INDEPENDENT AUDITORS' REPORT

To the Trustees
Imperial Palace of Mississippi, LLC 401(k)
Savings and Retirement Plan
850 Bayview Avenue
Biloxi, Mississippi 39530

We were engaged to audit the accompanying statements of net assets available for benefits of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of Schedule H, line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

To the Trustees
Imperial Palace of Mississippi, LLC 401(k)
Savings and Retirement Plan

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

**IMPERIAL PALACE OF MISSISSIPPI, LLC 401(K)
SAVINGS AND RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all Imperial Palace of Mississippi, LLC (the "Company") employees who have completed one hour of service and who are age twenty-one (21) or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, subject to the Internal Revenue Service's annual maximum amount of \$16,500 in 2010. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. The matching percentage is determined on a yearly basis based upon participant contribution percentages not to exceed a specified percentage as determined by the Company. Additional profit sharing amounts may be contributed at the option of the Company's members. Contributions are subject to certain limitations, including requirements pertaining to certain minimum coverage and non-discrimination regulations as defined by the Internal Revenue Code.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three (3) years of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Interest rates currently range from 4.25% to 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death or retirement, a participant may elect to receive either a lump sum amount equal to the value of his or her account or installment payments monthly, quarterly, or annually.

SAVINGS AND RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
PAGE TWO
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Investment Election - Participants direct the investment of all contributions into various investment options offered by the Plan.

Forfeited Accounts - At December 31, 2010 and 2009 there were no balances in forfeited accounts as all forfeitures received during the year were reallocated to participants as a nondiscretionary matching contribution. During 2010, there were \$13,312 in forfeitures from non-vested accounts. Also, during 2010, \$13,509 in forfeitures and earnings thereon, were reallocated to participants as a discretionary matching contribution.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Cont.)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Recent Accounting Pronouncements - In July 2009, the Financial Accounting Standards Board (FASB) approved the FASB Accounting Standards Codification (ASC) as the official source of authoritative, nongovernmental U.S. Generally Accepted Accounting Principles (GAAP), superseding existing FASB and related literature. The FASB Accounting Standards Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Plan adopted FASB ASC 105-10-65 as of December 31, 2009.

In September 2010, the FASB issued Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Plans*, which clarifies the classification and measurement guidance on participant loans of a defined contribution plan. Effective for fiscal years ending after December 15, 2010, and applied retrospectively to all prior periods presented, participant loans are now classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are not subject to fair value measurements and disclosures. The Plan adopted FASB ASU 2010-25 as of December 31, 2010.

Reclassifications - Certain amounts in the December 31, 2009 financial statements have been reclassified to conform to the December 31, 2010 presentation.

Subsequent Events - The plan has evaluated subsequent events through September 21, 2011, the date the financial statements were available to be issued. The details of the subsequent events have been disclosed in Note 13.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of this fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SAVINGS AND RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
PAGE SIX
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 5 - FAIR VALUE MEASUREMENTS (Cont.)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.

Interest in Common/Collective Trusts - The estimated fair value of the collective trust fund is net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have finite lives, unfunded commitments relating to the types of investments or significant restrictions on redemptions. The underlying investment of the fund, described in Note 6, reports separate levels of categorization which can be found on its financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND

At December 31, 2010 and 2009, the Plan had invested assets in Wells Fargo Collective Stable Return N6, which in turn invested 100% of its assets in Wells Fargo Stable Return Fund G. The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts which were carried at contract value. Wells Fargo Stable Return Fund G applies the provisions of FASB Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, for stable value investment funds. The fair value to contract value ratios for the fund as of December 31, 2010 and 2009 were 102.20% and 100.20%, respectively. Footnote 1(c) to the Wells Fargo Stable Return Fund G financial statements provides a detailed discussion of its valuation policies.

The yield earned by the Fund at December 31, 2010 and 2009 was 2.38% and 3.40%, respectively. This represents the annualized earnings of all investments in the fund, including the earnings recorded underlying collective trusts funds, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009, respectively.

The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2010 and 2009 was 2.90% and 3.32%, respectively. This represents the annualized earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009.

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND (Cont.)

