to the benefit of the company.

Note G - Tax Status of Plan

The plan has adopted a Fifth Third Institutional Services prototype plan, which received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS) that the volume submitter plan as designed qualifies for federal income tax-exempt status. The plan has not applied for its own determination letter. The plan has been amended since this date; however, the plan administrator believes that the plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.

Note H - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of participant contributions from the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

		2010
Participant contributions per the financial statements	$	201,904
Prior year participants' contributions receivable		5,936
Contributions received from participants per Form 5500	$	207,840

Note J - Subsequent Event

In January 2011, the plan changed trustees and moved all plan assets to the Principal Group.
