Notes to Financial Statements

December 31, 2010 and 2009

(1) Plan Description

The following description of the Landmark Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the summary plan description or plan document for a more detailed description of the Plan's provisions.

(a) General

The Plan is a 401(k) savings plan covering employees of Landmark Media Enterprises, LLC (LME) and its affiliates, as defined (the Plan Sponsor or the Company). The Company was formed on September 12, 2008 upon the disposition of Landmark Communications, Inc. (LCI) in conjunction with the sale of The Weather Channel companies (TWCC). Prior to the disposition of LCI, LCI was the Plan Sponsor. The Plan is administered by a committee of employees of the Company who were appointed by the board of directors of the Company.

The Plan was adopted and became effective July 1, 1985. It was then amended and restated January 1, 2002, January 1, 2005, January 1, 2007, September 12, 2008, December 31, 2008, and again January 1, 2010. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of January 1, 2008, the Plan Sponsor operates the Plan under the Pension Protection Act (PPA) safe harbor features.

(b) Eligibility

The Plan allows employees who are scheduled to work 30 hours or more per week and have attained the age of 21 to participate after completing 30 days of employment. In addition, part-time employees who complete 1,000 hours of service during any calendar year and have attained age 21 are eligible to join the Plan 30 days after they have met this 1,000-hour requirement.

(c) Trustee

The trustee of the Plan is Vanguard Fiduciary Trust Company (VFTC or the Plan trustee), which holds the plan assets and manages the assets under a participant-directed investment arrangement.

(d) Contributions

As of January 1, 2008, employees may elect to contribute from 0.50% to 50.00% (or from 0.50% to 15.00% if a highly compensated employee) of their annual compensation on a pretax basis, subject to current Internal Revenue Service (IRS) limitations of \$16,500 in 2010 and 2009. The Plan Sponsor makes a matching contribution to participant accounts equal to 100% of the amount of payroll deferral contributions up to 1% of compensation, plus 50% of payroll deferral contributions on the next 5% of compensation.

Newly eligible employees are automatically enrolled in the Plan and are defaulted to contribute 3% of their eligible compensation, unless the participant specifically elects not to participate. In absence of a participant election, contributions are invested in the Vanguard LifeStrategy Moderate Growth Fund but can be moved by the participant at any time.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

Each year after the first year of participation, a participant's deferral rate is increased by 1% until the Plan's 6% automatic savings limit is reached. This automatic savings rate increase generally occurs on the first payroll date of each year.

In addition to regular contributions, participants who are at least age 50 or will attain age 50 during the year and are contributing the maximum allowable under the Plan are eligible to make contributions over and above the limits, stated above. For 2010 and 2009, participants could contribute up to an extra \$5,500. The Company does not provide matching contributions on catch-up contributions.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocations are based on the participant's elective deferrals or the ratio of the participant's account balance to the plan total, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Investment Options

A participant may direct contributions in increments of 1% to any of nine mutual fund investment options. Participants may change their investment options at any time.

(g) Vesting

Participants are immediately vested in all employee and voluntary contributions plus actual earnings thereon. Historically, participants are vested in Company contributions and earnings thereon after completing two years of vesting service. Effective with the September 12, 2008 and December 31, 2008 amendments to the Plan, employees of the Company and its affiliates who were hired before December 31, 2008 are fully vested in the employer contribution portion of their account. Employees who are hired after December 31, 2008 must complete two or more years of service for vesting purposes. A year of service is defined as any year in which a participant worked 1,000 hours. Participant balances also become fully vested in the event of death, disability, or the attainment of age 65, regardless of the number of years of plan participation.

(h) Forfeitures

Forfeitures represent the unvested portion of terminated employees' matching contributions to the Plan. At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$28,201 and \$128,845, respectively. These forfeitures are used to reduce future employer contributions. During 2010 and 2009, forfeitures were used to reduce employer contributions in the amount of \$201,144 and \$314,035, respectively.

