INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Catalent Pharma Solutions, LLC Puerto Rico Savings Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of Catalent Pharma Solutions, LLC Puerto Rico Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010, and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following brief description of the Pharmaceutical Technologies and Services Puerto Rico Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

General – The Plan is a defined contribution plan which was established effective April 10, 2007, covering substantially all employees of Catalent Pharma Solutions, LLC residing in Puerto Rico, not covered by a collective bargaining agreement upon their date of hire. The Plan is sponsored by Catalent Pharma Solutions, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 10, 2007, certain businesses owned by Cardinal Health, Inc. ("Cardinal") and operated as part of Cardinal's Pharmaceutical Technologies Services ("PTS") segment (the "Acquired Businesses"), were acquired by an entity controlled by affiliates of The Blackstone Group. As a result of the purchase, net assets of \$3,380,447 were transferred to the Plan, from the Cardinal Health 401K Savings Plan ("the Predecessor Plan").

Banco Popular ("Banco") is the Plan's trustee. Fidelity Management Trust Company ("Fidelity") serves as the Plan's record keeper and asset custodian.

Contributions – Contributions to the Plan may consist of participant elective contributions, rollover contributions, company matching, special and discretionary profit sharing contributions.

Participants may elect to contribute up to 10% of their compensation (subject to certain limitations), as defined by the Plan.

Effective February 1, 2010, the Company amended the Plan to reinstate discretionary matching contributions at a rate of 50% of the amount of the participant's elective deferral contribution up to a maximum of 6% of the participant's compensation; provided, however, that no matching contributions will be made with respect to the elective deferral contribution of Management Incentive Plan ("MIP Bonus") amounts.

Participants direct the investment of their contributions in 1% increments into various investment options offered by the Plan. The Company's matching and special contributions are also invested as directed by participants.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and additional Company contributions. Participants may change their investment elections at any time through the Plan's recordkeeper.

Vesting – Plan participants are vested immediately in their elective deferral and qualified matching, plus actual earnings thereon. A participant is 100% vested in the Company's discretionary and matching contributions after three years of vesting service, or if the participant dies, becomes disabled, or reaches retirement age, as defined by the plan document, while employed by the Company.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions. At December 31, 2010, unallocated forfeitures totaled \$17,196.

Notes receivable from participants – A Participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance during the prior 12 months or 50% of their vested account balance. Primarily, loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Participant loans are secured by the remaining vested balance in the participant's account and bear interest at a reasonable rate, currently prime plus 1%, set monthly for the life of the loan. Loan repayments, including interest and applicable loan fees, are generally repaid through payroll deductions.

Distributions – Benefits will normally be distributed to a participant on his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participants' unpaid benefit may be segregated in a special account. Benefits are distributed, under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals – Participants may withdraw their employee pre-tax contributions and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value as determined by the custodian. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The common/collective trust is valued at the net asset value of the shares held by the Plan at year-end, which is based on the fair value of its underlying assets.

Security transactions are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. Realized and unrealized gains and losses on plan assets are determined based on the value of the assets at the beginning of the plan year or at the time of purchase during the year.

The accompanying Statement of Changes in Net Assets Available for Plan Benefits presents net appreciation/depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2010, realized gains and losses on investments sold during the year then ended and management and operating expenses associated with the Plan's investments in mutual funds and the common/collective trust.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Contracts – In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) topic 962, Plan Accounting — Defined Contribution Plans, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statements of Net Assets Available for Benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Administrative Expenses – The Company may, at its discretion, pay for any administrative expenses incurred, with the exception of loan processing fees, which are paid by the participants.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Excess Contributions – To satisfy relevant non-discrimination provisions of the Plan, certain active participants are required to have excess deferral contributions returned to them. In the statement of changes in net assets available for plan benefits, distributions to participants are net of excess deferral contribution distributions in the amount of \$16,253 for 2010. The excess deferral contribution distributions were made in March 2011 and are included in the Plan’s statement of net assets available for plan benefits as excess contributions payable at December 31, 2010.

Accounting Pronouncements Adopted During 2010 - In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010, and interim periods within those fiscal years. The adoption of this guidance is not expected to have a significant impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net appreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by Fidelity Management Trust Company (the "Custodian" or "Fidelity") as of December 31, 2010 and 2009 and for the year ended December 31, 2010 and was not subjected to any auditing procedures performed by the independent public accountants.

