INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants
DAATA 401(k) Plan
Vienna, Virginia

We were engaged to audit the financial statements of DAATA 401(k) Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010 and supplemental information as of and for the year ended December 31, 2010 as listed in the accompanying table of contents. These financial statements and supplemental information are the responsibility of the Plan's management. The financial statements of DAATA 401(k) Plan as of and for the year ended December 31, 2009 were audited by other auditors whose report dated October 13, 2010, expressed an unqualified opinion on those statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Retirement Plan Services, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental information. We have been informed by the plan administrator that John Hancock Retirement Plan Services held the Plan's investment assets and executed investment transactions from September 28, 2010 to December 31, 2010, and that Hartford Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2009 and for the period January 1, 2010 to September 27, 2010. The plan administrator has obtained a certification from John Hancock Retirement Plan Services as of December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental information taken as a whole. The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the DAATA 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering substantially all employees of DAATA Holdings, LLC; Lasership, Inc.; Laser Courier, Inc.; Laser Courier of Maryland; Mahmoud, Inc.; Laser, Inc.; and DAATA Management, Inc. (the Companies) who have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2010, Lex, Inc. ceased to be a participating employer in the Plan and is no longer a member of the controlled group of employers. Therefore, employees of Lex, Inc. are no longer eligible to participate in the Plan. A rollover distribution was made on behalf of the participants employed by Lex, Inc. to a new plan sponsored by Lex, Inc. during the year ended December 31, 2010 totaling approximately $838,000.

Contributions

Participants may contribute between 2% and 75% of their pretax annual compensation and up to 100% of bonus compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct their contributions and the Companies' contributions to selected investments as made available and determined by the plan administrator. The Companies may make matching contributions equal to a discretionary percentage of a participant's deferral. Effective January 1, 2010, the employer matching contribution was reinstated by the Companies. The Companies match 25% of the first 5% of base compensation that a participant contributes. Total employer matching contributions for the years ended December 31, 2010 and 2009, were $45,309 and $2,479. The Plan has a one-year service requirement for matching contributions. Contributions are subject to certain limitations.

Note 1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings or minus losses thereon. Vesting in the Company contribution portion of their accounts is based on years on continuous service. A participant begins vesting at 20% per year after two years of credited service and is 100% vested after six years of credited service. Upon death or total and permanent disability, a participant becomes 100% vested.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period determined by the participant's life expectancy, or partial withdrawals provided the minimum is $1,000. If the total value of a participant's vested account balance is $1,000 or less, the Plan Administrator may require a distribution of the entire account balance in a lump sum. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Potential. Performance. Profit.

Note 1. Description of Plan (continued)

Forfeited Accounts

Forfeited nonvested accounts totaled $13,705 and $4,449 at December 31, 2010 and 2009, respectively. These accounts can be used to pay administrative expenses or reduce employer contributions. Any remaining forfeitures are allocated to participants as an additional discretionary employee contribution. During the year ended December 31, 2010, no forfeitures were used to reduce administrative expenses or offset employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

LANIGAN RYAN MALCOLM & DOYLE PC
Potential. Performance. Profit.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participant deferrals and employer matching contributions are recognized on the pay date to which they apply.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or Plan Sponsor as provided by the Plan document.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2011, the date the financial statements were available to be issued.

Note 3. Investments

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

LANIGAN RYAN MALCOLM & DOYLE PC
Potential. Performance. Profit.

Note 4. Fair Value Measurements (continued)

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	December 31, 2010
Investment	$ 3,117,077

Note 6. Investment Contract with Insurance Company

The Plan maintains a stable value investment contract with John Hancock Life Insurance Company (John Hancock). John Hancock maintains the contributions invested in the Guaranteed Interest Account in a general fund account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Note 6. Investment Contract with Insurance Company (continued)

As described in Note 2, because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event, which would limit the plan's ability to transact at contract value with participants, is probable.

The average annual yield and crediting interest rates on the stable value investment contract is not calculated by John Hancock. The crediting interest rate is based on a formula agreed to with John Hancock but cannot be less than zero percent.

John Hancock Stable Value Fund:

	December 31, 2010
Investment at fair value	$ 12,999
Adjustment to contract value	(2,317)
Investment at contract value	$ 10,682

Note 7. Party in Interest Transactions

Certain plan investments are managed by John Hancock Retirement Plan Services, the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid for the investment management service.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 9. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Dixon, Hughes, Goodman, LLP. The prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The Plan has been amended since the date of this determination letter. The plan administrator believes that the Plan is designed and operates in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31, 2010	December 31, 2009
Net assets available for benefits per the financial statements	$ 3,114,760	$ 3,609,403
Benefit responsive adjustment	2,317	-
Net assets available for benefits per the Form 5500	$ 3,117,077	$ 3,609,403

The following is a reconciliation of the net increase on the financial statements and Schedule H, part II of the Form 5500:

	Year Ended December 31, 2010
Net decrease per the financial statements	$ (494,643)
Benefit responsive adjustment	2,317
Net loss per the Form 5500	$ (492,326)

Note 11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
