Independent Auditor's Report

To the Plan Administrator
Access Point, LLC 401(k) Plan

We have audited the accompanying statement of net assets available for benefits of Access Point, LLC 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2010 and 2009 and the changes in net assets for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Access Point, LLC 401(k) Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description

The following summary of Access Point, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is a multiple-employer plan sponsored by Access Point, LLC and 73 companies (collectively, the "Company") and includes participating employers who have completed adoption agreements (the "Participating Employers"). In connection with the Participating Employers adopting the Plan, the Participating Employers may transfer assets from a plan previously sponsored by them to this Plan. Participants should refer to the plan agreement for more complete information.

General - The Plan is a defined contribution plan covering all full-time employees of the Company. Eligibility is determined by each Participating Employer within their respective adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may make contributions through pretax salary deferrals. The amount of the elective deferral is based on a certain percentage of the participant's compensation and as defined in each Participating Employers' adoption agreement. Employer contributions are solely at the discretion of the Participating Employers or their boards of directors. Such contributions, if any, shall be allocated to each participant's account of the respective company based on certain limitations defined in the Participating Employers' adoption agreement.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Participating Employers' contributions, plan earnings, and if elected by the Participating Employer, forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable - Participants may borrow from their account subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Payment of Benefits - Distributions are payable upon retirement, death, disability, early retirement, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The plan agreement should be consulted for the details of these additional benefit provisions.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement. The Company must approve any such hardship withdrawals.

Access Point, LLC 401(k) Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures can be used to reduce future employer contributions or pay plan expenses.

Transfers from/to Other Plans - During 2010, the plan sponsor accepted two Participating Employers into the plan. The total assets and participants from these Participating Employers were transferred into the Plan from other qualified plans. During 2010, the plan sponsor also terminated its relationship with certain Participating Employers. The total assets and participants from these former Participating Employers were transferred out of the Plan to other qualified plans.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Employer contributions vest based on the election of each Participating Employer within their respective adoption agreement.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by the investment custodians; accordingly, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. The investment custodians are identified in Note 5.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. Investments in mutual funds and a money market fund are valued based on quoted market prices. See Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company which qualify as party-in-interest transactions as defined under ERISA guidelines.

Access Point, LLC 401(k) Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 10, 2011, which is the date the financial statements were available to be issued.

New Accounting Pronouncement - During 2010, the Plan adopted the provisions of a new accounting standard which requires that defined contribution plans classify participant loans as participant notes receivable rather than as investments as was previously required. This standard was adopted retroactively and, as a result, the December 31, 2009 participant loans have been reclassified from investments to participant notes receivable. The adoption of this standard had no impact on the Plan's net assets or changes in net assets.

Note 3 - Investments

Significant investments at December 31 are as follows:

	2010	2009
Mutual funds:		
Vanguard Short Term Federal Admiral	\$ 3,293,695	\$ 3,158,706

Access Point, LLC 401(k) Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the prototype plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Investment Custodians

The Plan is an open architecture platform which allows several custodians for the Plan. The following table details the asset custodians for the Plan as of December 31, 2010 and 2009:

Fidelity Investments
MFS Investments
Neuberger Berman
Federated Investors, Inc.
T. Rowe Price
American Funds
State Street Global Advisors
Third Avenue Management
Vanguard
Ivy Funds, Inc.
BlackRock
HighMark Funds
Oppenheimer

Note 6 - Termination of Plan

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances. The assets shall be allocated in the manner as defined in the plan agreement.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities to be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2010 and 2009 and the valuation techniques used by the Plan to determine those fair values.

Level I - In general, fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Access Point, LLC 401(k) Plan

Notes to Financial Statements December 31, 2010 and 2009

Note 7 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2010.