The following table presents the current value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Managed Income Portfolio II*	\$ 1,005,591	\$ 983,551
PIMCO Total Return Fund Institutional	436,024	460,740
Fidelity Balanced Fund*	631,559	654,085
Dodge & Cox Stock Fund	682,703	672,714
Spartan U.S. Equity Index Fund*	727,238	682,224
Fidelity Growth Company Fund*	542,170	450,366
Columbia Acorn USA Fund	353,600	284,542
Fidelity Diversified International Fund*	486,596	434,891

(*) A permitted party-in-interest as defined by ERISA

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by \$561,932. Interest income on participant loans for the year ended December 31, 2010 was \$32,008.

The Fidelity Managed Income Portfolio II ("MIP") is an investment option available to participants. The MIP was a benefit-responsive group annuity contract issued the Fidelity Investment Management Company. MIP invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities as described below, and money market funds to provide daily liquidity.

Investment contracts are designed to permit the use of book value accounting to maintain a constant \$1 unit price and to provide for the payment of participant-directed withdrawals and exchanges at book value (principal and interest accrued to date) during the term of the investment contracts. However, withdrawals prompted by certain events (e.g., termination of MIP, changes in laws or regulations) may be paid at market value, which may be less than book value. Some investment contracts ("GIC") provide for the payment of a specified rate of interest to MIP and for the repayment of principal when the contract matures. GIC's are structured solely as a general debt obligation of the issuer. Other investment contracts (wrap contracts) are purchased in conjunction with an investment by MIP in fixed income securities, which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and bond funds. MIP may also invest in futures contracts, option contracts, and swap agreements.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

There is no immediate recognition of investment gains and losses on the fixed income securities. Instead, gains and losses are recognized over time by adjusting the interest rate credited to MIP under the wrap contracts. The average yield credited to participants and the underlying investment returns was 1.82% and 2.25%, respectively, for the year ended December 31, 2010. The fair value recorded in the Plan's financial statements for such fund was \$1,005,591 and \$983,551 at December 31, 2010 and 2009.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2010:

5. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trusts is which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

6. FEDERAL INCOME TAX STATUS

The Plan has received a determination letter from the Puerto Rican Department of Treasury dated June 30, 2000, stating that the Plan is qualified under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Puerto Rican Department of Treasury, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

6. FEDERAL INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity serves as the record keeper of the Plan and, therefore, those transactions qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 12, 2011, the date which the financial statements were available to be issued.

10. RECONCILIATION TO 5500

Certain financial information in the accompanying financial statements differs from the financial information on Form 5500 as of December 31, 2010, and for the year ended December 31, 2010. The differences arise from the fact that the Plan's financial statements have been prepared on the accrual basis of accounting, while Form 5500 recognized certain activity on a cash basis.

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2010 to Form 5500:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Catalent Pharma Solutions, LLC Puerto Rico Savings Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of Catalent Pharma Solutions, LLC Puerto Rico Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010, and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following brief description of the Pharmaceutical Technologies and Services Puerto Rico Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

General – The Plan is a defined contribution plan which was established effective April 10, 2007, covering substantially all employees of Catalent Pharma Solutions, LLC residing in Puerto Rico, not covered by a collective bargaining agreement upon their date of hire. The Plan is sponsored by Catalent Pharma Solutions, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 10, 2007, certain businesses owned by Cardinal Health, Inc. ("Cardinal") and operated as part of Cardinal's Pharmaceutical Technologies Services ("PTS") segment (the "Acquired Businesses"), were acquired by an entity controlled by affiliates of The Blackstone Group. As a result of the purchase, net assets of \$3,380,447 were transferred to the Plan, from the Cardinal Health 401K Savings Plan ("the Predecessor Plan").

Banco Popular ("Banco") is the Plan's trustee. Fidelity Management Trust Company ("Fidelity") serves as the Plan's record keeper and asset custodian.

Contributions – Contributions to the Plan may consist of participant elective contributions, rollover contributions, company matching, special and discretionary profit sharing contributions.

Participants may elect to contribute up to 10% of their compensation (subject to certain limitations), as defined by the Plan.

