RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the Rhino Coalfield Services LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Rhino Coalfield Services LLC (the Company), as well as Rhino Trucking LLC and Rhino Reclamation Services LLC, the co-sponsors. Management of the Company controls and manages the operation and administration of the Plan. Great-West Retirement Services (GWRS), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2011, the Plan was merged into the CAM Mining LLC 401(k) Plan. As of December 31, 2010, the funds had been transferred out of this Plan, but were not placed into the CAM Mining LLC 401(k) Plan until January 3, 2011. As a result, the transfer is reflected as occurring during 2010 in the accompanying statement of changes in net assets available for benefits.

Eligibility

Employees are eligible to participate in the Plan after three consecutive months with at least one hour of service, provided they are at least 18 years of age. Eligible participants can enter the Plan on the first day of the month on or following the satisfaction of the eligibility requirements. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer profit sharing contributions.

Contributions

Each year participants may contribute up to the maximum allowable contribution as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Employer contributions are made solely at the discretion of the Company's management. Discretionary matching contributions are calculated using each participant's applicable contributions for the year. Applicable contributions are those contributions that do not exceed a set dollar amount or percentage of included compensation that is uniformly determined by the employer for all eligible participants. For the years ended December 31, 2010 and 2009, the Company made discretionary matching contributions totaling \$20,654 and \$32,451, respectively.

In addition, the Company may, on a yearly basis, make a discretionary nonelective contribution. This contribution is allocated among Plan participants who are actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year and is based proportionally on individual participant compensation (as defined) as a component of total eligible participants' compensation. There were no nonelective contributions made by the Company for 2010. For 2009, the Company made nonelective contributions of \$39,172.

1. Description of the Plan, continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Employer contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Participants become vested in the employer matching and profit sharing contributions after one year of service, defined as 1,000 hours of service during a Plan year. For employer nonelective contributions, participants become vested after three years of service, except for those participants hired prior to July 1, 2008, who became vested after one year of service. The non-vested portion of terminated participants' accounts is forfeited and reallocated in the subsequent Plan year as additional matching or nonelective contributions.

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

Participant Loans

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements, continued

1. Description of the Plan, continued

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are reallocated as additional matching or nonelective employer contributions. As of December 31, 2010 and 2009, forfeited accounts totaled \$6,878 and \$2,757, respectively. No forfeitures were reallocated to participants during 2010. Forfeitures of \$240 were reallocated to participants during the year ended December 31, 2009. Forfeited participant balances during 2010 and 2009 totaled \$3,979 and \$2,681, respectively.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative and Investment Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment expenses are included in administrative expenses. All other administrative expenses are paid by the Company.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. There is a requirement for the statement of net assets available for benefits to present investment contracts at fair value as well as an additional line item showing an adjustment of the fully benefit responsive investment contracts from fair value to contract value. Since fair value approximates contract value, no adjustment is required.

RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Participant loan transactions are treated as a transfer to (from) the investment fund from (to) the notes receivable from participants fund. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncement

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that participant loans be classified as notes receivable for GAAP purposes and measured at unpaid principal balance plus accrued but unpaid interest. Previously these participant loans were classified as plan investments, and were subject to the fair value measurement and disclosure requirements of FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*. This new standard eliminated the need to calculate fair values and present disclosures for these loans in accordance with FASB ASC 820. The amendments were effective for plan years ending after December 15, 2010 and have been applied retrospectively to the prior period presented.

Reclassifications

Certain 2009 amounts have been reclassified to conform with 2010 presentation with no effect on net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through October 12, 2011, the date that the financial statements were available to be issued. Except as disclosed in Note 1, there were no other events occurring during the evaluation period that require recognition or disclosure in the financial statements.

3. Investments

Information Prepared and Certified to by Custodian

The information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements, continued

3. Investments, continued

Information Prepared and Certified to by Custodian, continued

There were no Plan investments representing 5% or more of the Plan's net assets available for benefits as of December 31, 2010. The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009, are as follows:

Guaranteed Portfolio Fund	\$	55,333
Oppenheimer Global A, 2,037 shares		24,510
Columbia Mid Cap Value R, 2,894 shares		22,484
Maxim S & P 500 Index, 1,646 shares		17,899
American Funds EuroPacific Growth R3, 867 shares		16,239

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$28,750 and \$41,954 during 2010 and 2009, respectively. The appreciation is entirely related to the mutual funds held by the Plan.

4. Investment Contract with Insurance Company

The Plan has a benefit responsive investment contract with GWLA. GWLA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by GWLA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was 3.00% as of December 31, 2009. The rate is reviewed on a quarterly basis for resetting. The average yield for the year ended December 31, 2009 was 3.16%.

5. Fair Value Measurements

The Plan has determined the fair value of investments through the application of GAAP related to fair value measurements and disclosures. Investments valued using Level 1 inputs are based on unadjusted quoted prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar investments in active or inactive markets. Investments valued using Level 3 inputs are valued based on management's assumptions about the assumptions market participants would utilize in pricing the investments.

RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

Fair value measurements are as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2009				
Guaranteed investment contract	\$ 55,333	\$ -	\$ 55,333	\$ -
Mutual funds	<u>154,533</u>	<u>154,533</u>	<u>-</u>	<u>-</u>
Total investments	<u>\$ 209,866</u>	<u>\$ 154,533</u>	<u>\$ 55,333</u>	<u>\$ -</u>

Following is a description of the valuation methodologies used for investments measured at fair value. There were no changes in the methodologies used to measure fair value during 2010.

Guaranteed investment contract: Contract value approximates fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Tax Status

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2007.

RHINO COALFIELD SERVICES LLC 401(K) PLAN

Notes to the Financial Statements, continued

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

During 2009, events occurred causing the Plan to experience a partial plan termination. The affected participants became 100% vested in all contributions in their participant account.

8. Exempt Party-in-Interest Transactions

The Plan has a benefit responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$2,824 and \$3,544 paid during 2010 and 2009, respectively, are comprised of fees paid by the Plan to GWLA for investment management services and withdrawal charges.

9. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 is as follows:

Net assets available for benefits per financial statements	\$	267,382
Less contributions receivable		<u>(41,525)</u>
Net assets available for benefits per Form 5500	\$	<u>225,857</u>

A reconciliation of the net (decrease) increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the years ended December 31, 2010 and 2009 is as follows:

	<u>2010</u>	<u>2009</u>

10. Prohibited Transactions

During the year ended December 31, 2010, employee withholdings and loan repayments in the amount of \$958 were not remitted by the Company within the ERISA-required time period. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrences and has taken the appropriate steps to correct the situation by implementing procedures to ensure all future remittances are completed within the prescribed time period.
