NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF THE PLAN

Effective with the close of business on June 30, 2004, Suns Legacy Holdings LLC (“Holdings”) acquired the assets of Phoenix Suns Limited Partnership (“PSLP”), including the Phoenix Suns NBA franchise (“Team”) and substantially all of the related assets, including its interests in the subsidiaries. On that date, Suns Legacy Partners, LLC (“Company/Plan Sponsor”) adopted the Phoenix Suns 401(k) Salary Savings Plan, changing its title to Suns Legacy Partners 401(k) Salary Savings Plan (“Plan”). Effective February 24, 2005, Suns Legacy Partners and Team Shops, LLC (“Shops”) entered into an agreement to transfer assets of participants who permanently transfer from Shops employment to the Company.

The following description of the Plan provides only general information. More complete information and a description of the Plan may be found in the Summary Plan Description covering the provisions of participation, contribution, vesting and benefit payments. The following is a summary of provisions of the Plan.

The Plan was amended effective January 1, 2007, to allow new employees to automatically enroll in the Plan at 2% of the employee’s compensation.

The Plan was amended effective April 1, 2008, to include a Roth 401(k) feature available to all participants. The Roth 401(k) vehicle was introduced as an additional deferral source for employees to diversify their retirement income from a tax perspective.

The Plan was amended effective September 1, 2009, to allow in-service withdrawal at age 59½. Withdrawals are limited to two instances during any one-year period.

The Plan was amended effective April 1, 2011, to allow for quarterly entry dates. Prior to the amendment, entry into the Plan was limited to semi-annually.

Eligibility

The Plan is a defined contribution plan covering all of the eligible employees of the Plan Sponsor. Employees are eligible to participate in the Plan after attaining the age of 21, completion of one year of service and 1,000 hours at the entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2007, employees of the Company who do not voluntarily elect to enroll in the employee deferred contributions portion of the Plan will be automatically enrolled in the employee deferred contributions portion of the Plan after they meet the Plan’s eligibility requirements. If a newly eligible employee does not want to be automatically enrolled in the employee deferred contributions portion of the plan, the employee must affirmatively elect not to participate.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan subject to the limitations contained in the Internal Revenue Code ("IRC") Section 402(g) for the Plan year. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also direct the investment of their contributions into various investment options offered by the Plan. The Company provides a matching contribution of 50% of the participant's first 6% contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, reduced for any Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All elective participant contributions plus actual earnings thereon are immediately vested. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. An employee vests as follows:

<u>Years of Vesting Service</u>	<u>Nonforfeitable Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Any accumulated benefits forfeited during a Plan year due to participant withdrawal prior to full vesting shall be used to pay administrative expenses of the Plan or to reduce future employer contributions. Forfeitures of non-vested accounts available to pay administrative expenses or reduce future employer contributions totaled \$42,447 and \$20,101 at December 31, 2010 and 2009, respectively. No forfeitures were used to reduce the employer contribution during the year ended December 31, 2010.

Administrative Expenses

Certain management, legal, and administrative expenses of the Plan, including management fees incurred in administering the Plan, are paid by the Company.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or upon reaching age 65, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments for a period not to exceed life expectancy. On termination of service for other reasons, participants may elect to receive their vested account balance in a lump sum distribution or in a transfer to another qualified plan or individual retirement account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with U.S. prevailing rates as determined by the plan administrator. Loan terms range from 1 to 5 years. Principal and interest are paid through biweekly payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Estimates

The financial statements of the Plan are prepared under the accrual method of accounting except for payment of benefits, which are recorded when paid /distributed.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Changes in the market value net appreciation / (depreciation) of investments held at year-end and realized gains and losses on investment transactions (gains and losses on investments bought and sold as well as held during year) during the year are reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Adoption of New Accounting Standard

In January 2010, the Plan adopted the amended guidance in *Fair Value Measurements and Disclosures* (ASC 820), including the guidance in *Improving Disclosures about Fair Value Measurements* (ASU 2010-06), in the Plan's December 31, 2010, financial statements. The new guidance clarifies existing disclosures and requires new disclosures about fair value measurements. The clarifications and the requirement to disclose the amounts and reasons for significant transfers between Level 1 and Level 2 and significant transfers into and out of Level 3 of the fair value hierarchy are effective for periods beginning after December 15, 2009. Since this new guidance only amends the disclosure requirements, it did not have an impact on the Plan's financial statements.