Effective February 1, 2010, the Company amended the Plan to reinstate discretionary matching contributions at a rate of 50% of the amount of the participant's elective deferral contribution up to a maximum of 6% of the participant's compensation; provided, however, that no matching contributions will be made with respect to the elective deferral contribution of Management Incentive Plan ("MIP Bonus") amounts.

Participants direct the investment of their contributions in 1% increments into various investment options offered by the Plan. The Company's matching and special contributions are also invested as directed by participants.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and additional Company contributions. Participants may change their investment elections at any time through the Plan's recordkeeper.

Vesting – Plan participants are vested immediately in their elective deferral and qualified matching, plus actual earnings thereon. A participant is 100% vested in the Company's discretionary and matching contributions after three years of vesting service, or if the participant dies, becomes disabled, or reaches retirement age, as defined by the plan document, while employed by the Company.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions. At December 31, 2010, unallocated forfeitures totaled \$17,196.

Notes receivable from participants – A Participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance during the prior 12 months or 50% of their vested account balance. Primarily, loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Participant loans are secured by the remaining vested balance in the participant's account and bear interest at a reasonable rate, currently prime plus 1%, set monthly for the life of the loan. Loan repayments, including interest and applicable loan fees, are generally repaid through payroll deductions.

Distributions – Benefits will normally be distributed to a participant on his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participants' unpaid benefit may be segregated in a special account. Benefits are distributed, under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals – Participants may withdraw their employee pre-tax contributions and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value as determined by the custodian. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The common/collective trust is valued at the net asset value of the shares held by the Plan at year-end, which is based on the fair value of its underlying assets.

Security transactions are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. Realized and unrealized gains and losses on plan assets are determined based on the value of the assets at the beginning of the plan year or at the time of purchase during the year.

The accompanying Statement of Changes in Net Assets Available for Plan Benefits presents net appreciation/depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2010, realized gains and losses on investments sold during the year then ended and management and operating expenses associated with the Plan's investments in mutual funds and the common/collective trust.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Contracts – In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) topic 962, Plan Accounting — Defined Contribution Plans, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statements of Net Assets Available for Benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Administrative Expenses – The Company may, at its discretion, pay for any administrative expenses incurred, with the exception of loan processing fees, which are paid by the participants.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Excess Contributions – To satisfy relevant non-discrimination provisions of the Plan, certain active participants are required to have excess deferral contributions returned to them. In the statement of changes in net assets available for plan benefits, distributions to participants are net of excess deferral contribution distributions in the amount of \$16,253 for 2010. The excess deferral contribution distributions were made in March 2011 and are included in the Plan’s statement of net assets available for plan benefits as excess contributions payable at December 31, 2010.

Accounting Pronouncements Adopted During 2010 - In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010, and interim periods within those fiscal years. The adoption of this guidance is not expected to have a significant impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net appreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by Fidelity Management Trust Company (the "Custodian" or "Fidelity") as of December 31, 2010 and 2009 and for the year ended December 31, 2010 and was not subjected to any auditing procedures performed by the independent public accountants.

The following table presents the current value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Managed Income Portfolio II*	\$ 1,005,591	\$ 983,551
PIMCO Total Return Fund Institutional	436,024	460,740
Fidelity Balanced Fund*	631,559	654,085
Dodge & Cox Stock Fund	682,703	672,714
Spartan U.S. Equity Index Fund*	727,238	682,224
Fidelity Growth Company Fund*	542,170	450,366
Columbia Acorn USA Fund	353,600	284,542
Fidelity Diversified International Fund*	486,596	434,891

(*) A permitted party-in-interest as defined by ERISA

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by \$561,932. Interest income on participant loans for the year ended December 31, 2010 was \$32,008.

The Fidelity Managed Income Portfolio II ("MIP") is an investment option available to participants. The MIP was a benefit-responsive group annuity contract issued the Fidelity Investment Management Company. MIP invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities as described below, and money market funds to provide daily liquidity.