The Plan does not invest directly in fully benefit-responsive contracts, and therefore, is not required to include in its financial statements the disclosure in FASB ASC 962-325-35, formerly paragraph 15 of SOP 94-4-1. For a detail of such disclosures, refer to the financial statements of the common collective trust.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are in shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and asset custodian and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees totaling \$66,672 were indirectly charged to the Plan. These fees are a part of fees already paid by the Fund shareholders to the respective mutual fund companies as disclosed in the prospectus for each. In addition, loan fees totaling \$21,703 were paid by the Plan for the year ended December 31, 2010.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100% vested in their employer contributions. See Note 13 regarding the decision to terminate the plan, subsequent to year end.

NOTE 9 - TAX STATUS

The Plan is designed to meet Internal Revenue Service guidelines under Section 401 of the Internal Revenue Code (IRC). No letter of determination has been requested. However, the provider of the prototype plan document has obtained an opinion letter as to its acceptable form under the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE 9 - TAX STATUS (Cont.)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

At December 31, 2010, the Plan converted the reporting method used in preparing the Form 5500 to the cash basis of accounting from the accrual basis. As noted in Note 2, the financial statements are prepared under the accrual method of accounting. The following is a reconciliation of net assets available for benefits as of December 31, 2010 per the financial statements to the 2010 Form 5500:

Net assets available for benefits per the financial statements	\$ 11,717,942

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Cont.)

The following is a reconciliation of participant contributions per the financial statement for the year ended December 31, 2010, to the 2010 Form 5500:

Employer contributions per the financial statements	\$ 273,238
Less: employer contributions accrued at 2010 ¹	<u>(134,005)</u>
<i>Employer contributions per Form 5500</i>	<u><u>\$ 139,233</u></u>

¹ Employer contributions totaling \$145,898 were accrued at year ended December 31, 2009 and were appropriately reported as income on the Plan's 2009 Form 5500, consistent with the Plan's accrual basis of accounting used at that time. The Plan converted the reporting of Form 5500 to the cash basis of accounting during 2010. As 2010 this was the initial year of cash basis reporting, it was necessary to exclude from income the cash contributions totaling \$145,898.

NOTE 12 - PLAN AMENDMENTS

The plan was timely restated to meet the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Job Creation and Worker Assistance Act of 2002, (JCWAA), and the Sarbanes Oxley Act of 2002, (SOA).

In addition, certain provisions of the Pension Protection Act of 2006 (PPA '06), the Heroes Earnings Assistance and Relief Act of 2008, the Emergency Economic Stabilization Act of 2008 (EESA), the Workers, Retiree, and Employer Recovery Act of 2008 (WRERA) were timely adopted by the plan.

NOTE 13 - SUBSEQUENT EVENTS

Management has decided to terminate the plan, effective October 3, 2011, due to pending changes in ownership of the plan sponsor.

Biloxi, Mississippi 39530

We were engaged to audit the accompanying statements of net assets available for benefits of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of Schedule H, line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

To the Trustees

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all Imperial Palace of Mississippi, LLC (the "Company") employees who have completed one hour of service and who are age twenty-one (21) or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, subject to the Internal Revenue Service's annual maximum amount of \$16,500 in 2010. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. The matching percentage is determined on a yearly basis based upon participant contribution percentages not to exceed a specified percentage as determined by the Company. Additional profit sharing amounts may be contributed at the option of the Company's members. Contributions are subject to certain limitations, including requirements pertaining to certain minimum coverage and non-discrimination regulations as defined by the Internal Revenue Code.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three (3) years of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Interest rates currently range from 4.25% to 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death or retirement, a participant may elect to receive either a lump sum amount equal to the value of his or her account or installment payments monthly, quarterly, or annually.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Investment Election - Participants direct the investment of all contributions into various investment options offered by the Plan.

Forfeited Accounts - At December 31, 2010 and 2009 there were no balances in forfeited accounts as all forfeitures received during the year were reallocated to participants as a nondiscretionary matching contribution. During 2010, there were \$13,312 in forfeitures from non-vested accounts. Also, during 2010, \$13,509 in forfeitures and earnings thereon, were reallocated to participants as a discretionary matching contribution.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Cont.)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Recent Accounting Pronouncements - In July 2009, the Financial Accounting Standards Board (FASB) approved the FASB Accounting Standards Codification (ASC) as the official source of authoritative, nongovernmental U.S. Generally Accepted Accounting Principles (GAAP), superseding existing FASB and related literature. The FASB Accounting Standards Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Plan adopted FASB ASC 105-10-65 as of December 31, 2009.

