Notes to Financial Statements

1. Plan Description

The following description of the Hitachi Consulting 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

Hitachi Consulting Corporation (the "Company" or "Employer") established the Plan on November 1, 2000. The Plan is a defined contribution plan providing retirement benefits to qualifying employees of the Company. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is responsible for the administration and operation of the Plan. Fidelity Institutional Retirement Services Company Inc. serves as the Plan's recordkeeper. Fidelity Management Trust Company (the "Trustee") is responsible for the custody and management of the Plan's investments.

Eligibility

An employee may participate in the Plan if such employee is an eligible employee of the Company. Classes of employees excluded from participation in the Plan include: (1) leased employees, or (2) union employees.

Contributions

Participants may contribute up to 50% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who are age 50 or older can make additional pre-tax contributions known as "Catch-Up Contributions", subject to certain limitations.

The Plan sponsor matches 10% of the first 6% of each participant's contribution to the Plan provided the participant is employed by the Employer on the last day of the contribution period. The company had suspended employer match effective April 1, 2009. The match was reinstated with effect from January 1, 2010.

The Company offers a Roth 401(k) option allowing an after-tax contribution source to the Plan, subject to the current Plan provisions and IRS limitations. Roth contributions and earnings can be withdrawn on a tax-free basis upon retirement, subject to IRS provisions.

Participant Accounts

Each participant account is credited with the participant's and the Company's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers more than 150 mutual funds and two money market funds as investment options for participants.

Notes to Financial Statements

Vesting

If a participant terminates employment for reasons other than retirement, death, or total and permanent disability, the vested portion of their accounts (other than their salary deferral and rollover contribution accounts, which are always 100% vested) shall be determined in accordance with the following schedule:

Year(s) of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The vested percentage of a participant's account that transferred from a prior plan to this plan will not be less than their vested percentage determined under the provisions of the prior plan. All Employer contributions vest immediately upon a participant's death, disability, or attainment of the normal retirement age, as defined by the Plan agreement.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant receives the vested account balance in a lump-sum distribution. If the value of the vested account is greater than \$1,000, the participant may elect to defer payment to a later date (until they are required by law to receive minimum required distributions).

Forfeitures

Forfeitures by non-vested participants are retained in the Plan and will be first used to pay administrative expenses. Any remaining amounts will be used to reduce future Company contributions. The total amount of forfeitures used to reduce plan expenses during 2010 amounted to \$15,918. Forfeited amounts at December 31, 2010 were not material to the financial statements.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at the prime rate quoted on the Federal Reserve website. Interest rates on loans outstanding at December 31, 2010 ranged from 3.25% to 9.25%. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of fifteen years or less for a primary residence loan.

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

Administrative Expenses

The Company pays a portion of the administrative expenses on behalf of the Plan. The remainder is paid by the Plan. Administrative expenses include recordkeeping service fees, accounting services, trustee services and audit expenses. The Company paid approximately \$48,414 in administrative expenses for the plan year ended December 31, 2010.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, based upon their net asset value at the close of each business day. Purchases and sales of investments are recorded on a settlement-date basis, which approximates investments recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options of specified registered investment companies. The underlying investments held by the registered investment companies include mutual funds. The Plan's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Updates (“ASUs”) ASU 2010-06, which amends Accounting Standard Codification (“ASC”) 820, Fair Value Measurements and Disclosures, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The adoption did not have a material impact on the Plan’s financial statements.

Accounting Standards Update (“ASU”) 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010, with early adoption permitted. The Plan adopted and retrospectively applied ASU 2010-25 as of January 1, 2010. Upon adoption, there was no material impact to the Plan.

Accounting Pronouncement to be Adopted

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan’s financial statements.

Reclassification

Participant loans previously reported as a component of investments have been reclassified to a component of receivables in order to conform to the current year presentation.

4. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2010 and 2009;
- Net investment income, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2010 as follows:

<i>Year ended December 31,</i>	2010
Dividend income from investments	\$ 1,425,063

- Investment information disclosed in Note 3; and

Hitachi Consulting 401(k) Savings Plan

Notes to Financial Statements

- Investments, as reflected in the Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2010.

The Plan's independent auditors did not perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation method described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2010 and 2009. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. There were no plan liabilities at December 31, 2010 or 2009.

6. Related Party Transactions

Certain plan investments are shares of mutual funds and money market funds managed by the Trustee, as defined by the Plan. These investments qualify as party-in-interest transactions.

7. Income Tax Status

The Internal Revenue Service determined and informed the Company, in a letter dated March 26, 2003, that the Plan is qualified and the trust established under the Plan was tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). Certain amendments have been made to the Plan since the letter was received, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the participants shall become fully vested and the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

We have evaluated subsequent events through September 26, 2011 which is the date the financial statements were available to be issued.

Effective January 1, 2011, the Plan was amended to increase company matching to 25% of eligible contributions up to 6% of the participants' base salary and Hitachi Consulting Software Services, Inc. was added to the plan as a participating employer.

Also effective January 1, 2011, the Plan was amended to grant service credit equal to the employee's prior years of service for eligibility and vesting purposes under the Plan to any individuals who were employees of Sierra Atlantic, Inc. and became an employee of the Company immediately following the acquisition of Sierra Atlantic, Inc.