Investment contracts are designed to permit the use of book value accounting to maintain a constant \$1 unit price and to provide for the payment of participant-directed withdrawals and exchanges at book value (principal and interest accrued to date) during the term of the investment contracts. However, withdrawals prompted by certain events (e.g., termination of MIP, changes in laws or regulations) may be paid at market value, which may be less than book value. Some investment contracts ("GIC") provide for the payment of a specified rate of interest to MIP and for the repayment of principal when the contract matures. GIC's are structured solely as a general debt obligation of the issuer. Other investment contracts (wrap contracts) are purchased in conjunction with an investment by MIP in fixed income securities, which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and bond funds. MIP may also invest in futures contracts, option contracts, and swap agreements.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

There is no immediate recognition of investment gains and losses on the fixed income securities. Instead, gains and losses are recognized over time by adjusting the interest rate credited to MIP under the wrap contracts. The average yield credited to participants and the underlying investment returns was 1.82% and 2.25%, respectively, for the year ended December 31, 2010. The fair value recorded in the Plan's financial statements for such fund was \$1,005,591 and \$983,551 at December 31, 2010 and 2009.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trusts is which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

6. FEDERAL INCOME TAX STATUS

The Plan has received a determination letter from the Puerto Rican Department of Treasury dated June 30, 2000, stating that the Plan is qualified under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Puerto Rican Department of Treasury, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

6. FEDERAL INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity serves as the record keeper of the Plan and, therefore, those transactions qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 12, 2011, the date which the financial statements were available to be issued.

10. RECONCILIATION TO 5500

Certain financial information in the accompanying financial statements differs from the financial information on Form 5500 as of December 31, 2010, and for the year ended December 31, 2010. The differences arise from the fact that the Plan's financial statements have been prepared on the accrual basis of accounting, while Form 5500 recognized certain activity on a cash basis.

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2010 to Form 5500:

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Catalent Pharma Solutions, LLC Puerto Rico Savings Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of Catalent Pharma Solutions, LLC Puerto Rico Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010, and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CATALENT PHARMA SOLUTIONS, LLC PUERTO RICO SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following brief description of the Pharmaceutical Technologies and Services Puerto Rico Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

General – The Plan is a defined contribution plan which was established effective April 10, 2007, covering substantially all employees of Catalent Pharma Solutions, LLC residing in Puerto Rico, not covered by a collective bargaining agreement upon their date of hire. The Plan is sponsored by Catalent Pharma Solutions, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 10, 2007, certain businesses owned by Cardinal Health, Inc. ("Cardinal") and operated as part of Cardinal's Pharmaceutical Technologies Services ("PTS") segment (the "Acquired Businesses"), were acquired by an entity controlled by affiliates of The Blackstone Group. As a result of the purchase, net assets of \$3,380,447 were transferred to the Plan, from the Cardinal Health 401K Savings Plan ("the Predecessor Plan").

Banco Popular ("Banco") is the Plan's trustee. Fidelity Management Trust Company ("Fidelity") serves as the Plan's record keeper and asset custodian.

Contributions – Contributions to the Plan may consist of participant elective contributions, rollover contributions, company matching, special and discretionary profit sharing contributions.

Participants may elect to contribute up to 10% of their compensation (subject to certain limitations), as defined by the Plan.

Effective February 1, 2010, the Company amended the Plan to reinstate discretionary matching contributions at a rate of 50% of the amount of the participant's elective deferral contribution up to a maximum of 6% of the participant's compensation; provided, however, that no matching contributions will be made with respect to the elective deferral contribution of Management Incentive Plan ("MIP Bonus") amounts.

Participants direct the investment of their contributions in 1% increments into various investment options offered by the Plan. The Company's matching and special contributions are also invested as directed by participants.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and additional Company contributions. Participants may change their investment elections at any time through the Plan's recordkeeper.

Vesting – Plan participants are vested immediately in their elective deferral and qualified matching, plus actual earnings thereon. A participant is 100% vested in the Company's discretionary and matching contributions after three years of vesting service, or if the participant dies, becomes disabled, or reaches retirement age, as defined by the plan document, while employed by the Company.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions. At December 31, 2010, unallocated forfeitures totaled \$17,196.

Notes receivable from participants – A Participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance during the prior 12 months or 50% of their vested account balance. Primarily, loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. Participant loans are secured by the remaining vested balance in the participant's account and bear interest at a reasonable rate, currently prime plus 1%, set monthly for the life of the loan. Loan repayments, including interest and applicable loan fees, are generally repaid through payroll deductions.

Distributions – Benefits will normally be distributed to a participant on his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participants' unpaid benefit may be segregated in a special account. Benefits are distributed, under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals – Participants may withdraw their employee pre-tax contributions and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the plan administrator.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value as determined by the custodian. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The common/collective trust is valued at the net asset value of the shares held by the Plan at year-end, which is based on the fair value of its underlying assets.