In September 2010, the FASB issued Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Plans*, which clarifies the classification and measurement guidance on participant loans of a defined contribution plan. Effective for fiscal years ending after December 15, 2010, and applied retrospectively to all prior periods presented, participant loans are now classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are not subject to fair value measurements and disclosures. The Plan adopted FASB ASU 2010-25 as of December 31, 2010.

Reclassifications - Certain amounts in the December 31, 2009 financial statements have been reclassified to conform to the December 31, 2010 presentation.

Subsequent Events - The plan has evaluated subsequent events through September 21, 2011, the date the financial statements were available to be issued. The details of the subsequent events have been disclosed in Note 13.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of this fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SAVINGS AND RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
PAGE SIX
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 5 - FAIR VALUE MEASUREMENTS (Cont.)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.

Interest in Common/Collective Trusts - The estimated fair value of the collective trust fund is net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have finite lives, unfunded commitments relating to the types of investments or significant restrictions on redemptions. The underlying investment of the fund, described in Note 6, reports separate levels of categorization which can be found on its financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND

At December 31, 2010 and 2009, the Plan had invested assets in Wells Fargo Collective Stable Return N6, which in turn invested 100% of its assets in Wells Fargo Stable Return Fund G. The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts which were carried at contract value. Wells Fargo Stable Return Fund G applies the provisions of FASB Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, for stable value investment funds. The fair value to contract value ratios for the fund as of December 31, 2010 and 2009 were 102.20% and 100.20%, respectively. Footnote 1(c) to the Wells Fargo Stable Return Fund G financial statements provides a detailed discussion of its valuation policies.

The yield earned by the Fund at December 31, 2010 and 2009 was 2.38% and 3.40%, respectively. This represents the annualized earnings of all investments in the fund, including the earnings recorded underlying collective trusts funds, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009, respectively.

The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2010 and 2009 was 2.90% and 3.32%, respectively. This represents the annualized earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009.

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND (Cont.)

The Plan does not invest directly in fully benefit-responsive contracts, and therefore, is not required to include in its financial statements the disclosure in FASB ASC 962-325-35, formerly paragraph 15 of SOP 94-4-1. For a detail of such disclosures, refer to the financial statements of the common collective trust.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are in shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and asset custodian and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees totaling \$66,672 were indirectly charged to the Plan. These fees are a part of fees already paid by the Fund shareholders to the respective mutual fund companies as disclosed in the prospectus for each. In addition, loan fees totaling \$21,703 were paid by the Plan for the year ended December 31, 2010.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100% vested in their employer contributions. See Note 13 regarding the decision to terminate the plan, subsequent to year end.

NOTE 9 - TAX STATUS

The Plan is designed to meet Internal Revenue Service guidelines under Section 401 of the Internal Revenue Code (IRC). No letter of determination has been requested. However, the provider of the prototype plan document has obtained an opinion letter as to its acceptable form under the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE 9 - TAX STATUS (Cont.)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

At December 31, 2010, the Plan converted the reporting method used in preparing the Form 5500 to the cash basis of accounting from the accrual basis. As noted in Note 2, the financial statements are prepared under the accrual method of accounting. The following is a reconciliation of net assets available for benefits as of December 31, 2010 per the financial statements to the 2010 Form 5500:

Net assets available for benefits per the financial statements	\$ 11,717,942

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Cont.)

The following is a reconciliation of participant contributions per the financial statement for the year ended December 31, 2010, to the 2010 Form 5500:

Employer contributions per the financial statements	\$ 273,238
Less: employer contributions accrued at 2010 ¹	<u>(134,005)</u>
<i>Employer contributions per Form 5500</i>	<u><u>\$ 139,233</u></u>

¹ Employer contributions totaling \$145,898 were accrued at year ended December 31, 2009 and were appropriately reported as income on the Plan's 2009 Form 5500, consistent with the Plan's accrual basis of accounting used at that time. The Plan converted the reporting of Form 5500 to the cash basis of accounting during 2010. As 2010 this was the initial year of cash basis reporting, it was necessary to exclude from income the cash contributions totaling \$145,898.

NOTE 12 - PLAN AMENDMENTS

The plan was timely restated to meet the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Job Creation and Worker Assistance Act of 2002, (JCWAA), and the Sarbanes Oxley Act of 2002, (SOA).

In addition, certain provisions of the Pension Protection Act of 2006 (PPA '06), the Heroes Earnings Assistance and Relief Act of 2008, the Emergency Economic Stabilization Act of 2008 (EESA), the Workers, Retiree, and Employer Recovery Act of 2008 (WRERA) were timely adopted by the plan.

NOTE 13 - SUBSEQUENT EVENTS

Management has decided to terminate the plan, effective October 3, 2011, due to pending changes in ownership of the plan sponsor.

INDEPENDENT AUDITORS' REPORT

To the Trustees
Imperial Palace of Mississippi, LLC 401(k)
Savings and Retirement Plan
850 Bayview Avenue
Biloxi, Mississippi 39530

We were engaged to audit the accompanying statements of net assets available for benefits of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of Schedule H, line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

To the Trustees
Imperial Palace of Mississippi, LLC 401(k)
Savings and Retirement Plan

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

**IMPERIAL PALACE OF MISSISSIPPI, LLC 401(K)
SAVINGS AND RETIREMENT PLAN**

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Imperial Palace of Mississippi, LLC 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all Imperial Palace of Mississippi, LLC (the "Company") employees who have completed one hour of service and who are age twenty-one (21) or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, subject to the Internal Revenue Service's annual maximum amount of \$16,500 in 2010. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. The matching percentage is determined on a yearly basis based upon participant contribution percentages not to exceed a specified percentage as determined by the Company. Additional profit sharing amounts may be contributed at the option of the Company's members. Contributions are subject to certain limitations, including requirements pertaining to certain minimum coverage and non-discrimination regulations as defined by the Internal Revenue Code.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three (3) years of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Interest rates currently range from 4.25% to 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death or retirement, a participant may elect to receive either a lump sum amount equal to the value of his or her account or installment payments monthly, quarterly, or annually.

NOTE 1 - DESCRIPTION OF PLAN (Cont.)

Investment Election - Participants direct the investment of all contributions into various investment options offered by the Plan.

Forfeited Accounts - At December 31, 2010 and 2009 there were no balances in forfeited accounts as all forfeitures received during the year were reallocated to participants as a nondiscretionary matching contribution. During 2010, there were \$13,312 in forfeitures from non-vested accounts. Also, during 2010, \$13,509 in forfeitures and earnings thereon, were reallocated to participants as a discretionary matching contribution.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Cont.)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Recent Accounting Pronouncements - In July 2009, the Financial Accounting Standards Board (FASB) approved the FASB Accounting Standards Codification (ASC) as the official source of authoritative, nongovernmental U.S. Generally Accepted Accounting Principles (GAAP), superseding existing FASB and related literature. The FASB Accounting Standards Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The Plan adopted FASB ASC 105-10-65 as of December 31, 2009.

In September 2010, the FASB issued Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Plans*, which clarifies the classification and measurement guidance on participant loans of a defined contribution plan. Effective for fiscal years ending after December 15, 2010, and applied retrospectively to all prior periods presented, participant loans are now classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are not subject to fair value measurements and disclosures. The Plan adopted FASB ASU 2010-25 as of December 31, 2010.

Reclassifications - Certain amounts in the December 31, 2009 financial statements have been reclassified to conform to the December 31, 2010 presentation.

Subsequent Events - The plan has evaluated subsequent events through September 21, 2011, the date the financial statements were available to be issued. The details of the subsequent events have been disclosed in Note 13.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of this fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**NOTES TO FINANCIAL STATEMENTS
PAGE SIX
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 5 - FAIR VALUE MEASUREMENTS (Cont.)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.

Interest in Common/Collective Trusts - The estimated fair value of the collective trust fund is net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have finite lives, unfunded commitments relating to the types of investments or significant restrictions on redemptions. The underlying investment of the fund, described in Note 6, reports separate levels of categorization which can be found on its financial statements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND

At December 31, 2010 and 2009, the Plan had invested assets in Wells Fargo Collective Stable Return N6, which in turn invested 100% of its assets in Wells Fargo Stable Return Fund G. The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts which were carried at contract value. Wells Fargo Stable Return Fund G applies the provisions of FASB Accounting Standards Codification (ASC) 946-210-45 and 946-210-50, *Reporting of Fully Benefit-Responsive Investment Contracts*, for stable value investment funds. The fair value to contract value ratios for the fund as of December 31, 2010 and 2009 were 102.20% and 100.20%, respectively. Footnote 1(c) to the Wells Fargo Stable Return Fund G financial statements provides a detailed discussion of its valuation policies.

The yield earned by the Fund at December 31, 2010 and 2009 was 2.38% and 3.40%, respectively. This represents the annualized earnings of all investments in the fund, including the earnings recorded underlying collective trusts funds, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009, respectively.

The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2010 and 2009 was 2.90% and 3.32%, respectively. This represents the annualized earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31, 2010 and 2009.

NOTE 6 - INVESTMENTS IN STABLE VALUE FUND (Cont.)

The Plan does not invest directly in fully benefit-responsive contracts, and therefore, is not required to include in its financial statements the disclosure in FASB ASC 962-325-35, formerly paragraph 15 of SOP 94-4-1. For a detail of such disclosures, refer to the financial statements of the common collective trust.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are in shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee as defined by the Plan and asset custodian and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees totaling \$66,672 were indirectly charged to the Plan. These fees are a part of fees already paid by the Fund shareholders to the respective mutual fund companies as disclosed in the prospectus for each. In addition, loan fees totaling \$21,703 were paid by the Plan for the year ended December 31, 2010.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants would become 100% vested in their employer contributions. See Note 13 regarding the decision to terminate the plan, subsequent to year end.

NOTE 9 - TAX STATUS

The Plan is designed to meet Internal Revenue Service guidelines under Section 401 of the Internal Revenue Code (IRC). No letter of determination has been requested. However, the provider of the prototype plan document has obtained an opinion letter as to its acceptable form under the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

NOTE 9 - TAX STATUS (Cont.)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

At December 31, 2010, the Plan converted the reporting method used in preparing the Form 5500 to the cash basis of accounting from the accrual basis. As noted in Note 2, the financial statements are prepared under the accrual method of accounting. The following is a reconciliation of net assets available for benefits as of December 31, 2010 per the financial statements to the 2010 Form 5500:

Net assets available for benefits per the financial statements	\$ 11,717,942

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Cont.)

The following is a reconciliation of participant contributions per the financial statement for the year ended December 31, 2010, to the 2010 Form 5500:

Employer contributions per the financial statements	\$ 273,238
Less: employer contributions accrued at 2010 ¹	<u>(134,005)</u>
<i>Employer contributions per Form 5500</i>	<u><u>\$ 139,233</u></u>

¹ Employer contributions totaling \$145,898 were accrued at year ended December 31, 2009 and were appropriately reported as income on the Plan's 2009 Form 5500, consistent with the Plan's accrual basis of accounting used at that time. The Plan converted the reporting of Form 5500 to the cash basis of accounting during 2010. As 2010 this was the initial year of cash basis reporting, it was necessary to exclude from income the cash contributions totaling \$145,898.

NOTE 12 - PLAN AMENDMENTS

The plan was timely restated to meet the requirements of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), the Job Creation and Worker Assistance Act of 2002, (JCWAA), and the Sarbanes Oxley Act of 2002, (SOA).

In addition, certain provisions of the Pension Protection Act of 2006 (PPA '06), the Heroes Earnings Assistance and Relief Act of 2008, the Emergency Economic Stabilization Act of 2008 (EESA), the Workers, Retiree, and Employer Recovery Act of 2008 (WRERA) were timely adopted by the plan.

NOTE 13 - SUBSEQUENT EVENTS

Management has decided to terminate the plan, effective October 3, 2011, due to pending changes in ownership of the plan sponsor.
