We were engaged to audit the accompanying statements net assets available for benefits of Equipment Depot of Illinois Salary Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010 and the supplemental schedule of delinquent participant contributions as of December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8 which was certified by MG Trust Company, LLC, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Equipment Depot of Illinois Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Equipment Depot of Illinois, Inc. (the "Company") who have three months of service. The Plan is operating under a non-standardized adoption agreement of an Old Second National Bank of Aurora prototype plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is contributory and allows for the Company to make discretionary matching contributions based on a percentage of participant contributions, provided that such amount does not exceed the deductible limits for federal income tax purposes.

Under the Plan, employees may defer the lesser of 100% of their compensation or the maximum salary deferral limit permissible under Section 402(g) of the Internal Revenue Code (IRC) not to exceed the limits of Code Sections 401(k), 404 and 415. The Company may make a matching contribution consisting of a certain percentage of the employee's deferral up to a percentage determined annually by the Company. In 2010 and 2009, the Company's contribution was 50% of the first 6% of employee contributions to the Plan. Certain Company contributions may be required due to the top-heavy plan rules published by the Internal Revenue Service (IRS).

The Company's contributions in 2010 and 2009 consisted of matching contributions of \$70,717 and \$41,340, respectively.

There may be a limit placed on the percent of compensation deferred by certain participants. The Company determines that the salary deferral percentage, the employer matching percentage, and the total defined contribution percentage comply with several tests as prescribed by law. If the tests are not met, the Company reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Profit sharing allocations are based on participant earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

Forfeited accounts are used to offset future employer contributions. For the years ended December 31, 2010 and 2009, \$5,072 and \$41,667 of forfeitures were utilized to offset employer contributions. Unallocated forfeitures at December 31, 2010 and 2009 were \$0 and \$618, respectively.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options allowable under the Plan. Investment options include registered investment companies covering a broad range of investment objectives. Participants may change their investment options at any time.

Notes receivable from participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants account and accrue interest on the principal balance of the loan at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. Certain deemed distributions of participant loans are included in benefits paid.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. For the year ended December 31, 2010, the Plan paid for investment management fees.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 13, 2011, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2010</u>	<u>2009</u>
Goldman Sachs Mid Cap Value Fund	\$ 535,266	444,585
American Funds American Balanced Fund	622,073	629,006
American Funds Growth of America Fund	478,830	408,316
American Funds Money Market Fund	944,301	919,603
American Funds EuroPacific Growth Fund	242,837	240,580
Columbia Acorn Fund	591,122	484,828
Templeton Foreign Fund	242,364	233,009
PIMCO Total Return Fund	750,177	770,156

4. FAIR VALUE MEASUREMENTS:

Accounting principles generally accepted in the United States of America for *Fair Value Measurements and Disclosures* establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end as reported by the investment manager.

There have been no changes in the methodologies used at December 31, 2010 and 2009.

Equipment Depot of Illinois Salary Savings Plan
Notes to Financial Statements
Years ended December 31, 2010 and 2009

The carrying amounts of financial instruments including contributions receivable approximated fair value at December 31, 2010 and 2009, because of the relatively short maturity of these instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that a change in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements and supplemental schedule.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total	\$ <u>4,792,113</u>	<u>-</u>	<u>-</u>	<u>4,792,113</u>

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan under the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

6. TAX STATUS:

The Company adopted an Old Second National Bank of Aurora prototype non-standardized profit sharing plan, for which a letter from the Internal Revenue Service has been received indicating that an employer who adopts this prototype plan will be considered to have a plan qualified under applicable sections of the Internal Revenue Code ("IRC"). The Sponsor has elected not to request a separate determination letter for the Plan. The Company and the plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. INFORMATION CERTIFIED BY THE TRUSTEE:

With the exception of participant loans, all financial data related to investments used in the preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and the supplemental schedule have been certified as to accuracy and completeness by the plan's custodian, M&G Trust Company, LLC.

8. REFUND OF EXCESS CONTRIBUTIONS:

For the year ended December 31, 2010, corrective distributions of \$6,295 were required to return excess deferral contributions to satisfy the discrimination testing requirements of the Plan.

9. RECLASSIFICATIONS:

Certain reclassifications have been made to the prior year financial statements in order to conform to the current year presentation.