In September 2010, the Financial Accounting Standards Board (FASB) issued an amendment, *Plan Accounting – Defined Contribution Pension Plans (Topic 952): Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution plans. That guidance requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principle balance plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010, financial statements and has reclassified participant loans of \$388,292 for the year ended December 31, 2009, from investments to notes receivable from participants in the accompanying statements of net assets available for benefits. Net assets of the Plan were not affected by the adoption of the new guidance.

NOTE 3 – FULLY BENEFIT-RESPONSIVE COMMON COLLECTIVE FUND

The Union Bond & Trust Company Principal Stable Value Fund (the "Fund") is offered as an option for Plan participants to select as one of their investments. The Fund is an investment fund of Union Bond & Trust Company (the "Trustee"), operating under the requirements of Regulation 9.18 of the Guidelines of the Comptroller of the Currency. The Fund is a collective investment trust designed for retirement plans exempt from federal income tax under Section 501(a) of the Internal Revenue Code of 1986, as amended, and governmental deferred compensation plans.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 3 – FULLY BENEFIT-RESPONSIVE COMMON COLLECTIVE FUND (continued)

As described in Note 2, because the Fund is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the Fund. This Fund is presented in the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the Plan's investments in this Fund is \$1,221,457 and \$2,026,684 at December 31, 2010 and 2009, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a monthly basis for resetting.

	As of December 31, 2010	As of December 31, 2009
Average yields:		
Based on actual earnings	2.82%	2.68%
Based on interest rate credited to participants	2.81%	2.63%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

NOTE 4 - TAX STATUS

The Plan document is the Principal Trust Company Prototype for Savings Plans (the "Prototype Plan"). The Internal Revenue Service has determined and informed Principal by a letter dated August 7, 2001, that the Prototype Plan is designed in accordance with requirements under Section 401(a) of the Internal Revenue Code ("IRC") and accordingly, is entitled to exemption under the provisions of Section 401(a). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan has been amended since receiving the August 7, 2001, determination letter noted above, and by letter dated March 31, 2008, from the Department of the Treasury, there has been no change to the Plan's acceptability under Section 401 of the IRC.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE 4 - TAX STATUS (continued)

Plan management must evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Receivable to the Plan

For the year ended December 31, 2010, the Plan did not match catch-up contributions as well as include certain eligible part-time employees in the Plan. In 2011, the amount of contributions and lost earnings on these contributions were paid to the Plan. The portion applicable to the year ended December 31, 2010, and prior years is recognized as a receivable to the Plan in the accompanying statements of net assets available for benefits. The Plan Sponsor and Plan administrator believe that the Plan remains qualified as of December 31, 2010.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.
- Total net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

In the event the Plan is terminated, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services and other administrative services totaled \$16,829 for the year ended December 31, 2010.

NOTE 9 - FAIR VALUE DISCLOSURES

The Plan determines the fair values of its investments based on the fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds are valued at the net asset value (NAV) of shares held by the plan at year-end.

Pooled separate accounts at Principal Life Insurance Company (the "Trustee") are valued based on the market value of the underlying assets on the last business day of the year. Market value is based on closing sales prices reported on recognized securities exchanges or for listed securities having no sales reported and for unlisted securities, upon the last reported bid prices on that date.

Guaranteed interest contract with Principal Life Insurance Company is stated at fair value, determined as the amount at which the contract could be exchanged in a current transaction between parties, other than in a forced or liquidation sale, considering the guaranteed fixed interest rate of the contract.

The Plan's interest in the *collective trust*, the Principal Stable Value Fund, is valued based on information reported by the investment advisor using the audited financial statements of this collective trust at year-end.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - FAIR VALUE DISCLOSURES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value consisted of the following types of instruments, classified according to the fair value hierarchy as follows:

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, overall market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12 - SUBSEQUENT EVENT

The Company has evaluated subsequent events through the date the financial statements were available to be issued, October 14, 2011. There have been no significant events that would impact the financial statements as of December 31, 2010. In April 2011 the Plan was amended to allow quarterly entry in the plan.