Security transactions are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. Realized and unrealized gains and losses on plan assets are determined based on the value of the assets at the beginning of the plan year or at the time of purchase during the year.

The accompanying Statement of Changes in Net Assets Available for Plan Benefits presents net appreciation/depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2010, realized gains and losses on investments sold during the year then ended and management and operating expenses associated with the Plan's investments in mutual funds and the common/collective trust.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Contracts – In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) topic 962, Plan Accounting — Defined Contribution Plans, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statements of Net Assets Available for Benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Administrative Expenses – The Company may, at its discretion, pay for any administrative expenses incurred, with the exception of loan processing fees, which are paid by the participants.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Excess Contributions – To satisfy relevant non-discrimination provisions of the Plan, certain active participants are required to have excess deferral contributions returned to them. In the statement of changes in net assets available for plan benefits, distributions to participants are net of excess deferral contribution distributions in the amount of \$16,253 for 2010. The excess deferral contribution distributions were made in March 2011 and are included in the Plan’s statement of net assets available for plan benefits as excess contributions payable at December 31, 2010.

Accounting Pronouncements Adopted During 2010 - In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010, and interim periods within those fiscal years. The adoption of this guidance is not expected to have a significant impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net appreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by Fidelity Management Trust Company (the "Custodian" or "Fidelity") as of December 31, 2010 and 2009 and for the year ended December 31, 2010 and was not subjected to any auditing procedures performed by the independent public accountants.

The following table presents the current value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Managed Income Portfolio II*	\$ 1,005,591	\$ 983,551
PIMCO Total Return Fund Institutional	436,024	460,740
Fidelity Balanced Fund*	631,559	654,085
Dodge & Cox Stock Fund	682,703	672,714
Spartan U.S. Equity Index Fund*	727,238	682,224
Fidelity Growth Company Fund*	542,170	450,366
Columbia Acorn USA Fund	353,600	284,542
Fidelity Diversified International Fund*	486,596	434,891

(*) A permitted party-in-interest as defined by ERISA

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by \$561,932. Interest income on participant loans for the year ended December 31, 2010 was \$32,008.

The Fidelity Managed Income Portfolio II ("MIP") is an investment option available to participants. The MIP was a benefit-responsive group annuity contract issued the Fidelity Investment Management Company. MIP invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities as described below, and money market funds to provide daily liquidity.

Investment contracts are designed to permit the use of book value accounting to maintain a constant \$1 unit price and to provide for the payment of participant-directed withdrawals and exchanges at book value (principal and interest accrued to date) during the term of the investment contracts. However, withdrawals prompted by certain events (e.g., termination of MIP, changes in laws or regulations) may be paid at market value, which may be less than book value. Some investment contracts ("GIC") provide for the payment of a specified rate of interest to MIP and for the repayment of principal when the contract matures. GIC's are structured solely as a general debt obligation of the issuer. Other investment contracts (wrap contracts) are purchased in conjunction with an investment by MIP in fixed income securities, which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and bond funds. MIP may also invest in futures contracts, option contracts, and swap agreements.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

There is no immediate recognition of investment gains and losses on the fixed income securities. Instead, gains and losses are recognized over time by adjusting the interest rate credited to MIP under the wrap contracts. The average yield credited to participants and the underlying investment returns was 1.82% and 2.25%, respectively, for the year ended December 31, 2010. The fair value recorded in the Plan's financial statements for such fund was \$1,005,591 and \$983,551 at December 31, 2010 and 2009.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trusts is which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

6. FEDERAL INCOME TAX STATUS

The Plan has received a determination letter from the Puerto Rican Department of Treasury dated June 30, 2000, stating that the Plan is qualified under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Puerto Rican Department of Treasury, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2010 AND 2009

6. FEDERAL INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity serves as the record keeper of the Plan and, therefore, those transactions qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 12, 2011, the date which the financial statements were available to be issued.

10. RECONCILIATION TO 5500

Certain financial information in the accompanying financial statements differs from the financial information on Form 5500 as of December 31, 2010, and for the year ended December 31, 2010. The differences arise from the fact that the Plan's financial statements have been prepared on the accrual basis of accounting, while Form 5500 recognized certain activity on a cash basis.

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2010 to Form 5500:
