INDEPENDENT AUDITORS' REPORT

To the Advisory Committee of
California Box Company 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of net assets available for benefits of California Box Company 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the California Box Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan began January 1, 2005. The Plan is a defined contribution plan covering all full-time employees of California Box Company and its affiliates, California Box Company II, CB Sheets, Tucson Container and West Texas Container (the "Company"), who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may make matching contributions equal to a discretionary percentage to be determined by the employer of the first 6% base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited services.

1. DESCRIPTION OF THE PLAN (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. The prime rate at December 31, 2010 is 3.25% and interest charged on the outstanding loans ranges from 4.25% to 8.75%. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are entitled to the entire account balance. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Benefits to which a participant is entitled under the Plan will be distributed in a lump sum, either as a cash payment or as a rollover to another retirement plan or in certain cases the participant can continue in the Plan with no further contributions made on their behalf.

Forfeited Accounts

Forfeited accounts are used to reduce future employer contributions. Forfeited non-vested accounts at December 31, 2010 and 2009 are $3,577 and $3,511, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Loss Recognition

The Plan's assets are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by current accounting standards, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which approximates contract value.

Adoption of New Accounting Pronouncement

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-25, "Plan Accounting – Defined Contribution Pension Plans" ("ASU 2010-25"), which requires disclosure and measurement changes related to participant loans. For reporting purposes, participant loans shall be classified as notes receivable from participants and are no longer subject to fair value measurement disclosure requirements. In addition, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the amendments in ASU 2010-25 effective January 1, 2010, and have retroactively applied the amendments throughout the Plan's financial statements.

Payment of Benefits to Participants

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

Management has evaluated subsequent events through October 13, 2011, which is the date the financial statements were available for issuance, and noted no events which require adjustments to, or disclosure in the financial statements.

Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

3. INVESTMENTS – INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As of December 31, 2010 and 2009, and for the year ended December 31, 2010, Transamerica Life Insurance Company ("Transamerica"), held the Plan's investment assets and executed investment transactions.

Accordingly, as permitted under such election, the following information as of December 31, 2010 and 2009 and for the year ended December 31, 2010 was certified as complete and accurate by Transamerica and was not subjected to any auditing procedures performed by the independent public accountants:

a) Total investments shown in the accompanying statements of net assets available for benefits of $1,026,051 and $789,281 as of December 31, 2010 and 2009, respectively.

b) Net appreciation in fair value of investments and interest income of $101,843 as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2010.

c) All investment-related information in the accompanying supplemental schedule H, Line 4i – Schedule of Assets (Held at year end), as of December 31, 2010.

3. INVESTMENTS – INFORMATION CERTIFIED BY CUSTODIAN (continued)

The following individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009 are as follows:

	2010	2009
Transamerica Stable Value Fund *	$ 222,456	$ 196,946
Transamerica Loomis Sayles Bond	$ 55,539	$ 42,941
Vanguard Target Ret 2035	$ 122,756	$ 76,465
Vanguard Target Ret 2015	$ 74,950	$ 60,088
Vanguard Target Ret 2025	$ 166,514	$ 120,156

*Transamerica certified that the contract value approximates fair value.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures("ASC 820")*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1—Inputs to the valuation methodology are based on unadjusted quoted market prices for identical assets or liabilities in an active market that the fund has the ability to access.

- Level 2—Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (continued)

- Level 3—Inputs to the valuation methodology are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds

Valued at the net asset value (NAV) of shares held by the Plan at year end as listed on various trading exchanges.

Stable Value Fund

Fair value is the amount the Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan. This fair value represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses and is classified as Level 2 investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

	Fair Value Measurements at December 31, 2010

Total	$ 549,394	$ 239,887	$ –	$ 789,281

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2010 and 2009, the Plan's investment options included Stable Value Fund contracts with Transamerica which were determined to be fully-benefit responsive. Based on this determination, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is applied to the Plan.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value approximates contract value. The average yield and crediting interest rate was approximately 2.73% and 3.16% for the year ended December 31, 2010 and 2009, respectively, based on a formula agreed upon with Transamerica. Under the terms of the contract, the crediting rate is reset on a monthly basis.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid $8,570 to Transamerica for investment management services in 2010 and the Plan sponsor (California Box Company) pays most of the other administrative costs.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. INCOME TAX STATUS

The prototype and volume submitter documents offered through Transamerica are in compliance with all current legislation and have received a favorable Internal Revenue Service ("IRS") opinion. The Company utilizes an IRS approved prototype for the Plan. Although the Plan has been amended, it did not alter the provisions offered in that IRS approved document. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain position taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

9. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