(i) Payment of Benefits

Upon death, disability, retirement, or attainment of age 59½, participants or their beneficiaries are entitled to withdraw all or a portion of the vested balance in their account. A participant who discontinues service with the Company for any other reason may elect to receive a single, lump-sum

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

benefit payment equal to the vested portion of his/her account or postpone receipt of benefits until the normal retirement age of 65. If such postponement of benefits is elected, the participant's account balance will be invested in those funds as designated by the participant. In the absence of the participant's election, any lump-sum distribution in excess of \$1,000 must be made as an automatic rollover to an Individual Retirement Account initially invested in the Vanguard Prime Money Market Fund. The Plan also permits withdrawals in the event of financial hardship, subject to certain limitations. Participants can also withdraw for burial or funeral expenses of the participant's deceased parent, spouse, children, or dependents, and expenses for the repair of damage to the participant's principal residence that would qualify for a casualty deduction under Section 165 of the Internal Revenue Code (IRC).

(j) Notes from Participants

Participants may borrow the lesser of \$50,000, reduced by the participant's highest outstanding note balance during the preceding 12 months, or 50.00% of the participant's vested account balance, in amounts greater than \$1,000. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing commercial rates as determined by the plan administrator (rates ranged from 5.75% – 10.00% at December 31, 2010 and from 5.75% – 10.50% at December 31, 2009). All loans must be fully repaid within 5 years from the date the note is made, except notes used to purchase a primary residence, which must be fully repaid prior to the earlier of the participant's normal retirement date or a period of years, not to exceed 25 years, from the date of the note.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting and present the assets available for benefits and the changes in those assets.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Such estimates include those regarding fair value. Actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in mutual funds are valued for financial statement purposes at fair value based upon their quoted market price on the last trading day of the plan year. Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on plan investments is recorded when earned.

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

The Plan presents in the statements of changes in assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments. Realized gains and losses from security transactions are reported on the average-cost method.

(d) Notes Receivable from Participants

In September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010 – 25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962), Reporting Loans to Participants by Defined Contribution Pension Plans, a consensus of the FASB Emerging Issues Task Force* (Update). This Update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The amendments in the Update are to be applied retrospectively to all prior periods presented, effective for fiscal years ending after December 15, 2010. The Plan has reclassified participant loans to notes receivable from participants for financial statement presentation. The Form 5500 will continue to present notes receivable from participants as an investment.

(e) Contributions

Contributions are recorded on the accrual basis.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Administrative Expenses

Certain administrative expenses relating to participant loans and trustee fees are paid by the Plan. All other administrative expenses of the Plan are paid by the Plan Sponsor.

(h) Risks and Uncertainties

The Plan's investments, as described above, are exposed to various risks such as interest rate, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

(3) Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value, which provides a fair value hierarchy that

**LANDMARK
RETIREMENT PLUS PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

Mutual funds – Valued at fair value based upon quoted market prices.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(6) Income Tax Status

The Plan received a favorable determination letter dated December 5, 2002, whereby the IRS stated that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has since been restated and amended; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(7) Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Vanguard Funds, an affiliate of VFTC, and therefore, transactions involving these investments qualify as party-in-interest transactions. Transactions involving participant loans also qualify as exempt party-in-interest transactions. Fees paid to Vanguard during 2010 and 2009 were \$57,996 and \$49,818, respectively, as compensation for its duties as trustee and for other services, including administrative expenses for transaction fees associated with notes to participants.

(8) Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the account balances of participants will become immediately vested and in no event will any amounts revert to the Company.

(9) Plan Transfers

Effective January 1, 2010, the board of directors approved the transfer of a group of LME employees to LME's wholly owned subsidiary, Dominion Enterprises. As a result, these employees became participants in the Dominion Enterprises 401(k) Employee Savings Plan (Dominion Plan). These employees were immediately vested in the Dominion Plan and allowed to rollover their assets from the Plan to the Dominion Plan on the effective date of the transfer. The amount of the assets transferred out of the Plan was \$5,508,522.

(10) Rollovers

During the year, the Company completed the settlement of the Landmark Pension Plan (Pension Plan). In conjunction with the settlement, employees were given the option to elect to rollover the lump sum equivalent of their accrued benefit to the Plan, in full settlement of their benefits. Assets totaling \$15,422,145 were rolled in from the Pension Plan during 2010. At December 31, 2010 and 2009, rollovers totaled \$16,091,294 and \$227,899, respectively.

(11) Subsequent Events

The Company has evaluated subsequent events through October 14, 2011, the date the financial statements were issued, and determined that no significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.
