VECTOR RESOURCES, INC. 401 (K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

1. DESCRIPTION OF THE PLAN

General – The Plan is a non-standardized 401 (k) profit sharing plan and trust, and it is a nondiscretionary, contributory defined contribution profit sharing plan covering all employees of Vector Resources, Inc. 401 (K) Plan (the "Company"). It is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

Contribution – Each year, participants may elect to contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also transfer amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. The Company's matching periods based on all payroll periods ending within each month. The Company may make a Qualified Non-Elective Contribution in an amount to be determined by the Company, to be allocated in proportion to the compensation of those participants eligible to share in the allocations. The Qualified Non-Elective Contribution applies only to non-highly compensated employees. Contributions are subject to certain limitations.

Eligibility - All employees are eligible to participate in the Plan when such employees have satisfied three months of service and are at least 18 years old. Eligible employees may participate to the Plan on the quarterly basis, January 1, April 1, July 1 and October 1.

Vesting – The participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans – Participants may borrow from their fund accounts an amount not to exceed $50,000 or one-half of the vested interest. The minimum loan amount to borrow is $1,000.

Payment of Benefits – Distributions under the Plan may be made in lump-sums, or partial withdrawals provided the minimum withdrawal is $1,000 upon termination of service due to death, disability or retirement. Distributions upon termination of employment may be made as soon as administratively feasible at the participant's election.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts – At December 31, 2010, forfeited nonvested accounts totaled $734. These accounts are added to the employer's contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates- The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from those estimates.

Note Receivable from Participants – The Plan adopted ASU No. 2010-25 which becomes effective for fiscal years ending after December 15, 2010. ASU No. 2010-25 requires loans to participants be reported as notes receivable from participants at the unpaid principle balance, plus any accrued unpaid interest. The adoption of ASU No. 2010-25 should also apply retrospectively to all periods presents. The plan reclassified the loans to participants to notes receivable from participants of prior year presented in the financial statements.

Investment Valuation and Income Recognition – The Plan's investments held in separate accounts is stated in fair value. Funds held in insurance company general account is valued at original cost plus accrued interest.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated events through October 12, 2011, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2010	2009
Investments, at fair value:		
Registered investment companies	$ 4,408,447	$ 3,726,048
Investment contracts in general account	1,833,409	1,388,942
Investment income/gain	501,772	745,465

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of Internal Revenue Code (IRC). Throughout the years, the Plan has been amended in response to change in applicable laws and regulations. The plan administrator and the plan's tax counsel believe that the Plan is designed and operated in compliance with applicable requirements of IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

5. TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of any liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently on audits for any tax periods in progress.

6. INVESTMENTS

The Plan's investments are held in investment and annuity trust fund. The following table presents investments. Investments that represent 5% or more of the Plan's net assets are separately identified.

	12/31/10	12/31/09
Investments at Fair Value as Determined by Quoted Market Price:		
Registered investment companies	$ 4,408,447	$ 3,726,048
Investments at Estimated Fair Value:		
Investment of contracts in general account	1,833,409	1,388,942

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has established a benefit-responsive investment contract with ING Life Insurance and Annuity Company ("ILIAC") since inception of the plan. ILLAC maintains the contributions in both a general account and a separate account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by ILIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment contract at December 31, 2010 and 2009 was $6,241,856 and $5,114,990 respectively. The annual effective yields of the general account were approximately 3% for both 2010 and 2009 respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed periodically for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with ILIAC. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

8. TRANSFER OF ASSETS

The Plan management has transferred some of the participants into and out of this plan to a second plan established by the Company for compliance purpose. The assets transferred into this plan totaled $56,720. The transfer of assets payable and transferred assets out of the plan is $26,715 as of December 31, 2010.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
